

1st Quarter 2018 Class A Certification for WCBZ-CD

WCBZ-CD was silent from January 1, 2018 through February 12, 2018 under Special Temporary Authority. Upon returning to air on February 13, 2018, WCBZ-CD broadcast continuously, twenty-four hours per day, for the remainder of the first quarter of 2018.

Locally originated programming consisted of our local AccuWeather® feed beginning on March 28, 2018. The AccuWeather® feed provides a continuous twenty-four hour per day (with the exception of other locally originated programming) weather broadcast showing current conditions and forecasts.

WCBZ-CD has met the requirement of at least three hours per week of locally originated programming for the first quarter of 2018.

A handwritten signature in cursive script that reads 'Mark Hiner'.
