3rd Quarter 2018

Public Service Report

KHPT 106.9

Conroe, Texas

Prepared and Submitted By:

Suzi Hanks

October 5, 2018

October 5, 2018

The following is a report of public service programming for the 3rd quarter of 2018. During which time, the top issues of community interest & concerns were found to be:

- Community Events and Services
- Youth
- Education
- Health
- Safety
- Economy
- Environment
- Crime

In order to meet these issues, KHPT-FM airs a locally produced 60-minute public affairs program on Sundays called "FYI". Additionally, KHPT-FM helps meet community issues through daily programming.

Thank you,

Suzi Hanks

| Program Name | Date and Time Aired | <p style="text-align: center;"><u>Community Events and Services</u></p> <p style="text-align: center;">Description of Discussion</p> | Duration Of Discussion |
|---------------------|----------------------------|---|-------------------------------|
| FYI | 07/01/18 @ 5:00a.m. | Guests were Francisco Sanchez from Harris County Office of Emergency Management, and Harris County Judge Ed Emmett. We talked about Hurricane Season. We discussed preparing for hurricane season, what to do before, during and after a storm, and how storms affect businesses and the economy in our community. | :30 |
| FYI | 07/01/18 @ 5:30a.m. | Guests were Dr. Alexander Prokhorov, professor, Behavioral Science; Director, Tobacco Outreach Program. And Ashish Arya, program director, Youth & Family Cancer Prevention Program, The University of Texas MD Anderson Cancer Center. We talked about JUULing, a dangerous form of vaping. JUUL is a vaping delivery system disguised as a hard drive. We talked about what JUULing is, how to spot it, and how it is marketed to kids and young people. We talked about the risks of cancer from JUULING, as well as the damage nicotine does to young people, and the environment. We talked about the ASPIRE education program developed to fight JUULing. | :30 |
| FYI | 07/08/18 @ 5:00a.m. | Guest was Dr. Salil Deshpande, Chief Medical Officer, UnitedHealthcare Community Plan of Texas. Texas ranked 44 th in America's Health Rankings, the longest running state-by-state analysis of our country's health and the factors that affect it. We talked about infant and mother mortality during pregnancy, childbirth and the need for more cervical cancer screenings and well-baby visits. We also talked about Opioid addiction and obesity. | :30 |
| FYI | 07/08/18 @ 5:30a.m. | Guest was astronomer James Wooten with the Houston Museum of Natural Science Burke Baker Planetarium and George Observatory Learning Center. Houston is the home of the highest resolution planetarium in the world. We talked about the work with NASA, Houston Schools, the Eclipse, and light pollution. | :30 |
| FYI | 07/15/18 @ 5:00a.m. | Guest was Joe Bontke with the Houston District office of U.S. Equal Employment Opportunity Commission. We talked about how recent sexual harassment scandals in the news have raised the discussion of workplace misconduct to a new level, and prompted a re-evaluation of how harassment is handled in the workplace. We talked about EEOC Leadership for Respect, and Respect in the Workplace training and education. | :30 |
| FYI | 07/15/18 @ 5:30a.m. | Guest was Betsey Blanks, Assistant Director of the Center for School Behavioral Health, Mental Health America of Greater Houston. We talked about the need for mental assistance after Hurricane Harvey. We talked about the increased need for mental health training in schools, so teachers can help students traumatized by the disaster, as well as mental health treatment and training for teachers themselves, as well as staff, parents and families. We talked about getting funding for mental health training in schools, and the need for more. | :30 |

| | | | |
|-----|---------------------------|--|-----|
| FYI | 07/22/18 @ 5:00a.m. | Guests were David Barron, Houston Area Coordinator and Director of the Texas Carpenters and Millwrights Houston Training Center, and Maria Robles, chairwoman of the Council's Sister in the Brotherhood Program, and Council representative of the Central South Carpenter's regional Council. We talked about the Carpenter's and Millwright's Houston Training Center, and the value of the apprenticeship program. We talked about the value of earning while learning, a career vs a job, the earning possibility of skilled labor, and the need for qualified men, women and veterans to fill the skill gap. | :30 |
| FYI | 07/22/18 @ 5:30a.m. | Guests were Dr. Alicia B. Harvey-Smith, Lone Star College executive vice chancellor Student Success. And Rachel Perez, LSC graduate, transferring to University of Houston-Downtown this fall. We talked about the Promise Scholarship Program, to help students already on financial aid cover the tuition gap. We also talked about how community college provides opportunity for students who may not otherwise get an education. | :30 |
| FYI | 07/29/18 @ 5:00a.m. | Guest were Connor Hagan with the FBI Houston, and Doctor Kashif Siddiqui with the FBI Houston Citizen's Academy. We talked about how the Citizens' Academy is a stimulating program that gives business, religious, civic, and community leaders an inside look at the FBI. During the 10-week course, participants experience curriculum and teaching methods like the traditional methods used at the FBI Academy, taught by FBI staff, to foster a greater understanding of the role of Federal law enforcement in the community through frank discussion and education. | :30 |
| FYI | 08/05/18 @ 5:00a.m. | Guests were Kimberly Pate, and Leondre Ledoux with Texans Recovering Together Crisis Counseling Program. Texans Recovering Together (TRT) is grant program established by the Federal Emergency Management Agency (FEMA) and the Substance Abuse and Mental Health Services Administration (SAMHSA). TRT has started offering free assistance, through the Harris Center, to survivors of Hurricane Harvey through supportive outreach and referrals. Services include: free counseling, stress management education, peer support activities, educational presentations, and referrals to recovery resources such as; social services, job assistance, legal assistance, medical care, mental health care, and substance abuse counseling. The assistance will be provided through schools, community events, social service agencies, and private homes. | :30 |
| FYI | 08/05/18 @ 5:30a.m. | Guests were John Livingston, M.D., Co-Director, M.D. Anderson Children's Cancer Hospital's Adolescent and Young Adult (AYA) Program. Michael Roth, M.D., Co-Director, AYA Program, and Director of Survivorship Program. And Alma Faz, a 20-year sarcoma survivor, now Diagnostic Imaging, Supervisor at MD Anderson. We talked about the importance of focused treatment and research for AYAs with cancer, as well as the unique challenges faced by AYAs with cancer, such as social needs, body image, fertility, education and future careers. | :30 |

| | | | |
|-----|---------------------------|---|-----|
| FYI | 08/12/18 @ 5:00a.m. | Guests were Shantay Grays, Houston Community College associate vice chancellor for enrollment management, and HCC student Jennifer Cantu. We talked about the new senior exemption program, offering discounted or free tuition to seniors 55 and up. We talked about the new online program, as well as the bridge program to get students ready for college. | :30 |
| FYI | 08/12/18 @ 5:30a.m. | Guest was Galveston County Judge Mark Henry. We talked about Hurricane season, safety and the effects of Harvey. We talked about affordable hurricane preparation, and the 12 Billion-dollar Ike Dike Plan. We also talked about the Santa Fe Shooting. | :30 |
| FYI | 08/19/18 @ 5:00a.m. | Guests were Kerry Goelzer and Steve Curry with Houston MOD, a non-profit, membership organization dedicated to promoting knowledge and appreciation of modern architecture in Houston and Texas. We talked about the need to preserve Houston's architectural cultural legacy. We talked about commercial and residential Mid-Century Modern architecture here in Houston, and the dangers of them disappearing. We talked about preserving the Astrodome and the Sears building downtown, as well as the responsibility of a homeowner who buys a midcentury modern home in Houston. | :30 |
| FYI | 08/19/18 @ 5:30a.m. | Guests were Board Certified Plastic Surgeons, Dr. Summer Hanson and Dr. Margaret Roubaud. Assistant Professors, Department of Plastic Surgery, The University of Texas MD Anderson Cancer Center. We talked about Breast reconstruction as an essential part of cancer care, as it restores a woman's sense of self and wholeness after partial or complete mastectomy. We discussed the different options a woman has today, two important federal laws regarding mastectomy reconstruction coverage. We also talked about the upcoming Breast Reconstruction Awareness (BRA) Symposium. | :30 |
| FYI | 08/26/18 @ 5:00a.m. | Guest was Houston Police Captain Greg Fremin. We talked about the Houston Heroes 9/11 Run. Cox Radio Houston is the Media Partner of the event, with the goal to never forget the sacrifices of the Heroes of 9/11, and in the wars since: veteran, first responder, civilian and military. Proceeds from the run go to the Travis Manion Foundation, Houston Professional Firefighters Association, and Assist the Officer Foundation. | :30 |
| FYI | 08/26/18 @ 5:30a.m. | Guests were Hope Baker with SBP, client Daniel Gutierrez. SBP is one of 4 organizations chosen by JJ Watt to distribute the 37 million dollars he raised for Hurricane Harvey relief. We talked about SBP's goal to rebuild hundreds of homes in Houston, helping families otherwise destitute. | :30 |
| FYI | 09/02/18 @ 5:00a.m. | Guest was Sally Bradford, Executive Director to the N. Houston Development Corp. We talked about the area of Houston known as Greenspoint. The N. Houston Development Corp. is a Tax Increment Reinvestment Zone, or TIRZ. We talked about the history of the area, the challenges such as blight, crime, flooding and high-density housing and dilapidated apartments, and what the N Houston Development | :30 |

| | | | |
|-----|---------------------------|---|-----|
| | | Corp has done to redevelop residential and commercial properties through financing of: water, wastewater and drainage facilities; new streets and street reconstruction; parks and trails systems; landscaping and streetscape; public art, retail development and public facilities. | |
| FYI | 09/02/18 @ 5:30a.m. | Guest was Houston Police Captain Greg Fremin. We talked about the Houston Heroes 9/11 Run. Cox Radio Houston is the Media Partner of the event, with the goal to never forget the sacrifices of the Heroes of 9/11, and in the wars since: veteran, first responder, civilian and military. Proceeds from the run go to the Travis Manion Foundation, Houston Professional Firefighters Association, and Assist the Officer Foundation. | :30 |
| FYI | 09/09/18 @ 5:00a.m. | Guest was Julie Finke, President of the Barbara Bush Literacy Houston Foundation. We talked about the legacy Mrs. Bush has left as the first lady of literacy. We discussed the power of literacy—the ability to read, write, speak clearly, and think critically. We talked about child and adult literacy, the economic value of a literate workforce, and the importance of breaking the cycle of illiteracy. | :30 |
| FYI | 09/09/18 @ 5:30a.m. | Guest were Connor Hagan with the FBI Houston, and Doctor Kashif Siddiqui with the FBI Houston Citizen's Academy. We talked about how the Citizens' Academy is a stimulating program that gives business, religious, civic, and community leaders an inside look at the FBI. During the 10-week course, participants experience curriculum and teaching methods like the traditional methods used at the FBI Academy, taught by FBI staff, to foster a greater understanding of the role of Federal law enforcement in the community through frank discussion and education. | :30 |
| FYI | 09/16/18 @ 5:00a.m. | Guest was Northwest Assistance Ministries Chief Advancement Officer, Brian Carr. NAM provides basic human needs like food, shelter, health, education and domestic violence awareness and intervention to 130,000 people in the NW Houston area. We talked about the increase in need, especially after hurricane Harvey. | :30 |
| FYI | 09/16/18 @ 5:30a.m. | Guest was John Farden, Associate Vice President, U.S. Programs, Save the Children. One of four organizations chosen by Houston Texan JJ Watt as a recipient of part of the \$37 million dollars he raised after Hurricane Harvey. We talked about Save the Children's commitment to keeping kids safe immediately after hurricane Harvey, and its promise to help restore and rebuild child care centers damaged by the storm. Save the Children is also committed to helping kids and their parents with their emotional and social needs after Harvey. | :30 |
| FYI | 09/23/18 @ 5:00a.m. | Guest was Dr. Percy Francisco Morales is a Houston based Cardiologist and Electrophysiologist. We talked about Atrial fibrillation, commonly known as AFib, which is the most common heart rhythm disease. We talked about what it is, the causes, and treatments. But most importantly, we talked about AFib and the risk of stroke | :30 |

| | | | |
|-----|---------------------------|--|-----|
| | | | |
| FYI | 09/23/18 @ 5:30a.m. | Guests were Kerry Goelzer and Steve Curry with Houston MOD, a non-profit, membership organization dedicated to promoting knowledge and appreciation of modern architecture in Houston and Texas. | FYI | 07/01/18 @ 5:30a.m. | Guests were Dr. Alexander Prokhorov, professor, Behavioral Science; Director, Tobacco Outreach Program. And Ashish Arya, program director, Youth & Family Cancer Prevention Program, The University of Texas MD Anderson Cancer Center. We talked about JUULing, a dangerous form of vaping. JUUL is a vaping delivery system disguised as a hard drive. We talked about what JUULing is, how to spot it, and how it is marketed to kids and young people. We talked about the risks of cancer from JUULING, as well as the damage nicotine does to young people, and the environment. We talked about the ASPIRE education program developed to fight JUULing. | :30 |
| FYI | 07/08/18 @ 5:00a.m. | Guest was Dr. Salil Deshpande, Chief Medical Officer, UnitedHealthcare Community Plan of Texas. Texas ranked 44 th in America's Health Rankings, the longest running state-by-state analysis of our country's health and the factors that affect it. We talked about infant and mother mortality during pregnancy, childbirth and the need for more cervical cancer screenings and well-baby visits. We also talked about Opioid addiction and obesity. | :30 |
| FYI | 07/15/18 @ 5:30a.m. | Guest was Betsey Blanks, Assistant Director of the Center for School Behavioral Health, Mental Health America of Greater Houston. We talked about the need for mental assistance after Hurricane Harvey. We talked about the increased need for mental health training in schools, so teachers can help students traumatized by the disaster, as well as mental health treatment and training for teachers themselves, as well as staff, parents and families. We talked about getting funding for mental health training in schools, and the need for more. | :30 |
| FYI | 08/05/18 @ 5:00a.m. | Guests were Kimberly Pate, and Leondre Ledoux with Texans Recovering Together Crisis Counseling Program. Texans Recovering Together (TRT) is grant program established by the Federal Emergency Management Agency (FEMA) and the Substance Abuse and Mental Health Services Administration (SAMHSA). TRT has started offering free assistance, through the Harris Center, to survivors of Hurricane Harvey through supportive outreach and referrals. Services include: free counseling, stress management education, peer support activities, educational presentations, and referrals to recovery resources such as; social services, job assistance, legal assistance, medical care, mental health care, and substance abuse counseling. The assistance will be provided through schools, community events, social service agencies, and private homes. | :30 |
| FYI | 08/05/18 @ 5:30a.m. | Guests were John Livingston, M.D., Co-Director, M.D. Anderson Children's Cancer Hospital's Adolescent and Young Adult (AYA) Program. Michael Roth, M.D., Co-Director, AYA Program, and Director of Survivorship Program. And Alma Faz, a 20-year sarcoma survivor, now Diagnostic Imaging, Supervisor at MD Anderson. We talked about the | :30 |

| | | | |
|-----|---------------------------|---|-----|
| | | importance of focused treatment and research for AYAs with cancer, as well as the unique challenges faced by AYAs with cancer, such as social needs, body image, fertility, education and future careers. | |
| FYI | 08/19/18 @ 5:30a.m. | Guests were Board Certified Plastic Surgeons, Dr. Summer Hanson and Dr. Margaret Roubaud. Assistant Professors, Department of Plastic Surgery, The University of Texas MD Anderson Cancer Center. We talked about Breast reconstruction as an essential part of cancer care, as it restores a woman's sense of self and wholeness after partial or complete mastectomy. We discussed the different options a woman has today, two important federal laws regarding mastectomy reconstruction coverage. We also talked about the upcoming Breast Reconstruction Awareness (BRA) Symposium. | :30 |
| FYI | 09/16/18 @ 5:00a.m. | Guest was Northwest Assistance Ministries Chief Advancement Officer, Brian Carr. NAM provides basic human needs like food, shelter, health, education and domestic violence awareness and intervention to 130,000 people in the NW Houston area. We talked about the increase in need, especially after hurricane Harvey. | :30 |
| FYI | 09/16/18 @ 5:30a.m. | Guest was John Farden, Associate Vice President, U.S. Programs, Save the Children. One of four organizations chosen by Houston Texan JJ Watt as a recipient of part of the \$37 million dollars he raised after Hurricane Harvey. We talked about Save the Children's commitment to keeping kids safe immediately after hurricane Harvey, and its promise to help restore and rebuild child care centers damaged by the storm. Save the Children is also committed to helping kids and their parents with their emotional and social needs after Harvey. | :30 |
| FYI | 09/23/18 @ 5:00a.m. | Guest was Dr. Percy Francisco Morales is a Houston based Cardiologist and Electrophysiologist. We talked about Atrial fibrillation, commonly known as AFib, which is the most common heart rhythm disease. We talked about what it is, the causes, and treatments. But most importantly, we talked about AFib and the risk of stroke | :30 |
| FYI | 09/30/18 @ 5:30a.m. | Guests were Marian Mankin, Program Director, and Mary Beth Staine, Executive Director of Bo's Place. We talked about grief. |-----|---------------------------|--|-----|
| | 5:30a.m. | affordable hurricane preparation, and the 12 Billion-dollar Ike Dike Plan. We also talked about the Santa Fe Shooting. | |
| FYI | 08/19/18 @ 5:00a.m. | Guests were Kerry Goelzer and Steve Curry with Houston MOD, a non-profit, membership organization dedicated to promoting knowledge and appreciation of modern architecture in Houston and Texas. We talked about the need to preserve Houston's architectural cultural legacy. We talked about commercial and residential Mid-Century Modern architecture here in Houston, and the dangers of them disappearing. We talked about preserving the Astrodome and the Sears building downtown, as well as the responsibility of a homeowner who buys a midcentury modern home in Houston. | :30 |
| FYI | 09/02/18 @ 5:00a.m. | Guest was Sally Bradford, Executive Director to the N. Houston Development Corp. We talked about the area of Houston known as Greenspoint. The N. Houston Development Corp. is a Tax Increment Reinvestment Zone, or TIRZ. We talked about the history of the area, the challenges such as blight, crime, flooding and high-density housing and dilapidated apartments, and what the N Houston Development Corp has done to redevelop residential and commercial properties through financing of: water, wastewater and drainage facilities; new streets and street reconstruction; parks and trails systems; landscaping and streetscape; public art, retail development and public facilities. | :30 |
| FYI | 09/16/18 @ 5:30a.m. | Guest was John Farden, Associate Vice President, U.S. Programs, Save the Children. One of four organizations chosen by Houston Texan JJ Watt as a recipient of part of the \$37 million dollars he raised after Hurricane Harvey. We talked about Save the Children's commitment to keeping kids safe immediately after hurricane Harvey, and its promise to help restore and rebuild child care centers damaged by the storm. Save the Children is also committed to helping kids and their parents with their emotional and social needs after Harvey. | :30 |

| Program Name | Date and Time Aired | <p style="text-align: center;"><u>Crime</u></p> <p style="text-align: center;">Description of Discussion</p> | Duration Of Discussion |
|--------------|---------------------------|--|------------------------|
| FYI | 07/01/18 @ 5:30a.m. | Guests were Dr. Alexander Prokhorov, professor, Behavioral Science; Director, Tobacco Outreach Program. And Ashish Arya, program director, Youth & Family Cancer Prevention Program, The University of Texas MD Anderson Cancer Center. We talked about JUULing, a dangerous form of vaping. JUUL is a vaping delivery system disguised as a hard drive. We talked about what JUULing is, how to spot it, and how it is marketed to kids and young people. We talked about the risks of cancer from JUULING, as well as the damage nicotine does to young people, and the environment. We talked about the ASPIRE education program developed to fight JUULing. | :30 |
| FYI | 07/15/18 @ 5:00a.m. | Guest was Joe Bontke with the Houston District office of U.S. Equal Employment Opportunity Commission. We talked about how recent sexual harassment scandals in the news have raised the discussion of workplace misconduct to a new level, and prompted a re-evaluation of how harassment is handled in the workplace. We talked about EEOC Leadership for Respect, and Respect in the Workplace training and education. | :30 |
| FYI | 07/29/18 @ 5:00a.m. | Guest were Connor Hagan with the FBI Houston, and Doctor Kashif Siddiqui with the FBI Houston Citizen's Academy. We talked about how the Citizens' Academy is a stimulating program that gives business, religious, civic, and community leaders an inside look at the FBI. During the 10-week course, participants experience curriculum and teaching methods like the traditional methods used at the FBI Academy, taught by FBI staff, to foster a greater understanding of the role of Federal law enforcement in the community through frank discussion and education. | :30 |
| FYI | 08/05/18 @ 5:00a.m. | Guests were Kimberly Pate, and Leondre Ledoux with Texans Recovering Together Crisis Counseling Program. Texans Recovering Together (TRT) is grant program established by the Federal Emergency Management Agency (FEMA) and the Substance Abuse and Mental Health Services Administration (SAMHSA). TRT has started offering free assistance, through the Harris Center, to survivors of Hurricane Harvey through supportive outreach and referrals. Services include: free counseling, stress management education, peer support activities, educational presentations, and referrals to recovery resources such as; social services, job assistance, legal assistance, medical care, mental health care, and substance abuse counseling. The assistance will be provided through schools, community events, social service agencies, and private homes. | :30 |
