Heart
and
Soul
part 1

Issue:
Health

Heart disease is America's largest killer killing more than all cancers combined. Diet, exercise, smoking and body weight are known to affect heart health, but emotional factors such as stress, depression, anger and un-forgiveness play a huge impact on your heart. Medical doctor, Kara Davis, author of *Spiritual Secrets to a Healthy Heart - Uncovering the Roots of America's #1 Killer*, says people with chronic anger or pessimistic personalities are more likely to develop heart disease. How can people break out of the cycle of anxiety and depression? What is the Mediterranean Diet? What about eggs, carbs and fats?

Heart
and
Soul
part 2

Issue:
Health

Half of all Americans die of cardiovascular disease when it's highly preventable. How important are your mind and your attitudes in preventing heart disease? How are symptoms of a heart attack different in men than in women? Dr Kara Davis, author of *Spiritual Secrets to a Healthy Heart - Uncovering the Roots of America's #1 Killer*, says replacing bad fats with unsaturated fats reduces heart disease by 53%. Christians have notoriously bad diets. Instead of praying for a cure, why not *learn how to prevent heart disease*? Also, Dr Scott Uloth, author of *The Diet Docs' Guide to Permanent Weight Loss*.

A
Glimpse
Into
Heaven
part 2

Is heaven a real, *literal place* or just an ethereal, *vague concept*? What happens after you die? Captain **Dale Black**, author of *A Pilot's True Story - Flight to Heaven, A Plane Crash, A Lone Survivor, A Journey to Heaven and Back*, vividly describes his horrific plane crash and his wondrous experience in an incredibly awesome place -*heaven*. What do *angels* look like? Jesus promised *mansions* awaiting God's children. What are they like? Dale Black describes heaven's music and the brilliant colors in grass, flowers, and water. But what impressed him was God's love, filling all of heaven. This music filled story is life changing.

Raising
Godly
Boys part
1
Issue:
Parenting

Dr Michael Gurian, author of 26 books, including co-author of *Raising Boys By Design, What the Bible and Brain Science Reveal About What Your Son Needs to Thrive*, has done extensive research in brain science to help parents and educators understand boys and help them succeed. It's easier to build strong boys than to repair broken men.

Raising
Godly
Boys part
2
Issue:
Parenting

Why do boys have 3 times more learning disabilities as girls? Is there a gender bias against boys in our school system? **Dr Greg Jantz**, author of more than 20 books, and co-author of *Raising Boys By Design, What Your Son Needs to Thrive*, is a nationally recognized Christian counseling psychologist, who says boys and girls are designed to be different, but our culture treats

them the same. A boy's natural tendencies are treated as abnormalities to be drugged. How can a boy's natural energy be used to help him succeed and live up to his full potential? How can parents raise a hero instead of a crook?

Spiritual
State of
the
Nation
Issue:
American
History

Dec 7th, Pearl Harbor Day, was the beginning of WW II, but today we're involved in another war, a spiritual war that threatens our survival. It's when people say *peace and safety* that destruction comes. **Joel Rosenberg**, author of *Implosion- Can America Recover From It's Economic & Spiritual Challenges in Time?*, prophetically warned about 9/11 months before it happened, now warns that, "This nation is headed for a collapse of catastrophic proportions." What happens to our nation in end times prophecy? Are we still a nation? He says, "What we face today is God's judgment in The Great Tribulation."

When
God
Shows
Up

Issue:
Spiritual
History

Christmas is the celebration of God coming to the earth He built. The little Babe in the manger was the One who created the universe. **RT Kendall**, best selling author of more than 50 books, and respected Bible scholar who served as the pastor of the Westminster Chapel in London for 25 years, is the author of *When God Shows Up – How to Recognize the Unexpected Appearances of God in Your Life*. As God slipped almost unnoticed into human history, life on earth forever was changed. God cares about common people. He chose His angelic choir to perform for lowly shepherds. He chose peasants to raise His Son.
