

**WSHL-FM, Easton, Massachusetts
Stonehill College, Inc.**

Quarterly Programming Statement for January 1, 2023 – March 31, 2023

April 9th, 2023

WSHL-FM, “The Radio Voice of Stonehill College”, located in North Easton, Massachusetts, operates 24 hours a day, 7 days a week, throughout the year to provide programming to enlighten, entertain and to inform. Our main programming focus is geared towards a young adult audience, ages 18 years of age and older, with a primary emphasis towards a college aged audience.

WSHL-FM provides a free-form alternative music format with daily informational programming including news, weather, and sports segments to keep our audience in the Greater Easton/Brockton area informed about the world around us. **WSHL-FM** broadcasts Public Service Announcements at approximately :15 minutes past the hour and at :45 minutes past the hour, 24 hours a day and 7 days a week. Our public service announcements continue to be provided by The Advertising Council, which we regularly update to assure continuous service to the local Easton and Brockton communities. In addition, we provide continuous automated music during the overnight hours and during scheduled college breaks.

Our daily programming has been completely produced by students at the college since we started broadcasting on FM, back in January 1974. Our FM's 50th Anniversary is scheduled for the winter of 2024.

Despite the limitations brought on by the recent COVID pandemic, we still provided student-based programming daily from our live studio facilities and will continue until the end of the academic year. We resumed regular **live** undergraduate student programming as of September 2022. **College Academy** has provided live talk and music programming with their students this past summer. They are planning return this summer in July 2023, as well.

In addition to live student-based programming, we have resumed live play-by-play sports programming from the WB Mason Stadium and basketball broadcasts from the Merkert Gym at the College Center AND live baseball broadcasts from Lou Gorman field. We are planning to provide more live programming from our main studio and from various venues on campus. We are planning to be broadcasting the 72nd Stonehill College Commencement in May, as well. Thank you!

Sincerely,

Peter Q. George (K1XRB)
Chief Engineer/Operator, WSHL-FM
