Dear Ms. Cain:

I am writing in response to your letter of September 21, 2017 (copy enclosed) in which you indicated that DISH Network has rejected Arizona Public Media's DBS election notice for carriage of the PBS 6 *Plus* programming stream of station KUAS-TV (OTA Channel 27.3). As justification for the rejection you cite that it is your understanding that KUAS-TV substantially duplicates the signal of other broadcast television stations located within the same DMA (that being Arizona Public Media station KUAT-TV's PBS 6 programming stream - OTA Channel 6.1). You further indicated, however, that if we had information to demonstrate non-duplication, such as monthly programming schedules, you would consider revising your rejection. Please find enclosed programming schedule grids, shown on alternate pages, for KUAT-TV PBS 6 (labeled PBS 6 at the top of the corresponding page) and KUAS-TV PBS 6 *Plus* (labeled *Plus* at the top of the corresponding page), which clearly illustrate that there is no simultaneous duplication of programming in primetime or non-primetime periods on the two services.

We hope that you will find that KUAS-TV's PBS 6 *Plus* service is not only substantially different from that of KUAT-TV's PBS 6, but that its inclusion in DISH's channel line up in the Tucson (Sierra Vista) DMA will be welcomed as a valued addition by your viewers.

Thank you very much for your kind consideration.

Sincerely,

**Re: Mandatory Carriage Election
KUAS – Tucson (Sierra Vista) AZ DMA**

Dear Mr. Gibson:

We received KUAS's letter postmarked September 15, 2017, electing mandatory carriage for the upcoming election cycle commencing on January 1, 2018 and ending on December 31, 2020. It is our understanding that KUAS substantially duplicates the signal of other local television broadcast stations assigned to the applicable DMA. As such, your election is rejected on this basis pursuant to federal regulations.

If you have information to demonstrate non-duplication, such as monthly programming schedules, please forward the programming schedules for each station to DISH Programming, attention Teresa Cain (teresa.cain@dish.com) and we will be pleased to consider such information.

Sincerely,

A handwritten signature in cursive script that reads "Teresa Cain".
