Quarterly Issues and Programs Report
(4th Quarter Report, October 1, 2023 – December 31, 2023)

WEPN-AM ascertains the needs, interests and concerns of its community in several ways. First, members of WEPN-AM management, public affairs and programming staff regularly seek out and talk with community leaders and solicit their input on important issues facing the community. Second, management, program talent, and program producers receive constant feedback from listeners by phone, letter and email. Third, the WEPN-AM sales staff interacts daily with the business community. Finally, station management and personnel attend community meetings, hearings and debates, listen to and watch other local cable and broadcast outlets, and read local magazines and newspapers to help inform themselves about issues facing the community. All of these methods of outreach, education and feedback affect the list of community needs and issues to which the station decides to devote particular attention in its programming during a particular quarter.

Issues of importance to the local community are addressed through a variety of programs. WEPN-AM is a talk station, with a special focus on sports. Regular sports programs often include repeated and/or extensive discussions by and among show hosts, guests and callers of issues of special interest to athletes and sports fans, such as domestic abuse, or traumatic brain injuries.

The station also airs a 30 minute weekly public affairs show, "Beyond Sports," every Sunday morning. "Beyond Sports," which is broadcast each week from 5:00 to 5:30 AM, is hosted by WEPN-AM Public Affairs Manager, Hannah Stanley. This program often features guests from the local community and from public interest organizations talking about issues of importance to the community. Each week's show focuses on a different issue and features different guests.

To supplement this long-form programming and to further educate listeners about issues of concern to its local community, WEPN-AM airs a wide variety of public service announcements. All of these public service announcements were either :15, :30, or :60 seconds long and aired at various times of the broadcast schedule.

Finally, WEPN-AM periodically airs local news briefs, and weather reports.
