Underwriting agreements

10-01-22 to 12-31-22

We anticipate another Fire Pit payment in 2023 as we complete our 2022 billings.

Our Underwriting manager volunteer is reaching out to seek other agreements and donors. As a volunteer he must pursue these activities on his time off from his regular employment. He has also used time during the pandemic to examine several software programs used by other not-for-profits for fundraising purposes.

The program is new to WGEN-FM and as apply it and adapt it to our needs we have every belief it will become a useful tool for our management.

The Pandemic had suspended much of our activity and prompted a shift to email campaigns seeking donations or sponsorships and we have pivoted to treat that situation with renewed enthusiasm with brief intermissions from in person contact per the guidance of the published Covid-19 guidance during the various waves.

Two checks totaling \$750.00 were collected from The Firepit (Peotone, IL) totaling Which were deposited this quarter (Quarter 4).

Like many small endeavors, the pandemic and inflationary issues continue to be problematic.
