

AFTEE SPONSORSHIP

WVH-TV produced and aired a public service TV Ad campaign for **"ALL FOR THE EAST END" (AFTEE)** is a 501(c)(3) nonprofit organization whose primary purpose is to raise awareness of the role not-for-profit organizations play in making the East End of Long Island one of the most desirable places to live in the world, and to establish a fund of new money that they will have access to through a grant process. The Long Island Community Foundation will manage and administer the disbursement of funds obtained through AFTEE's efforts.

By publicly showcasing and supporting these organizations, AFTEE is a unifying voice, leveraging strategic assets of collaboration and its regional brand to raise awareness, rally support and launch a new era of fundraising and organizational integration.

WVH-TV produced a PSA for AFTEE's Niles Rodgers dance music [event](#) on Monday, August 19, at Martha Clara Vineyards which raised significant dollars to grant to East End not-for-profits. The resulting "Fund for the East End" and grant process will be managed by the [Long Island Community Foundation \(LICF\)](#) to ensure transparency. They will administer fund disbursement of profits obtained through AFTEE's efforts.

An advisory committee consisting of one representative from each of the five East End towns – Riverhead, Shelter Island, Southampton, Southold and East Hampton – works with LICF staff to review submitted proposals and recommend organizations to receive funding.

The five most eastern towns of Suffolk County (Riverhead, East Hampton, Southold, Southampton, Shelter Island) have over 1,075 registered nonprofit organizations that provide basic needs, leadership on sustainability and environmental issues, preservation and presentation of arts and culture, and educational support, providing vital help to our community.

AFTEE's mission to publicly showcase and support the non-profits of the East End,
