Organization: The City Center

Guests: Charleen Morla

The City Center is Ventura's only transitional housing center that does not receive government funding. The City Center truly offers a handup... not just a handout... through extensive case management as well as mentoring programs provided for its residents.

The City Center was built upon the premise that together we can help end homelessness in Ventura. By your generous donations, mentoring provided by churches, and support by our community and local businesses, we will accomplish our vision. Your donations help provide skilled, professional case management as well as around the clock on-site management at our mid-town location. Spiritual mentoring is a crucial part of the TCC experience, and we look to our local houses of worship to encourage spiritual growth and provide life skills. Opportunities abound for local businesses to partner with us by providing building supplies, meals or monetary donations.

Organization: Philippine Center of Ventura County

Guests: Charleen Morla

The Filipino-American Community of Ventura County is pursuing all efforts to acquire its own Community Building, hence the "Philippine Center Ventura County, Inc." (PCVC), a non-profit public benefit corporation was formed.

The community is hopeful that this project being a nonprofit, will be able to appeal to some philanthropists and also eligible for Federal and other grants for financial support.

The general idea is that the "PCVC Development Committee" will work with the local Filipino-American organizations to raise seed money in addition to the approved resolution of the Filipino-American Council of Ventura County; that all Fil-Am organizations who have the means may pledge a minimum of \$1,000.00 annually, towards the building fund. Furthermore, the center will be self sustaining, therefore; it may have some employment opportunities for the Fil-Am community. Yes, we understand that this is a long term effort, but because of its overall cost it has to be approach this way to make it more feasible.

emPower was initially developed by the County of Santa Barbara to help homeowners countywide overcome obstacles to making energy saving improvements to their homes. We are now also partnering with the Counties of San Luis Obispo and Ventura to offer program services throughout the Tri-County region. By making home upgrade projects easier and more affordable through incentives, financing, qualified contractors and expert energy advice, emPower helps homeowners be more comfortable in their homes and lower utility bills.

emPower has teamed up with the statewide Energy Upgrade California® Home Upgrade and California Solar Initiative programs, which allow homeowner to take advantage of high-dollar utility rebates. We partner with CoastHills Credit Union and Ventura County Credit Union to offer unsecured loans with low rates and flexible terms of loan repayment up to 15 years in order to achieve manageable monthly costs.

The program is funded in part by the American Recovery and Reinvestment Act via the U.S. Department of Energy's BetterBuildings program and the California Energy Commission. emPower is also funded by California utility ratepayers and administered by Southern California Gas Company, Southern California Edison and Pacific Gas and Electric under the auspices of the California Public Utilities Commission.

Organization: Gabriel's House

Guests: Joseph Soler

The story of the Kingdom Center Ministries began in March 2010 at a former hotel in Ventura California. It had once been the breeding ground for drugs, prostitution and all sorts of crime. What once housed criminals began to house homeless families. What once had been a place of shame was redeemed for the Glory of God.

In the fall of 2011 **Gabriel's House, The Kingdom Center Oxnard** was launched on a beautiful 2.5 acre farm home once owned by one of Ventura Counties most prominent agricultural families.

They have served over 300 women and children at Gabriel's House and many more in Ventura. Dozens of families have been reunited. Many of our residents have successfully returned to, began or finished both educations' as well as professional training. Virtually all of the ladies at Gabriel's House have successfully found employment. 83% of all those that have left the Gabriel's House have successfully re-entered society with jobs and housing for both themselves and their children.

Gabriel's House is truly a place where hope is resurrected in the lives of those that were not only homeless but also hopeless. At Gabriel's House the story is we are truly "United to Build Lives".
