Letters/Email from Public

10-01-23 to 12-31-23

WGEN-FM has received little USPS mail this quarter.

Requests for information about where to send sound files and CDs for potential air play and file type requirements for such music usually arrive via Facebook or messenger/messages/DM. We had a couple of phone inquiries and responded with the requested information.

WGEN-FM invites (via Facebook and on air) local and/or new bands and musicians to send their music (via sound files, CD, etc.) to our PO Box in Crete, IL for possible play. We have received good response. The music is predominantly original, new music from local, emerging or other artists-- including artists from within and near the primary listening area. That effort continues.

The music is screened for "air friendliness" without judgement as to genre or style. When it is played on This Morning with Georgia Lee, the host mentions artist and contact information (usually as a website, as provided). The station receives no remuneration for this.

Several messages of encouragement, comment or general questions were sent via the Facebook pages. The Facebook questions were answered as received via one of the Facebook pages. Comments were addressed and all were acknowledged. The questions and comments were of generic nature or related to various posts on the Facebook pages for the station.

We typically receive inquiries about our intention to continue to accept music for air play. We respond that it should be air friendly and provide our PO Box, email address and website contact information.
