3rd Quarter Issues & Program's report for "Issues in Education"
– Host Bob & Geri Boyd. – Duration: 26 min.

Time and Day: Sat. at 4:30 p.m. CST, 5:30 p.m. EST & PST

7/6/2013 **Abuse of Power** **Issue: Politics & Economic Prosperity**

The IRS has become an instrument of tyranny by attacking political opponents to silence and ruin them. This is what communist countries do. Obama's classmate at Columbia, **Wayne Root**, author of *The Ultimate Obama Survival Guide*, is an outspoken critic of Obama and as a result fought the IRS in court. But 5 days after winning his case, they came after him again. Detroit is an example of how a once great city has become a desolate wasteland because of liberal Democrat control. By contrast, Texas is an example of how government can facilitate economic prosperity not poverty. Which way America?

7/13/2013 **Parents! Take Charge!** **Issue: Parenting & Home Schooling**

Americans spend the most for education but get the worst results. Why? 81% of young people voted for a socialist for President. Why? **Wayne Root**, author of the *Ultimate Obama Survival Guide*, says, "Mis-educated students voted for an America Idol not a President." Home schooling trains students to think not just follow the crowd. Wayne Root's daughter Dakota, got straight A's at Harvard and now attends Oxford. Their children are examples of what educational excellence can produce. What a waste if they had learned mediocrity instead of taking charge of their own future and rising to the top.

7/20/2013 **Inspiring a New Generation** **Issue: Education & American History**

With just 3% of atheists, why are our schools atheistic? Why are young people simply entertained instead of disciplined? Years ago, young people changed their world. Washington went to the university at age 13. John Q. Adams at 14 was secretary to our envoy in Russia. The great revivalists, Whitefield and the Wesleys, changed the destiny of America. **Rick Boyer**, author of *Take Back the Land- Inspiring a New Generation to Lead America* says God gave this nation liberty to be a light to the world. Christ took on all the power of evil and emerged victorious. He calls us to follow Him to take this nation back for Him.

7/27/2013 **A Courageous Christian Student** **Issue: Education & the Christian Faith**

Censorship of Christianity and bigotry toward students has led to a decline where only 4% of this generation is Christian. **Abby Nye**, a courageous Christian university student, and author of *Fish out of Water-Surviving & Thriving as a Christian on a Secular Campus*, tells how professors intimidate and convert Christians into humanism. Abby was told by her professor that the Bible is a book of myths and not a credible source in academia. Yet she was *required* to buy a Koran for her *required* class on Islam. Abby survived and thrived as a Christian, because she was well prepared, but most are not and *lose their faith*.

8/3/2013 **Unraveling The Moral Fabric pt 1** **Issue: The Law, Homosexuality & Defense of Marriage Act**

We are witnessing the unraveling of the moral fabric of our nation as the Supreme Court declared the Defense of Marriage Act unconstitutional. The justices swore an oath to uphold the Constitution not destroy it. Yet they are putting themselves above the Constitution and above God, who gave us the

definition of marriage. Cuts from Randy Thomasson and Tony Perkins, of FRC. Brad Dacus, President of the Pacific Justice Institute, says churches need to protect themselves against punitive lawsuits for not marrying homosexuals. Homosexual marriage is a direct threat to your religious freedoms.

8/10/2013

Unraveling The Moral Fabric part 2 Issue: The Law & Homosexuality

California homosexual indoctrination laws are shocking. AB 1266 forces K-12 public schools to allow boys, who think they are girls, to use the girls' restrooms, the girl' showers and be on the girls' sports teams. In addition, Brad Dacus, President of the Pacific Justice Institute, says California SB 323 forces the Boy Scouts, Christian youth groups, and other non-profit groups to make homosexuals and transgenders their leaders or have their non profit status rejected. It's now illegal for counselors to counsel minors out of homosexuality. Schools are being used to force acceptance of transvestites and homosexuality.

8/17/13 Destruction From Within part 1 Issue: Government & Religious Favoritism

The world thought communism was dead, but Curtis Bowers, producer of the award winning film Agenda - Grinding America Down, went to a meeting of dedicated American communists in 1992, who told of specific plans to bring down our system through the media and education by using environmentalism, feminism and homosexual marriage. The name "communist" has been replaced with *liberal, leftist, or progressive*, but their agenda remains the same. The communists simply use the socialists and eventually wipe them out. It's a gradual revolution that few recognize until it's too late.

8/24/13 Destruction From Within part 2 Issue: Government & Religious Favoritism

Karl Marx, father of communism said, "The goal of communism is to de-throne God and destroy capitalism." Socialism creates the situation for a Stalin or Hitler to come to power. It's the final destination we are traveling. Curtis Bowers, producer of Agenda - Grinding America Down, said, "The biggest surprise was that our enemies understood that morality was our greatest strength, that immorality creates the need for more government until the people demand socialism. The left has been so successful that they persuaded the American people to put one of their own in the White House.

8/31/13 The Basis of Our Freedoms part 1 Issue: Education & Censorship of Religious Freedom for Christians

Why, in a nation established on tolerance, is there no tolerance for Christians? Why, when 78% of our population is Christian, are Christian students and teachers persecuted, censored and fired for simply being Christian? Ironically, it's being done under the guise of "tolerance." Historian Bill Federer, author of Backfired - A Nation Founded on Religious Tolerance No Longer Tolerates its Founder's Religion, says the concept of "tolerance" came from Christ. But Jesus warned, "A house divided cannot stand," so this nation cannot long survive when the schools emphasize multiculturalism and censor out Christianity.

9/7/13 Islam - A Threat to Freedom part 2 Issue: Education & Censorship of Religious Freedom for Christians

How can Muslims take an oath to uphold the Constitution when the Qur'an advocates the opposite of our Constitution? There's no concept of equality in Islam. Why are schools teaching curricula, such as CSCAPE, that promotes Islam and rejects Christianity when there's such oppression under Islam? Historian Bill Federer, is the author of What Every American Needs to Know About the Qur'an. Is President Obama a Muslim? If so, what are his goals for our nation? Cuts of Obama speaking about "his Muslim faith" and Islam's wonderful contributions. Holy lying, ("al-*Takeyya*") to promote Islam is advocated in Islam.

9/17/13

The Jesus Life part 2

Issue: Personal Growth

There's plenty of information but little transformation! People know what Jesus taught but not how He lived. **Stephen Smith**, author of *The Jesus Life, Eight Ways to Recover Authentic Christianity*, says "Jesus was not stressed as many of us are today. He enjoyed life with dinners, debates and long walks with his disciples, yet He regularly got away to be alone in prayer. The dinner table is more than simply eating but fellowship and acceptance." Love is the most powerful force in the universe. Love changes atheists into followers of Christ. To live as Jesus lived means to *savor and enjoy* life not just endure it.

9/28/13 Heart and Soul part 1

Issue: Heath & Mental Wellness

Heart disease is America's largest killer killing more than all cancers combined. Diet, exercise, smoking and body weight are known to affect heart health, but emotional factors such as stress, depression, anger and un-forgiveness play a huge impact on your heart. Medical doctor, **Kara Davis**, author of *Spiritual Secrets to a Healthy Heart - Uncovering the Roots of America's #1 Killer*, says people with chronic anger or pessimistic personalities are more likely to develop heart disease. How can people break out of the cycle of anxiety and depression? What is the Mediterranean Diet? What about eggs, carbs and fats?
