

Public File - Donors

List of Donors

04-01-23 to 06-30-23

Due to the economic forces beyond our control and a slow recovery post Pandemic, our donations have been infrequent due to opening schedules of businesses and the conditions in which they are recovering from the pandemic, employment challenges and inflationary influences.

We are having a new website created to make online donation easier and it shall include many additional features and improvements for our listening community. When it is completely functional it will facilitate donations in several ways. We are in final approval stages for the site and hope to be fully using it by the third quarter.

We received a \$4000.00 donation from Thomas Sinon and an additional donations from Mr. Sinon of \$685.92 to Xfinity (for the quarter), \$710.02 to Windstream (for the quarter), and an additional \$765.20 for transmitter repair which was paid by Mr. Sinon directly to Crown Broadcasting, International Radio and Electric Corp., Elkhart, IN in May, 2023.
