### Section I. Issues

The stations have identified the following topics as significant issues facing our community in this quarter:

- A. **Fire Safety.** As the seasons change and weather gets colder, there is an increase in house fires as residents try to stay warm. We had guests on multiple times to discuss fire safety.
- B. **Local Politics and Government.** There have been issues with multiple local elections recently, which recently resulted in the Cascade County Commission removing election supervision duties from the County Clerk and Recorder's office.
- C. **Agriculture.** Things relating to agriculture are always important in our listening area, especially when winter is approaching.
- D. **Homelessness.** Homelessness continues to be an issue in the area, as it is elsewhere.
- E. **Education.** Great Falls may soon be home to the first charter school in the state.
