Topic:

- Is prophecy beginning to reveal itself in the Middle East? Today on Insight, John and Josh Rosenstern discuss Israel's full diplomatic ties being restored with Turkey. In 2018, President Trump moved the U.S. Embassy from Tel Aviv to Jerusalem. This upset Turkey regarding the building of relations of a two state solution promoting land for peace.
- Brother Josh says Israel began re-establishing her relations in the Middle East under President Trump's Treaty of Peace, the Abraham Accords. Brother John believes this is the beginning of Israel believing she can have secure borders; the bible tells us, this will happen under the future control and deception of the Antichrist as he professes peace for Israel.
