7/7/2012 - Issue: Parenting

Full Time Parenting pt 1

Being a good parent is the most difficult task you'll ever undertake. Guest: Israel Wayne, author of *Full Time Parenting - A Guide to Family Based Discipleship*, gives keys to keeping children quiet, peaceful, listening, and relating to people of all ages.

7/14/2012 – Issue: Parenting

Full Time Parenting pt 2

Education is not simply teaching subjects, it's the transferring of *away of life*. Education is discipleship. Public schools are in the discipleship business but not into a Biblical worldview. That's against the law. What is successful parenting? Is it academics, sports, socialization? Guest: Israel Wayne, author of *Full Time Parenting*, How can you raise Christian kids in an anti-Christian school system? What's the responsibility of dads in educating children? How is ADHD over come?

7/21/2012 – History – Gov't

Holocaust Survivor

The German people elected Hitler and his national socialism called Nazism. In 1939, Maria Rybarczyk was 12 years old when Poland was invaded. She vividly describes starvation, eating bark to survive, the concentration and labor camps, torture and humiliation, and the gas chambers. How could people be so inhumane, barbaric and demonic to inflict such hatred and evil on other people? The horrors didn't begin in the gas chambers but in the minds of men who had abandoned absolute Truth and tried to make the state god. If we don't learn from history, we will repeat it.

7/28/2012 - Family

The Majestic Eagle

The majestic eagle is a symbol of strength and freedom. Just as opposing winds cause an eagle to soar higher, so *adversity* strengthens Godly people. Inspirational high school assembly speaker, Gary Horton, says the powerful, strong, father eagle is there waiting to catch the little eaglet as he tries to fly, *just as God is there* to catch us when we fall. Mary Whelchel, author of *Soaring on - High Spiritual Insights from The Life of An Eagle*, makes wonderful parallels between the eagle and Christians.

8/4/2012 – Politics - Church & State Exposing the Jefferson Myths pt 1

Is Obama the most Biblically hostile President in our history? Is he a Marxist or a Christian? The Supreme Court has stolen our religious freedoms by misusing a phrase not even in our Constitution - *the separation of church and state*, which has been so twisted that it means the opposite of what Jefferson wrote in a private letter. Historian David Barton, author of *The Jefferson Lies*, says our Founders have been slandered and lied about to discredit them to justify a secular society to such a degree that a student can't say a prayer or have a Bible at school. Can pastors promote political candidates from the pulpit?

8/11/2012 Politics – History

Jefferson Myths pt 2

We're as close now to having a king as in the days of King George who provoked our war for Independence. The President treats Congress and the Constitution with contempt and makes up his own laws and refuses to enforce the laws already passed. David Barton, author of *The Jefferson Lies*, cites original source material to answer questions about Founding Father Thomas Jefferson. Was Jefferson a secularist, a deist or a Christian? Did Jefferson own slaves and have a child with one of them? Was he a racist? Did he cut out the miracles of Jesus to undercut belief or promote it as an abridgment to Indians?

8/18/2012 Issue: Politics

Redistribution is Not the Solution pt 1

What is the purpose of public education? Is it to train students to become capitalists or socialists? Cuts of typical high school students who don't know basic facts. Redistribution is not the solution. Cut of economics prof telling what the American dream means to his students. Obamacare isn't just about socialized medicine, but it is the advent of a thoroughly socialist America. Best selling author, Ed Klein, did extensive research on the Obama White House and what he discovered will shock you. Obama is in revolt against the values of the society he was elected to lead. He has bungled international relations.

8/25/2012 Issue: Politics - Socialism Redistribution is Not the Solution pt 2

This election is not just politics as usual, but this election will determine if our nation goes from Capitalist to Socialist, and it will affect every aspect of your life! Cuts of Charles Krauthammer. Best selling author Ed Klein researched the Obama White House and exposes what Obama is like behind the mask. He is arrogant and ignores the experts. Obama is more concerned about fundamentally transforming America into a socialist state than your individual freedoms. Chaplain Austin Miles discusses the ramifications of Obamacare and the coming great revival sent by God and prays for our nation.

9/1/2012 Issue: Religion

Implosion pt 1

The greatest danger to our nation is not terrorism or a tyrannical government but apathy by God's people. Joel Rosenberg, author of *Implosion- Can America Recover From It's Economic & Spiritual Challenges in Time?* warned about the terrorist attacks of 9/11 eight months before they happened. Now he warns that, "This nation is headed for a national collapse of catastrophic proportions." Are we living in the last days that Jesus prophesied about? What is the Great Tribulation? When will the Rapture occur? How is the Rapture different from Christ's second coming? What will happen to those who are left behind?

9/8/2012 Issue: Religion

Implosion pt 2

What does the Bible say will happen to America in the last days? Joel Rosenberg, author of *Implosion*, says, "Our nation has faced perilous times in the past, but what we face today is different. It's God's coming judgment." Pastor David Barnhart, author of *Living in the Times of the Signs* says, "Same sex marriage is one of the final signs that severe judgment is coming very soon." Our nation is guilty of the most grievous sins even blasphemy against the Holy Spirit. God's patience has limits. Whoever doesn't stand with Israel stands against God. Obama is putting our nation against Israel and therefore against God.

9/15/2012 Issue: Church & State

The Great Destroyer

The emerging autocracy of the President is the gravest threat to our liberty in our lifetimes. We are just one election away from our Republic being transformed into a socialist state. David Limbaugh, author of *The Great Destroyer- Barack Obama's War on The Republic*, says Obama has put our nation's future at grave risk by spending us into oblivion and systematically violating the Constitution. Obama is not a social moderate but has extreme views on abortion and homosexual marriage. Will we squander the glorious legacy given to us by God? It's not too late! Americans desperately need to wake up!

9/22/2012 Issue: Politics & Racism Who Is The Real Obama?

Fundamental changes affecting every area of American life have been made by a President most people know nothing about. Dinesh D'Souza, President of the *King's College*, says, "Obama's impressionable years were shaped by his Kenyan father and an anti-colonial worldview." Obama wants to re-align America in the world. How will Obama's past determine our future? Obama is putting himself above the law (DOMA) in promoting homosexual marriage. Rev. William Owens says he didn't march in the civil rights movement for a man to marry a man. Pastor Ken Hutcherson says we need to be biblical not racial.

9/29/2012 Issue: 2012 Election

The Next 4 Years pt 1

There's a feeling of hope, not with empty words of socialism, but a return to innovation and success in capitalism. **Rick Scarborough**, President of *Vision America*, is leading a crusade called "40 days to save America." Pastor Rick became *politically* involved when his daughter's school had a graphic AIDS assembly. He got his congregation informed and active, and they replaced the school board and city council. Cuts from VP candidate Paul Ryan's speech give hope to college grads who can't get jobs, and still lives at home. If Churches are silent, evil prevails. There's no neutrality in this election.

10/6/2012 Issue: 2012 Election

The Next 4 Years pt 2

Americans have no idea what awaits them if the President is re-elected. This nation will be so transformed it won't be recognizable. **Brenda Elliott**, author of *Fool Me Twice- Obama's Shocking Plans for the Next 4 Years Exposed*, researched thousands of policy papers and legislative proposals by the same Marxists that crafted Obama's first term, to discover the blueprint for his second term; to disarm and transform our military, to combat "climate change", silence talk radio, initiate government works programs and mandating businesses give employees 3 months paid leave in the *Family Leave Act*.

10/13/2012 Issue: Politics & Family

A Courageous Christian Leader pt 1

Bishop Jackson, a former Marine, US Senate candidate and Harvard Law graduate, says Obama's executive order, *The African-American Education Initiative*, to stop disciplinary action against black students, is using race to manipulate black voters. Jackson says the Democrat Party's devotion to abortion and same-sex marriage is like spitting in the face of Biblical Christians. This election is America's last chance to determine if our nation goes Socialist or gives freedom another chance. **Bishop Jackson**, a descendant of slaves, says blacks need to embrace the unlimited opportunities this nation offers.

10/20/2012 Issue: A Socialist Gov't

A Courageous Christian Leader pt 2

Most Americans don't recognize Marxism and how Marxists transform a nation from free to communist. Where do American socialists come from? We are training them in our universities. We have a President who has waged war on capitalism, the Constitution and Christianity. **Bishop Jackson** is calling Christians to unite and take back the government we inherited so we will have something to give to the next generation. Cuts of Biden (chains quote), Obama ("You didn't build it."), Romney and Bible teacher Chuck Misler, who says Islam is our enemy, and we have a Muslim in the White House.

10/27/2012 Issue: Politics in School

Socialist Schools pt 1

Marxism is a proven failure, so why is it being promoted in our universities? Professors indoctrinate impressionable students into a Marxist mind set, and they become the leaders in media, government and education. **Wayne Root**, President Obama's classmate at Columbia, says, "**Communist** professors taught students to curse capitalism, demonize "greedy" business owners and redistribute their wealth. There is a silent revolution taking place and most Americans **don't recognize it**. As Root says, "**It's the perfect Marxists scheme**, all devised by my college classmate Obama using our professors plan."
