

Public File

EAS filing 01-01-24 through 03-31-24

Please review our electronic file and hard copy station log for notations of our station tests and compliance.

The logs are available during regular business hours via computer or site visit. Our written logs and notes are available, as always, upon request.

Mr. Thomas Sinon, is functioning well in the role of DCO. The change was necessary due to the health issues of the former DCO, Georgia Graber. She has taken on the role of ADCO as of April 1,2024.

Our EAS operating system is up to date this quarter. And Mr. Sinon has discussed with Mr. Jim Gorman the upcoming EAS goals and on Feb. 28, 2024 we received the latest Gorman-Redlich updates including the RWT going to automatic and all our EAS certificates posted to our EAS system.

We are assured by Mr. Gorman that we are current and compliant for our system at the this time.

April 07, 2024
