- **Moral Issues:**

Program: In the Market

Date: July 5

Time: 6:00PM

Duration: 55 minutes

Discussion: Help for the Hurting: Most churches today struggle to answer the same-sex relationship debate that is quickly transforming our culture, our kids, and our churches. As a result, Christians struggle to demonstrate love and grace to those with same-sex

attraction. That means that more and more people who are looking for truth and a place where they belong are deciding that the church is either indifferent to their struggle or outright hostile to "people like them." There's a better way--the way of hope. The guest taught us how to make a positive difference in the lives of those hurting from relational or sexual brokenness.

Program: Georgia Insight

Date: July 14

Time: 7:05AM

Duration: 4 minutes

Discussion: How the Secretary of Education has higher authority and should investigate LGBTQ Curriculum in Welcoming Schools to see if it has gone too far.

Program: In the Market

Duration: 55 minutes

Discussion: Compassion in a Cultural Firestorm: A timely and compassionate conversation aimed at helping moms, dads, and Christians in the pews navigate the challenging landscape of such terms as "transgender," "gender dysphoria," "gender fluidity." From Caitlynn Jenner to Facebook allowing individuals to identify with any number of "gender identities," this hour was designed to help those who have little to no knowledge about the complicated issue of transgenderism, but who know they can no longer sit on the sidelines as the issue challenges conventional ideas about what it means to be a man or woman throughout society.

Program: Georgia Insight

Date: September 8

Time: 7:05AM

Duration: 4 minutes

Discussion: Assigning gender to newborn children and young students with no parental consent was discussed.

Program: In the Market

Date: September 14

Time: 6:00PM

Duration: 55 minutes

Discussion: Debating Darwin's Doubts: When Charles Darwin finished *The Origin of Species*, he thought that he had explained every clue, but one. Though his theory could explain many facts, Darwin knew that there was a significant event in the history of life that his theory did not explain. During this event, the "Cambrian explosion," many animals suddenly appeared in the fossil record without apparent ancestors in earlier layers of rock. The guest told the story of the mystery surrounding this explosion of animal life - a mystery that has intensified, not only because the expected ancestors of these animals have not been found, but because scientists have learned more about what it takes to construct an animal.

- **Family Issues**
