54 Broadcasting, Inc.  
Licensee, KNVA(TV)  
P.O. Box 684647  
Austin, TX 78768-4647

Dear Licensee:

This refers to your license renewal application for station KNVA(TV), Austin, Texas (BRCT-980330KK).

In the Children's Television Act of 1990, Pub. L. No. 101-437, 104 Stat. 996-1000, *codified at* 47 U.S.C. Sections 303a, 303b and 394, Congress directed the Commission to adopt rules, *inter alia*, limiting the number of minutes of commercial matter that television stations may air during children's programming, and to consider in its review of television license renewals the extent to which the licensee has complied with such commercial limits. Therefore, the Commission adopted Section 73.670 of the Rules, 47 C.F.R. § 73.670, which limits the amount of commercial matter which may be aired during children's programming to 10.5 minutes per hour on weekends and 12 minutes per hour on weekdays. *Children's Television Programming*, 6 FCC Rcd 2111 2118, *recon. granted in part*, 6 FCC Rcd 5093, 5098 (1991). The commercial limits became effective on January 1, 1992. *Children's Television Programming*, 6 FCC Rcd 5529, 5530 (1991).

On March 30, 1998, you filed the above-referenced license renewal application for station KNVA(TV). In response to Section III, Question 4 of that application, you certify that during the previous license term station KNVA(TV) failed to comply with the limits on commercial matter in children's programming specified in Section 73.670 of the Commission's Rules. In Exhibit 1 to that application, you indicate that in April 1996, station KNVA(TV) exceeded the children's television commercial limits on three occasions. Specifically, a 17-second overage occurred on April 1, 1996, and two overages, one 30 seconds and the other one minute in duration, occurred on April 30, 1996. You attribute all three violations to commercial make goods, and assert that, to prevent recurrence, the station adopted a policy against placing any last-minute make goods in any children's programming. Furthermore, you maintain, the station's logs are checked before and immediately after the broadcast of children's programs to double check commercial compliance.

It appears that the overages in question were *de minimis* violations of the children's television commercial limits. Such *de minimis* violations are not an impediment to the renewal of

KNVA(TV)'s license, and there are no other impediments to that renewal. Finding you fully qualified to remain a Commission licensee, we conclude that a grant of your application for renewal of license would serve the public interest, convenience and necessity. Accordingly, the application of 54 Broadcasting, Inc., for renewal of license for station KNVA(TV), Austin, Texas (BRCT-980330KK), IS HEREBY GRANTED.

Sincerely,

A handwritten signature in black ink, appearing to read "Barbara A. Kreisman". The signature is fluid and cursive, with the first name being the most prominent.
