## **CRITTER GITTER**

### **Master Show Synopsis**

#### **Episode 101: ATTACK OF THE PIT BULL**

When a boy is viciously attacked and bitten in the leg by a pit bull, it is up to the Critter Gitters to capture the offending pooch before he is able to strike again. When animal control arrives to check up on the dog, they receive no cooperation whatsoever from the animal's equally mangy owner, Mr. Belcher. Professor Headful, who remembers "Darth" from his days as a mailman, devised a plan to capture the dog. Tune in to see if the Critter Gitters act fast enough so that no one else gets hurt.

#### **Episode 102: THE FLYING PROFESSOR**

The Critter Gitters, along with Professor Headful, are hopeful that they can teach "Zeus," an injured African Grey bird of prey, how to fly again. The Professor decides to take Zeus along with him on a hang-gliding expedition off a cliff top, while Jimmy, Nick, and Annie monitor his progress from inside the Critter Gitter van. The real adventure begins when the Professor is forced to crash land the hang-glider as two kids armed with paintball guns attack him from below. The Critter Gitters will have to act quickly if they hope to aid the Professor and capture the mischievous paintballers.

#### **Episode 103: HORSE STORY, PART 1**

Champion, a beautiful show-horse, dies mysteriously in a pasture, and the Critter Gitters team is called in to investigate. As Dr. John West and his partner, Dr. Kaitlin Melling explore the causes, another case springs the Critter Gitters into action. Bobby and Susan answers a call from a frightened youngster who has discovered what seems to be a rattlesnake in the kitchen. The coiled snake has the girl's mother and brother cornered and is ready to strike! The Critter Gitters rush to the scene to rescue the family. Meanwhile, Professor Headful is furiously working in the Critter Gitters laboratory preparing for the Critter Gitters expedition to Costa Rica to track down and capture a terrorizing creature know as the Chupacabra! Tension builds back at the clinic as another horse collapses in the valley and the team tries to solve the mystery of the dying horses.

#### **Episode 104: HORSE STORY, PART 2**

The saga continues, as the entire valley searches for an answer to the mystery illness striking the horses. At the Road Apple Farm, Patrick, a young blind boy, sits by the horse, sobbing and stroking his mane. Will Dr. West and the Critter Gitters be able to solve this puzzle before even more horses die? Also debuting in this episode is a new flying machine devised

by Professor Headful. The next time this contraption will be seen is when the Critter Gitters travel to Costa Rica.

#### **Episode 105: TROUBLE FREE LAWN**

Bobby and Jimmy thought helping out a friend for a week delivering newspapers would be a breeze. Professor Headful saw this as a great opportunity to invent a newspaper-delivering gadget, which he calls "The Paper Shooter." To get familiar with the paper route, Jimmy and Bobby drive through the neighborhood. The farthest house on the route is the home of Ben Richards, the crankiest old man on the route! As they drive by, the old man glares angrily at them, and they hear Mr. Richards barking out orders to the workers as they lay the new sod lawn. The next morning, Mr. Richards finds his entire lawn rolled up! He immediately suspects and accuses the Critter Gitters, since he remembered seeing their van the day before. Tune in to find out how the Critter Gitters clear their name and solve the mystery of the rolled up sod.

#### **Episode 106: THE CHUPACABRA HUNT, PART I**

Back at school after a week-long absence, Jimmy is confronted by the humorless school principal, Ms. Tart, who demands he explain to the class where he has been. Egged on by his classmates, Jimmy begins to tell the tale of his and the Professor's Costa Rican adventure in search of the mysterious and legendary Chupacabra. Along the way, they meet all kinds of interesting people and experience firsthand the natural beauty and adventure of the Costa Rican landscape. Whether swimming in volcano-heated waters, whitewater rafting or swinging across the jungle canopy on ziplines, there is never a dull moment for the Professor and Jimmy. Meanwhile, unbeknownst to them, Kaitlin arrives in Costa Rica shortly afterwards, having been dispatched by Jimmy's parents to retrieve their son. Luckily for Kaitlin, a nice Costa Rican girl named Annie, who offers to help her track down Jimmy and the Professor, befriends this fish out of water. As Annie tells her new classmates, it is the beginning of a great friendship, one that has ultimately brought her back to the United States as a foreign exchange student.

#### **Episode 107: THE CHUPACABRA HUNT, PART II**

As Jimmy and Annie continue to tell their awe-struck classmates, things are really beginning to heat up in Costa Rica. The search for the Chupacabra has taken Jimmy and the Professor from the jungle canopy to the beach at Tamarind and eventually into the dangerous estuaries on kayak. Meanwhile, Kaitlin and Annie, who always seem to be one step behind the two adventurers, manage to track them down with the help of a couple of lucky

breaks involving Annie's cousin, Juan, and Federico, the Professor's trusty pygmy African tree frog sidekick. However, though Kaitlin and Annie arrive to find Jimmy safe and sound, the Professor has seemingly disappeared. Closer inspection reveals that he has abandoned his kayak and continued on foot into the jungle in a final, desperate attempt to catch a glimpse of the ever-elusive Chupacabra. It is a climactic final pursuit that, as the Professor himself admits to the absolutely riveted classroom, still does not fully uncover the mystery and intrigue of the Chupacabra, a creature undoubtedly best left to the jungle

#### **Episode 108: PUPPY DOWN THE DRAIN**

When a small puppy falls down a storm drain and the Fire Department cannot rescue him, it is once again up to the Critter Gitters to save the day. With the cooperation of two helpful firefighters, the team works to save the dog before the rising waters of the storm drains carry the helpless puppy away. Extra pressure is added when the school principal, Ms. Tart, shows up on the scene because the kids weren't in class. Dr. West also introduces a new pet in this episode, so tune in to see how this new "member" helps the team.

#### **Episode 109: THE DOG POISONER**

A well-deserved vacation finds Dr. West at a campground in the mountains for a little rest and relaxation. Meanwhile, the Critter Gitters are back at headquarters busy with chores and clinical duties. A strange sequence of events lands them in the middle of a mysterious dog-poisoning escapade. Dr. West too, ends up becoming involved in a series of events that soon transforms his campsite into a makeshift animal clinic.

#### **Episode 110: THE WRATH OF EL NINO**

When a rattlesnake at the beach bites a cat, the Critter Gitters are called into action. Upon arriving at the scene, they meet up with Captain Ron, a harbor patrolman who tells the kids of the tragic death of hundreds of sea lions on San Miguel Island. Intrigued by this and eager to help in any way they can, Jimmy and Nick decide to ride out to the island with Captain Ron, where they eventually meet up with a friendly park ranger, who explains to them that it isn't always possible to save every animal. Meanwhile, back at the clinic, Annie stays up all night with the injured cat, doing the best she can to save its life. After a stern warning from the new school principal, Ms. McCracken, it becomes a race against time for the Critter Gitters to get back from the island before they are suspended.

### **Episode 111: SWISS JEWEL HEIST, PART I**

Someone has been pilfering diamonds from wealthy poodle owners - and it's up to the Critter Gitters to solve the crime! With the help of Professor Headful, our heroes uncover two international thieves who smuggle the jewels with unwitting homing pigeons. The kids capture them in the act during an elaborate sting operation, but the criminals escape to Switzerland. If justice is to be served, there's only one thing to do ... follow them!

### **Episode 112: SWISS JEWEL HEIST, PART II**

Our story continues as the Critter Gitters arrive in Switzerland hot on the trail of the jewel smugglers. Professor Headful and Nick recruit the help of their Swiss friends to track the hapless thieves through the small village of Zermatt. The kids have one last chance to capture the crooks in a high-speed, skier vs. snowboard chase down the slopes of the Matterhorn.

### **Episode 113: ROCKY AND THE RUBBER BANDIT**

The episode revolves around Rocky, a chimpanzee that accompanies Professor Headful to a hangar to test fly a model of the Rubber Bandit, a plane propelled by the twisting of a huge rubber band. Realizing that Professor Headful misunderstood and is about to test fly the real plane, Rocky decides to run off into town. This brings us to Toys R Us, a store full of toys and other interesting things to play with. Find out if the Critter Gitters can stop Rocky from making too big of a mess

### **Episode 201: THE BICYCLE THIEVES**

It's just an ordinary day for the Critter Gitters, until Dr. West and Annie are witnesses to a bike theft. The pressure is on when a little girl tells them that a kitten was in her bike basket! It's just a matter of time before the thieves remove the serial numbers, making the bikes virtually untraceable, and the kitten is lost forever. It is a race, as the Critter Gitters try to eliminating suspects and using deductive reasoning to chase down the thieves.

### **Episode 202: CAUGHT IN THE ACT**

The Critter Gitters stand for justice and doing the right thing ... but that's not what Mr. Eller thinks. When his abused and neglected dog is rescued by Rocky the Chimpanzee and the Critter Gitters, he accuses them of stealing and takes them to court. The court case will not only pose some ethical questions, but Ms. McCracken is looking for the kids too, and when she realizes that they've been busted, it's over. Will the Critter Gitters be able to prove that they were in the right?

### **Episode 203: PYTHON IN THE PIPES**

A boy's dog goes under the house and won't come out. When the Critter Gitters investigate, they realize that the culprit is something they haven't had to deal with before. An albino python! A problem ensues when Nick and Jimmy crawl under the house and meet the slippery critter. With the help of the Professor and a little chimp called Rocky, they just might be able to solve the dilemma.

### **Episode 204: TO BEE OR NOT TO BEE**

Annie is stung by bees and suffers an allergic reaction. She is rushed to the hospital, where another bee sting victim arrives ... and it could be that African Killer Bees attacked him! The Killer Bees are on their way up from the south and the Critter Gitters are on their trail. Will the kids be able to stop the swarm before they start causing serious problems? Can these terrors be controlled ... or is there more to the little stingers than meets the eye?

### **Episode 205: DOLPHIN COVE**

The Critter Gitters curiosity is peaked when they witness a suspicious sack being thrown over a cliff into the ocean. What was in the sack? Would the culprits return for it? Meanwhile, it's all fun and games at the Summer Solstice and Pet Parade, a fun filled extravaganza packed with costumes, people, and dogs. Everyone's having a great time, except a poor dog locked in a broiling car, which the Critter Gitters rescue. After the rescue and the parade, it's off in the Critter Gitter Craft with Federico the Frog in his new Stealth Submarine to find out the contents of the mysterious sack. This underwater caper may lead to treasure. Or contraband... and the answer to the question we've been waiting to hear... can Federico swim?

### **Episode 206: PIRANHA POWER**

It's a calm and relaxing fishing trip for Dr. West and Nick until they hear a child screaming that she'd been bitten by something in the lake. After an injured duck is brought in from the same lake, it's up to the Critter Gitters to solve the mystery. The Professor is convinced they are dealing with the dreaded, flesh-eating piranha. The team sets out to the lake to capture the creatures. Can they catch them before the dam opens and these killers are freed into the river? Will there be any more injuries? Only the Critter Gitters can save the day, and it all hinges on whether the fish will take the bait!

### **Episode 207: HEAD IN THE SAND**

Something is spooking the ostriches ... and Nick and the Professor are right in the middle of it trying to lasso the strays. The professor later finds out that more ostriches are on the loose! After some scientific research ... and a little

help from Federico the Frog ... a daring plan is hatched! The Professor and the Critter Gitters send Federico up in Rico's Rocket to collect data as to why so many animals are behaving strangely. The sky's the limit (or is it?), as man and animal come together to discover the most basic element that drives every living thing.

### **Episode 208: FEDERICO THE FROG KING**

The Critter Gitters are competing in a volleyball tournament but that's not where the competitive edge stops. Adam, in the heat of the moment, bets Federico the Frog in a jumping contest against Psycho Sam (a champion jumper!) ... and the winner takes the loser's frog! What Adam didn't know is that ... Federico can't jump! As the Professor treats his little buddy to a farewell candlelit dinner, the Critter Gitters pull out all the stops to find another jumping frog ... but instead they find an illegal ring smuggling endangered species into the country ... including jumping frogs! Will this discovery get Federico off the hook? Or is this the last we'll see of the little guy...

### **Episode 209: FIREBIRD RESCUE**

A nice ride in the canyon is halted when Dr. West's horse, Firebird, tumbles down a steep ravine. The Critter Gitters are at the center of this very dangerous and urgent rescue mission that hits close to home when they discover just how injured Firebird really is. It's a real race against time, as the horse is in desperate need of water and immediate medical attention to save an injured eye. In this gripping tale, the Critter Gitters must resort to basic survival techniques in order to help with this rescue. Can they get the horse out of the ravine? Will the Equine Evac Rescue helicopter be able to find their remote location from the air? Even if it does, can it get down far enough into the canyon to airlift the horse out.. without putting them in grave danger?

### **Episode 210: FOOLS RUSH IN**

Dr. West travels to Las Vegas for an Elvis Presley impersonation contest. The Critter Gitters decide to join him there and play as a back up band for him. On the way, they stop with Professor Headful to try to catch an armadillo, which is running wild through the desert. In the meantime, Kaitlin is also in Las Vegas with Annie to attend a friend's wedding. That's when the excitement begins. A skunk saunters into the wedding and holds everyone hostage! But thanks to the quick thinking of the Critter Gitters and the ingenuity of Professor Headful, a decoy removed from the wedding chapel distracts the skunk.

### **Episode 211: Summer Solstice**

The hapless villains from Switzerland are at it again! Now Franc and Bectlesworth are selling phony funeral plots to grieving pet owners and plan to abscond with the loot. But the Critter Gitters are on to them and with the help of Kaitlin, the Professors mysterious new communication device and some friendly dolphins, the bad guys won't get very far!

### **Episodes 212-14: SKEETER AND THE SASQUATCH - PART 1, 2, 3**

Dr. West and the Critter Gitters are in Oregon to cheer on Kaitlin and the Professor who are entered in a windsurfing competition. They encounter a cowboy who, fearing for his own safety, had to kill a mother bear, leaving her two cubs orphaned. They volunteer to temporarily care for the cub, and take them to the mountain cabin of their friend, Skeeter. The cubs mysteriously vanish the next morning and a huge footprint is the only clue left behind! Does the infamous Bigfoot really exist? Skeeter seems to think so, and says he knows exactly where she lives ... He's on the trail, up the mountain, and across the glacier to find her hiding place... and he's taking the Critter Gitters along ...Led by Mountain Man Skeeter, the Critter Gitters are tracking Bigfoot and the kidnapped bear cubs on Mt. Hood. Meanwhile, Dr. West, Kaitlin and the Professor are also in hot pursuit, worried about what they might find. The gang is closing in on Bigfoot ... *or are they?* And what is that *awful* smell?

### **Episode 215: DRUGS, DOGS AND DANGER**

A sudden mudslide buries a family's backyard ... and their beloved dog, too! Did he make it inside his doghouse before the slide hit? Even if he did, the doghouse was pushed off its foundation and there's no telling where it is now. Watch as the Critter Gitters, with the help of Rocky the Chimpanzee and Rex the Rescue Dog, attempt to locate the doghouse under tons of mud and rescue the dog before the rest of the hill slides down.

### **Episode 216: MONO LAKE**

One of the most famous lakes in North America has been losing its water because the feeder streams have been diverted to Los Angeles. Professor Headful makes an annual trip to Mono Lake with a gallon of Los Angeles tap water, as a symbolic gesture to replenish the lake. The Critter Gitters join him at the lake and learn about a delicate ecosystem that was nearly lost because of urban development.

### **Episode 217: CHRYSANTHEMUM COUNTDOWN**

The Critter Gitters go on a routine pig rescue and end up saving a woman's life. The woman's grateful son, Albe agrees to help them in their upcoming competition with their school's three-time spelling champion ... the perfect

Angelica. Is this the challenge that will finally stump the Critter Gitters? Can Nick remember how to spell his name under the pressure of the lights...?

#### **Episode 218: TERMINATOR**

Ms. McCracken, the school principal, calls the Critter Gitters to rescue her dog that has fallen through her kitchen floor. The Critter Gitters discover that her house is infested with termites and the colonies stretch out into her neighborhood, and across the street into the park. With the help of a wacky entomologist and Professor Headful's ingenious electric "Terminator", the Critter Gitters go to war against the termite's army ... and win!

#### **Episode 219: PARANORMAL PETS**

The Critter Gitters encounter a ghost.. but *it's* not human. It is a dog named Barkley. Kimberly Anne Harris was a little girl when her house caught on fire and Barkley alerted her family so that they could safely escape. Unfortunately, Barkley died in the fire and now the Critter Gitters have asked Kimberly Anne to return so that Barkley's spirit can be at peace.

#### **Episode 220: COW PIE BINGO**

Ground squirrels have created holes on the high school football field, causing the players to injure themselves. The coach calls the Critter Gitters to help get the squirrels out. Professor Headful decides that a Cow Pie Bingo contest, run by the Critter Gitters, could raise enough money to remove the ground squirrels once and for all. While the tense bingo game on the football field keeps everyone on the edge of their seats, the Professor uses scientific principles to predict the exact time and spot where the first cow will plop it!

#### **Episodes 221 and 222: KINETIC CATASTROPHE I and II**

Mr. Belcher, the man who says he hates kids, enters a "Kinetic Sculpture" race, which pits manmade hand-powered contraptions racing against each other over mud, water and sand! The prize of a free trip to Australia has all the Critter Gitters paring up in teams, except for Annie, who finally calls on the help of the entire neighborhood of Critter Gitter Deputies. The sudden appearance and last minute entrance in the race of Franc and Beetlesworth (the town reprobates), creates a wild race to the finish line... and leads to an exotic, tropical locale!

#### **Episode 223: THANKS FOR THE MEMORIES**

The Critter Gitters hold open auditions for new neighborhood kids anxious to join the team. Nick, Annie, Simon and Angel put the wanna-be Gitters through a series of test, culminating in a blindfolded catwalk across a rope bridge high in the air. When one of the candidates is too scared to make this

leap of faith, the Gitters reminisce about their scariest experiences-including stories from Row boss Roy, Professor Headful and a surprise Gitter guest!

#### **Episodes 224: BELCHER'S REDEMPTION**

It's Christmas and the Critter Gitters are trying to convince Mr. Belcher that life is still worth living, even though he believes he is dying within thirty days from his life-long habit of smoking cigarettes. Despondent, Mr. Belcher contemplates ending it all, until the Critter Gitters come to his aid and he has an encounter that will change his life forever.

#### **Episode 225: TELETHON**

Mr. Belcher has sold all of his worldly possessions and teamed up with the Critter Gitters to produce a Christmas telethon to support raising taxes on cigarettes. During the telethon, everyone is surprised when a failed invention becomes a great innovation in animal care, generating enormous donations for the Critter Gitter cause.

#### **Episode 226: COYOTE CAPERS**

A coyote chasing a cat accidentally starts a house fire, but Roy and Angel, the chimpanzee, save the day ... and Annie and her deaf friend, Sara! But the danger isn't over ... the marauding coyote is after the neighborhood's pets and the fish at the local hatchery. Can the Critter Gitters trap this animal ... or is the call of the wild too strong for even the Critter Gitters?

#### **Episode 301: THE FINTASTIC JOURNEY**

As the Critter Gitters are heading off for Florida to find the mystical manatees, the professor hands them a mission. They must deliver a dolphin communication orb, called the DINGY, to a designated spot off the Florida coast. With the help of the salty Captain Slate, they discover the wonders of undersea life, capture some villains who are stealing from the coral reef, and accomplish their mission for the professor.

#### **Episode 302: SAVING PRIVATE ANNIE**

The rescue of a baby alligator in the Florida Everglades leads the Critter Gitters to Gatorland Park. While touring the park, Annie ends up lost in the swamp. Adam, Nick, and their guide, Gatorland Gabe, search tirelessly for her. Even Mr. Belcher and Roy join in the search with the aid of a camel. But Annie only finds herself more and more surrounded by alligators. Finally, Nick rescues her with a dazzling display of heroism.

#### **Episode 303: THE DINGY DILEMA**

Word comes back from the dolphins that the professor's DINGHY is malfunctioning and causing chaos in the seas. The Critter Gitters head back

to the drop site, but are hindered by an approaching hurricane. True to form, the professor comes through with the latest in underwater transportation technology. In the end, it is the simple courageous act of a little girl that saves the day.

#### **Episode 304: STAND BY YOUR MANATEE**

Nick and Annie finally get their chance to do what they had come to Florida for in the first place: search for the mystical manatees. Their quest leads them on an adventure through the untamed wilderness. Aided by clues from Mr. Belcher, and a wayward hermit named Trapper Nelson, they make their way up Crystal River. But when they find themselves surrounded by alligators, the professor picks them up in his amazing new Seair Flying boat. It is from this vantage point in the sky that they find what they were looking for.

#### **Episode 305: TURTLEMANIA**

Mrs. Heckerman, whose yard has been invaded by hundred's of turtles, calls upon the Critter Gitters to help solve her dilemma. To their surprise, the Critter Gitters find turtles romping freely throughout the neighborhood. When a giant, 40 lb. turtle lumbers into their kitchen, Mr. Heckerman gulps and lodges an apple core in his throat. Annie springs to action, using the Heimlich maneuver, she saves him from choking. Unfortunately, moments later, the well-intentioned Mr. Belcher trips, tumbling into the swimming pool with a box full of desert turtles. Once again, all of the Critter Gitters spring into action, diving and swimming heroically underwater in a breathtaking finale, rescuing the drowning turtles.

#### **Episode 306: MAN'S BEST FRIEND**

Ranger Rick Kelly calls the Critter Gitters to the lake to help him untangle a Harris hawk, which has been trapped in abandoned fish line. Once the Critter Gitters have rescued the hawk, they discover it has followed them back to their tree house, where it has made itself a new home. In the mean time, after witnessing Splash, a brave labrador rescue a little girl. Dr. West finds himself stranded in the middle of the lake in a sinking rubber raft with Elmer, the local bait and tackle shop owner. Dr. West and Elmer are ultimately saved by the Critter Gitters.

#### **Episode 307: SUNDANCER**

The Critter Gitters have been called to a mountain cabin home, where a bear has broken into the kitchen and ripped through the refrigerator. Ranger Rick Kelly tells the Critter Gitters to notify campers around the area about the hungry bear, which is now on the loose. The Critter Gitters attempt to teach Roy about food, and dealing with wildlife in the wilderness. Unfortunately,

Roy is more interested in eating and fishing, than he is about the local bear problem. At the end of the day, all of the Critter Gitters' resources are called into action, including Sundancer, the Critter Gitters new hawk, to save Roy from the wild, hungry bear.

**Episode 308: THE WHALE'S TALE**

The Critter Gitters find themselves on a wild sea adventure involving a whale, which has come in too close to shore. Kaitlin bravely skips a Hobie Cat through the dangerous ocean currents to help save the whale. In the meantime, the rest of the Critter Gitters are left on their own to sail a catamaran for help. Using nautical skills, common sense and Critter Gitter technology, the Critter Gitters once again help save the life of yet another animal.

**Episode 309: PETCHA DIDN'T KNOW**

The Critter Gitters are contestants on a television game show called "Petcha Didn't Know" They compete against the Scranton family for a trip to Spain. Both teams answer puzzling animal questions. The Critter Gitters narrowly win the contest thanks to Angel, their lovable Chimpanzee.

**Episode 310: TABLE MANNERS**

Angelica Prissy challenges Nick to a contest in table manners and etiquette. At risk is the loss of Angel, their chimpanzee. In order to compete in the etiquette contest, Nick must have a dinner companion. Drama unfolds when he invites Annie to be his date for the evening. None other than the famous Leticia Baldwin, the world's foremost authority on etiquette and manners will be the judge.

**Episode 401: PLAY IT AGAIN SAM**

The Critter Gitters run into their old friend Skeeter once again. This time it's the Critter Gitters who come to his aid, after he takes a tumble in the mountains, dodging a rattlesnake with his bicycle. Skeeter's dog, Sam, finds the Critter Gitters and takes them to the accident site where they find Skeeter with a badly broken leg. Sam is given to the Critter Gitters at the end of the show.

**Episode 402: RATTLED RANGER RICK**

Ranger Rick Kelly narrowly escapes death from a rattlesnake bite! The ingenuity and quick thinking of Jimmy and Simon saves the day. In the meantime Professor Headful defies the laws of nature with his new invention, a motorized parasail!

**Episode 403: TREASURE HUNT**

Nick is scuba diving and finds himself trapped 90 feet below the surface and running out of air. Adam and Hannah save Nick with modern scuba techniques. Although the Critter Gitters were looking for treasure, Hannah leads them into her world of undersea marine biology.

**Episode 404: BARSTOW BUST**

A group of renegade animal thieves are spotted in Barstow, California stealing iguanas and the endangered desert tortoise. Although the Critter Gitters successfully rescue the tortoise, little do they know that the gang of outlaws are making a break for Las Vegas with Roy's iguana.

**Episode 405: SLICKROCK**

The Critter Gitters chase animal bandits to a hideout in Slickrock, Utah and apprehend one of the fleeing ferret felons. Unfortunately, three of the bad guys get away and have kidnapped Angel, the Critter Gitters chimpanzee!

**Episode 406: GOODTIMES IN BADLAND**

The Critter Gitters find themselves in the Midwest, where they have chased animal outlaws into Goodland, Kansas. A rabbit and kitten were stolen by the bad guys, who even attempted to steal emus and buffalo.

**Episode 407: BIG TOP BUST**

The Critter Gitters ride to the rescue of captured animals who have been put on display as part of Sara Oakley's Animal Circus and Wild West Show. Ranger Rick's lion cub captures a bad guy and the Critter Gitters chase down the remainder of the gang on horseback into a mud pit.

**Episode 408: LOST IN LEGOLAND**

Legoland called the Critter Gitters for an animal emergency. Some of its customers lost their pets in the amusement park. Thanks to Roy's new invention "*Apple Fries*" and deductive reasoning on the part of Professor Headful, the Critter Gitters search and rescue mission comes to an exciting ending.

## EDUCATIONAL OBJECTIVES

### For 4<sup>th</sup> Quarter 2006

In compliance with the Children's Television regulations that became effective January 2, 1997, the **QUBO Programming Block on NBC** programs feature an on-air icon indicating that each program is "educational and informational" for children. This icon is displayed at the beginning of each broadcast. Also, in compliance with the regulations, the following document, which includes "educational and informational" objectives of QUBO on NBC, must be placed in your public file.

Each of the programs listed below, which make up the QUBO Programming block, is specifically designed to serve the "educational and informational" needs of children ages 4-8. All of the programs have educational objectives that are central to the content and appropriate to the program genre.

There are six returning shows from last quarter, which premiered on the **QUBO Programming Block on NBC**. All shows were developed specifically for a target audience composed of children 4-8 years of age. Four of the shows are book-based series. Each show contains an important social-emotional message for the target audience delivered through an animated narrative format.

**"VeggieTales"** is a children's series featuring animated vegetables who teach life lessons through stories. Hosted by Bob the Tomato and Larry the Cucumber, each episode begins by establishing the problem, uses short stories to parallel the situation with a problem and solution, and ends by reiterating the proposed solution and the life lesson learned through the experience. The show communicates social-emotional messages based upon the core values of honesty, kindness, forgiveness, and appreciation for all, using music, unusual characters, and allegorical storylines.

Inspired by children's everyday life, **"Dragon"** is an animated show that is based on the book series by author and illustrator, Dav Pilkey. The show follows a little blue dragon as he faces his daily challenges. Using a simple and direct approach to life, Dragon learns new information and develops new skills primarily through trial and error. Dragon is friendly and helpful, but he tends to see things from a much different perspective and sometimes that leads to trouble. As each story unfolds, we learn to see things in different ways, much like Dragon, and we learn how to problem-solve our way through everyday challenges. Dragon shows us how to take care of a pet, discover new places or how to find the right hobby.

**3-2-1 Penguins! and Larryboy Stories** draws upon characters from two stories -- using both long- and short-form material involving these characters -- to provide socio-emotional messages to children. 3-2-1 PENGUINS! features two children -- Jason and Michelle -- whose vacation at their grandmother's cottage ends up being more adventure than they expect when their toy spaceship with four toy penguins comes to life. The children are sucked into the spaceship, where they meet the now live penguins and journey through space to solve an inter-galactic disaster threatening the penguins and their friends. Each story begins with a problem and ends after the children have learned an important socio-emotional message through their adventure with the penguins. LARRYBOY STORIES is about a young cucumber-janitor named Larry from the Daily Bumble who assumes a superhero persona to fight crimes and save lives, bringing peace and safety to the small town of Bumblyburg. In doing so, Larry takes us through his adventures where he and his viewers learn core values of honesty, friendship, respect for others, forgiveness, and love for all through socio-emotional messages embedded within the story.

Based on the books by Laurent de Brunhoff, "**Babar**" is an animated show about a young orphaned elephant who finds the strength to rise above the challenges he faces, including the death of his parents, as he journeys through life. Each episode of the show develops a social-emotional message such as taking responsibility, being patient and persistent in hard work, respecting people's privacy, learning to cope with unforeseen changes, and being honest. These messages emerge from the need to resolve a dilemma that is faced by Babar, one of his friends or family members.

Set in medieval times, "**Jane and the Dragon**" is an animated show that hails from Martin Baynton's best selling books about a middle class, 13-year-old girl named Jane. She is raised in the Royal Court as a Knight-in-Training after she demonstrates her courage by leaving the castle to conquer the local dragon. The giant green Dragon, whose sense of humor exceeds his ferocity, instead becomes Jane's best friend and a part of the castle community. In each episode, Jane encounters a challenge that tests her problem-solving skills and requires her to demonstrate her strength of character, as a Knight of the King's Guard. Sometimes Jane learns a moral lesson, and other times she uses analytical ability to illustrate how a problem can be made less complicated and easily solved.

Based on Mordecai Richler's books, "**Jacob Two-Two**" is an animated show about the challenges of a little boy, the youngest of five siblings. Jacob is so small for his age he often repeats himself just so he can be heard. His parents are compassionate, but his siblings are not, and Jacob has to be resourceful and inventive in learning how to assert himself, overcome his fears, get along with others, and still enjoy his childhood. He manages to turn even the most inconsequential events into adventures with his friends, Buford and Renee. Every adventure teaches him a life lesson, from learning how to be responsible to figuring out how to manage a bully. In addition, there are implicit lessons that promote a love for learning and language development usually conveyed through Jacob's father, a full-time writer.

#### For 1<sup>st</sup> Quarter 2007

There are no new shows for the 1<sup>st</sup> quarter. All six shows continuing next quarter premiered during the 3<sup>rd</sup> quarter on the **QUBO Programming Block on NBC**. All shows were developed specifically for a target audience composed of children 4-8 years of age. Four of the shows are book-based series. Each show contains an important social-emotional message for the target audience delivered through an animated narrative format.

#### **4<sup>th</sup> Quarter Show Summaries:**

**VEGGIETALES**, narrated by animated veggies, Bob the Tomato and Larry the Cucumber, teach life lessons through wit and humor. Each episode contains one or two short animated stories that illustrate core values to children in an entertaining way. Stories are interrupted with silly songs, usually sung by Larry the Cucumber, that contain whacky lyrics in a catchy tune. Each episode ends with Bob and Larry reinforcing the lesson learned through the stories.

**DRAGON** is a cheerful, lovable and insatiably curious blue dragon who lives in a colorful little house and welcomes all his friends and anyone else who needs comfort or advice. Every day Dragon faces a new situation that needs to be solved, and he does it in his unique Dragon-like way. If he can't get it right the first time, he keeps trying until he does. With each story, we find a new way to learn simple life skills through Dragon and his friends, Cat, Ostrich, Beaver, Alligator, and Mail Mouse.

**3-2-1 PENGUINS! and LARRYBOY STORIES** draws upon characters from two stories -- using both long- and short-form material involving these characters -- to provide socio-emotional messages to children. **3-2-1 PENGUINS!** features two children -- Jason and Michelle -- whose vacation at their grandmother's cottage ends up being more adventure than they expect when their toy spaceship with four toy penguins comes to life. The children are sucked into the spaceship, where they meet the now live penguins and journey through space to solve an inter-galactic disaster threatening the penguins and their friends. Each story begins with a problem and ends after the children have learned an important socio-emotional message through their adventure with the penguins. **LARRYBOY STORIES** is about a young cucumber-janitor named Larry from the Daily Bumble who assumes a superhero persona to fight crimes and save lives, bringing peace and safety to the small town of Bumblyburg. In doing so, Larry takes us through his adventures where he and his viewers learn core values of honesty, friendship, respect for others, forgiveness, and love for all through socio-emotional messages embedded within the story.

**BABAR** is a young elephant who returns to the jungle where he builds the city of Celesteville and is crowned King of the Elephants. A dedicated ruler and family-elephant, Babar experiences many challenges as he journeys through life, and learns to rise above them through strength and optimism. Each episode begins with a look into Babar's present life, primarily in his role as a father who teaches his children the value of people, things and relationships through his own experience from the jungle to the city. Each episode in the show carries with it a social-emotional message that is established at the end of Babar's story.

**JANE AND THE DRAGON** is a coming of age story about a middle-class, medieval girl who lives in the Royal Court with her family. As an only child, Jane is raised to be a Lady-in-Waiting but through her determination and a stroke of luck, she ends up being trained as a Knight in the King's Guard. Accompanied by her best friend, a giant green Dragon that lives in her backyard, Jane experiences a series of adventures that test her character and her skills as a young knight in a castle full of friends and foes. Each episode in the show takes us through the problems and challenges Jane encounters and the process she goes through to find the solutions for them.

**JACOB TWO-TWO** is a very little boy with a very big heart. As the youngest member of a large family, Jacob has to say things twice so he can be heard. He looks up to his siblings, but tends to be ignored or bullied by them when he tries to partake in their activities. Still, there are those who notice him when he inadvertently lands himself in adventures that involve mysterious neighbors, international spies, and villains that come in all shapes and sizes. Often accompanied by his closest pals, Buford and Renee, Jacob Two-Two finds innovative ways to get in and out of hot water as he tumbles through a series of exciting adventures with honesty, integrity and a whole lot of determination.
