91.5 FM Cicero, Indiana

3rd Quarter 2018

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self-help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why it's important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county

Biblical Insights

Biblical Insights is a live call in show, simulcast on Calvary Radio broadcast network wide. Various local pastors host the show to answer theological, spiritual and social questions from callers throughout the country with the goal of educating people on God's word and challenging them to grow in a deeper relationship with Christ through studying his word and seeking His wisdom for their lives.

Saturday Morning Kid's Show

Two hours of story time for children is provided to teach about spiritual and social things children can understand. This is used as an alternative to Saturday morning television, with little or no educational value, aimed at children.

Programming starts at 7am CST on Saturdays and shows include: Praise club workshop, Paws & Tales, Bible News Network, Praise Club Workshop and Adventures in Odyssey which cover issues related to children like the benefit of sharing, loving one another and loving God.

Battleground

Battleground is a live, 25 minute show dedicated to reaching out to the community through a short devotional message and a time of intercessory prayer. The devotional time is dedicated to encouraging and strengthening believers through the word of God. It then moves to a time of prayer for needs and concerns called in by listeners throughout the area. Its focus is to address the needs of people in the community in the best way we know how. Through intercessory prayer

It is our desire to lift up prayer requests from people of all races and religions in an effort to those who don't have Jesus Christ as their personal savior.

Prayer requests are received any time day or night through people e-mailing us at battleground@calvaryradionetwork.com or by calling the station toll free at 866-303-9457 and dialing the special battleground extension number 203. The Following Programs for this Quarter Include

Side A: 07/01/2018

The 4th Changed the Course

 1578

To destroy a culture, destroy their history. [Peter Marshall](#), author of [The Light and Glory](#) -vividly describes the horrendous starving army at Valley Forge, barefoot in the snow, and the courage Washington infused into them to fight on against impossible odds. God miraculously protected our Continental army with a heavy fog that hid them from slaughter from the British. [Tom Dooley](#), author of [One Nation Under God-America's Lost Dream](#), describes the cost of freedom in the sacrifices our forefathers paid with their lives. What do the words of our national anthem, *The Star Spangled Banner*, really mean?

Side B: 7/8/2018

Saving a Lost Generation with Ken Ham

 1579

It's in the minds of children that the battle of the ages is being fought. Contrary to what most Christian leaders believe, we are not losing young people *in college*, but most are already gone by middle and high school. [Ken Ham](#), author of [Already Gone - Why Your Kids are Quitting Church and What You Can Do to Stop it](#), says most Christians believe what's taught in public schools is scientific, but the Bible is simply stories, fables and myths. When students aren't taught the truth of God's word as real history and real science, evolution is believed, and they leave the faith. Public schools teach the religion of atheism.

Side A: 7/15/2018

Jesus and the Crimson Worm p 1

 1580

On the Cross, Jesus began the first line in Psalms 22, "My God, my God, why have you forsaken me?" And in 22:6 says, "I am a worm and not a man." Would Jesus refer to himself as a worm? The *tolath* or crimson worm is a symbol of Christ, because the mother worm dies on a tree, sacrifices her life for her babies, then exudes a bright red fluid, like the blood of Christ, that covers her babies just as the blood of Christ covers us. [Dr Jobe Martin](#), President of [Biblical Discipleship Ministries](#) and author of [The Evolution of a Creationist](#), was an evolutionist who became one of the best advocates for Creationism

Side B: 7/22/2018

Jesus and the Crimson Worm p 2

 1581

Famed evolutionist Richard Dawkins tells students there's no purpose to life, that we were evolved millions of years ago from monkeys. [Dr Jobe Martin](#), author of [The Evolution of a Creationist](#), gives examples disproving evolution, such as the bombardier beetle that shoots fire made from chemicals produced in its body to ward off predators. To function, all the right chemicals had to be created *at the same time*, not gradually bit by bit. For the giraffe to be able to bend its long head down,

it needs a special blood vessel system created fully formed not bit by bit. Creatures that defy evolution prove a Creator!

The Way of Wisdom p 1

 1582

What is the PURPOSE of educating a child? Just to learn academics? Don't ask what kind of education is best, ask what kind of person do you want them to become? [Bob Gannage](#) says schools omit God in creation and American history. He sold encyclopedias so he could educate his kids himself. [RC Sproul, Jr](#), a home school expert, says home schooling *is a joy* that produces children who relate well with people of all ages. [Ed Gandy](#) built a \$4 million school and hired teachers from his church to give his church kids a Christian education. [Brian Schwertley](#) gives the Biblical instructions for education

Side B: 8/5/2018

The Way of Wisdom p 2

 1583

How can you develop a genuine love for learning in your child? [Carole Seid](#), an educational consultant said, "The single most effective tool in shaping a child's character is great literature." *The right book at the right time can change a child's destiny*. How can parents build genius in their children? [Dr Raymond Moore](#), the grandfather of homeschooling, says statistical research of geniuses throughout the ages shows there are three common elements to producing genius. Jesus said, "The greatest commandment is to love the Lord with all your ... MIND." A secular education *can't do that* but home schooling can.

Side A: 8/12/2018

Worldviews Determine Destinies pt 1

 1584

[Issues in Education](#) was founded by [Dr Robert Simonds](#), who had a *vision from God*, to rescue the 90% of Christian children who are losing their faith and morals in public schools. [Ray Moore](#), the Director of [Exodus Mandate](#), compares how the Allied troops were rescued from the beaches in Normandy to survive and fight another day, to rescuing the Christian children from a public school slaughter of their faith! 94% of home schooled children continue in the Christian faith compared to 80-90% of those who go to public school that leave the faith. Parents need to hear this before school starts.

Side B: 8/19/2018

Worldviews Determine Destinies pt 2

 1585

Beliefs determine destinies for individuals and nations. [George Barna](#), of [Barna Research](#), and author of [Transforming Children into Spiritual Champions](#), says we're losing the spiritual/culture war, because children are not getting a Biblical education. By age 13 a child has formed most of his core beliefs. With only 3% having a Biblical worldview, our nation is becoming apostate. [Dan Smithwick](#), Founder of the [Nehemiah Inst.](#), says we are rapidly becoming a socialist pagan nation that won't have the freedoms and prosperity of a Christian nation. The ramifications are shocking. A worldview is a whole world and life view.

Side A: 8/26/2018

Communist Agenda in America p 1

 1586

A majority (51%) of young Americans reject capitalism in favor of socialism. Most Americans think communism can't happen here. Cubans thought that too. [Curtis Bowers](#), producer of the film [Agenda 2 -Masters of Deceit](#), infiltrated a Communist meeting and found their specific plans to dismantle our free market system to make it socialist/ communist through the media and education. The name "*communist*" has been replaced with *liberal, leftist, or progressive*, but their agenda remains the same. Since freedom and morality go together, the goal is immorality with instability that leads to a communist revolution.

Side B: 9/2/2018

Communist Agenda in America p 2

 1587

Karl Marx, father of communism, said, "The goal of communism is to de-throne God and *destroy capitalism*." Socialism creates the situation for a Stalin or Hitler to come to power. Socialists aren't communists but useful idiots the communists use to get power. **Curtis Bowers**, producer of [Agenda 2 - Masters of Deceit](#), said, "Our enemies understand that morality is our greatest strength, that immorality creates corruption and government power until the people demand socialism. Socialists have used our educational system to eliminate absolute values to destroy morality, one of the foundational pillars of our strength

Side A: 9/9/2018 Trusting God on 9/11

1588

How would you overcome extreme fear and panic and remain calm if you were in the World Trade Center's towering inferno on 9/11 and you were completely *blind*? Listen to a total triumph of trust in this horrific catastrophe as a blind man, **Michael Hingston**, describes his miraculous survival in the face of imminent death. **Michael Hingston**, the national ambassador for the *Braille Literacy Campaign*, is the author of [Thunder Dog](#). Although Roselle, Mike's guide dog, was intensely focused on guiding him to safety, she remained calm and even gave a firefighter a kiss on his final trip up the stairs.

Side B:
9/16/2018

Socialism vs Capitalism

9

Is America becoming a socialist state? **Michele Bachmann** says the Democrat party has dramatically changed to become a socialist, borderless, lawless advocate that leads to communism. Author, filmmaker ([Death of a Nation](#)), **Dinesh D'Souza**, exposes the hypocrisy of a liberal student who advocates for redistribution (socialism) but is unwilling to give up his position at *Emory University* to others less fortunate. **Hank Giesecke** says capitalism empowers the people, but socialism empowers the state, eliminates freedom, diminishes innovation and prosperity, and determines who lives and who dies.

Side A: 9/23/2018 God and Country p 1

1590

Christ commanded His followers to be salt and light. But when half the Christians don't vote, how are they salt and light? Pastor, author and former US Senate candidate, **Bishop EW Jackson**, says, "Socialism is atheistic, eliminates freedom, and has brought massive starvation, oppression and death to millions of people. But God is not finished with America and wants to bring victory and revival if God's people do their part. Do we want socialism or faith, freedom, limited government and respect for the Constitution?" He gives a *most powerful, passionate oration* using the Bible to motivate followers of Christ!

Side B: 9/30/2018 God and Country p 2

Pastor Rick Scarborough, President of *Vision America*, and author of [Enough is Enough](#), was so shocked at the graphic AIDS assembly at his local high school, he motivated his congregation to take back the schools and local government by electing Christians. Now he's taking his campaign national to awaken the Church. Charles Finney said, "God will bless or curse this nation according to the course Christians take in politics." All of our freedoms, including religious freedom, morality, and the right to life, have become *political issues*. Politics can be a tool in God's Hands to keep our freedom to

preach the gospel.

Issue/s Addressed: Second Harvest Foodbank of Wisconsin

Summer is one of the most challenging times of year when it comes to feeding hungry people, says Dan Stein, President of Second Harvest Food of Southern Wisconsin in Madison, which is one of the largest foodbanks in the state. Second Harvest Foodbank serves 141-thousand Wisconsinites who struggle with hunger and food insecurity; 43% of them being children. The Field to Foodbank program, facilitated through Second Harvest Foodbank of Wisconsin is a way farmers can directly get involved in giving, rather than plowing under, vital food resources to those in Midwestern communities.

Guest: Linda Brooks Date: 07/21, 07/22/2018

Issue/s Addressed:Children & Youth -Safe Families for Children

When families experience crisis, there are often family members or friends who are able to exist when extra support is needed... yet for many parents, that isn't the case. Some families who suffer from difficult situations of various kinds lack the support they need, leaving children vulnerable to abuse or neglect, from the stressful conditions the family members encounter.

Sadly, many children are taken into custody by the state where support from compassionate caregivers could have kept these families together. When families are broken up, it can damage not only the family members who suffer through it, but entire communities that encounter these wounded souls on a day-to-day basis.

Linda Brooks, Porter County Safe Families for Children representative, serving through the Baptist Children's Home and Family Ministries which is located in Valparaiso, Indiana joins us to share how this national movement of compassion for struggling families can be aided by the hands and feet of JESUS Christ. To learn about Safe Families for Children Nationally, call or write to 4300 West Irving Park Rd., Chicago, Illinois 60641 773-653-2200 or go to the website www.safe-families.org.

Guest: Kim Sandlan Date: 09/08, 09/09/2018

Issue/s Addressed:Spiritual Growth & Public Education -Love, Inc. Part I and Part II

Kim Sandlan Executive Director of Love In The Name Of Christ Kalamazoo, expounds on how this National organization comes alongside the Church to unite the existing gap of benevolent resources and talents currently operating independently in order to equip the needy with the skills, education, and Biblical training so that they not only meet the needs of the benevolent, but prepare them to not become dependent upon others on a long-term basis to provide for their needs. Love, Inc. believes one church alone cannot deal with all the complex issues of poverty, but that it takes churches working together, across denominational lines, to meet these multifaceted needs. Furthermore, Love, Inc can do what the others can't, by educating the needs to become independent of agencies, charities and government programs that often provide a safety net, but lack the ability to create transformation in lives like Love In the Name Of Christ can. For more information about Love In the Name of Christ, go online to www.loveinc.org or kzooloveinc.org for the Kalamazoo location.

Guest: Becky Payne Date: 09/15, 09/16/2018

While many parents of children with neurological disorders and brain injuries do their best to creatively overcome these challenges, many times learning the skills needed to thrive can be a very difficult journey; a transformation of sorts which must include the entire family for the training to take root in an impactful way. While there are many beneficial treatment programs, finding the best for families is an important first step to acquiring the skills needed for healing to last a lifetime.
