

Issues and Programs List – Complete Each Quarter

Purpose: On this form, summarize a list of several issues, which confront your community, and the programs you ran to address each. See 73.3526 (a) (9) or 73.3527 (a) (7). Do not rely on PSAs to satisfy this requirement. While an FCC inspector may not object, PSAs have little value if your license renewal is challenged!

Debra and Joe join us for a conversation about this search for worlds that could be like our own. There's big space news in this week's edition of The Downlink at the top of the show, and Bruce Betts takes us on his weekly tour of the night sky, though it's the pre-dawn sky that may hold the most wonder. Try your hand at the space trivia contest!
