Issue:  
Religious  
Differences  
Christ Can  
Save America

We are a nation on a suicide course as people look to government as their god. Only Christ can save America as humanism has undermined the foundational Biblical principle, that government is to be a servant of God and the people, not our master. This unique concept has made this nation the most free and prosperous in history. Mike LeMay, author of *The Suicide of American Christianity- Drinking the "Cool"- Aid of Secular Humanism*, says Christianity is not affecting the culture because the culture is infecting the Church, as generations of Christian students learn the ways of the world in public schools.

Issue: Current  
Events  
Damascus  
Countdown pt  
1

No generation has witnessed more fulfilled prophecy, since Christ, as this present generation. Yet many more prophecies are on the threshold of fulfillment. Iranian leaders believe the only way to bring the Caliphate into world dominion is to destroy Israel. Joel Rosenberg, author of *Damascus Countdown*, predicted 9/11 nine months before it happened, now suggests Israel will launch a preemptive strike against *Iran*, but if they fail to get all the nuclear warheads, retaliation from the Islamic world would be *overwhelming*. He says, "An atomic Iran could do in 6 minutes what it took Hitler 6 years to do, kill 6 million Jews."

Damascus  
Countdown pt  
2

What if Iran gets an atomic bomb or already has it? Would Israel launch a preemptive strike against Iran? What happens if Israel is then overwhelmed with a massive retaliation from the entire Muslim world and one of thousands of missiles is atomic? Joel Rosenberg, author of *Damascus Countdown*, says Isaiah 17 prophecies that when the nations come against Israel, God will defend Israel and Damascus will *cease to exist as a city*. God is bringing Muslims to faith in Christ and a very dramatic example is Kamal Saleem, a Muslim terrorist who had a direct encounter with Jesus Christ, witnesses in Mosques.

Remembering  
Our Military

Army command has sent out warning of hate groups that are "inconsistent" with Army values. Amazingly, among the hate groups are Christian groups like the [Family Research Council](#). Since "Don't ask, don't tell," we've gone from tolerance for homosexuals to intolerance toward Christians. To produce heroes who will defend our freedoms, we need to teach students about the sacrifices made for their freedoms. [Jeremiah Denton](#), tells how God brought him through his [severe torture](#) in Viet Nam. [John Steer](#), gives a fascinating account of his experiences in Viet Nam and how he took the gospel to Russian generals.

Issue:  
Pornography

6/1/2013

Porn  
Plague

There's a porn plague capturing millions of young minds and destroying individuals, families and crippling our nation's morality. Millions of people, including Christians and pastors, visit porn sites. [Fred Stoeker](#), author of [Every Young Man's Battle - Strategies for Victory in the Real World of Sexual Temptation](#), says, "We're in a spiritual war but the enemy is seductive and camouflages sin as pleasure. Instead it brings pain." How can we control what comes into our eyes and minds? [Clay Allen](#), president of [Avenue](#), and [Fred Stoeker](#), give excellent techniques for avoiding the deadly trap of pornography.

Issue:  
Education -  
Homosexuality

6/8/2013

Schools of  
Corruption pt.  
1

Laws have been passed to force churches, Christian schools and bookstores, the Boy Scouts, etc., to include transgenders and homosexuals or have their status stripped. Cal. AB 1266 would force schools to let boys, who feel they're really girls inside, to use the girls showers, bathrooms and even play on the girls teams. It's now illegal for counselors to counsel minors out of homosexuality. Students no longer learn about the Founders but are required to celebrate homosexual activists. [Randy Thomasson](#), of [SaveCalifornia.com](#), says schools are being used to force acceptance of transvestites and homosexuality.

Issue:  
Education -  
Church vs.  
State -  
Schools of  
Atheism pt. 2

6/15/2013

Why, in a nation founded by Christians, is Christianity banned in schools? The godless ACLU has done incredible damage by destroying every vestige of Christianity in public. Courts now side with the ACLU, because as they say in order to keep religious *neutrality*, *religious freedom* must be banned. [Dr Jerome Corsi](#), author of [The Bad Samaritans - the ACLU Relentless Campaign to Erase Faith From the Public Square](#), says the roots of the ACLU are atheism and communism. To replace our Christian roots with Marxism, they promote evolution, porn and Islam. If we abandon belief in God, we abandon *freedom*.

Issue: Science  
Made  
in Heaven

Many technological advances are based on nature. Some of the best inventions come from those who study God's design in nature yet don't give God credit or even acknowledging Him. Aerospace engineer, Jeff Seto, co-author of Made in Heaven - Man's Indiscriminate Stealing of God's Amazing Design, gives many examples of ideas that came from God in nature, like lowly creatures like mosquitoes (painless needles) and spiders, mussels (underwater glue), wasps and burrs (Velcro) serve as inspirations for top scientists. Ray Comfort, says, "It's dishonest to steal God's ideas and say they came from nothing."

Issue: World  
History –  
Socialist  
Bureaucracy  
Don't Let  
Freedom Die

"We elected Hitler. Hitler didn't take Austria by force; we elected that monster in 1938 when 98% voted to annex Austria to Germany. I am an eyewitness to that history," said Kitty Werthmann. What was it like to live under Nazi (the National Socialist Party) Germany with Hitler? Are there parallels in our nation today? A socialist bureaucracy takes control over education, healthcare, businesses, gun ownership, and the economy -with massive spending that leads to hyperinflation. Out of 18,000 German pastors, only 200 refused to sign a loyalty oath to Hitler. Many said Hitler was given to them by God.

Issue:  
Government  
Is America  
Becoming a  
Police State?  
pt. 1

Simply being late to school could cost a \$250 fine and jail time! John Whitehead, President of The Rutherford Inst and author of Government of Wolves, says if the police can take your property and even take your life without due process, with drones, the Constitution is dead! Zero tolerance means getting thrown out for bringing a toy soldier to class. In asset forfeiture courts allow police to seize your car, home or cash without charging you with a crime. A little boy who pointed his finger like a gun was called a terrorist threat. Teachers used to discipline, but now it's called criminal as police arrest and jail students.

Issue:  
Government  
Continued  
Is America  
Becoming a  
Police State?  
pt. 2

When our government treats us as the enemy, they're no longer serving us but ruling over us. When a patriotic Marine can be locked up for simply criticizing the government, we have entered a police state. The government wants to disarm citizens, but arm federal agencies with billions of bullets to intimidate and control a naive populace. John Whitehead, President of the Rutherford Inst., has defended hundreds of zero tolerance cases. Schools have become like prisons with surveillance cameras, metal detectors, police patrols, strip searches and lock downs. It's part of creating a populace submissive to a police state.
