

**WSHL-FM, Easton, Massachusetts
Stonehill College, Inc.**

Quarterly Programming Statement for July 1, 2022 – September 30, 2022

October 7th, 2022

WSHL-FM, “The Radio Voice of Stonehill College”, located in North Easton, Massachusetts, operates 24 hours a day, 7 days a week, throughout the year to provide programming to enlighten, entertain and to inform. Our main programming focus is geared towards a young adult audience, ages 18 years of age and older, with a primary emphasis towards a college aged audience.

WSHL-FM provides a free-form alternative music format with daily informational programming including news, weather, and sports segments to keep our audience in the Greater Easton/Brockton area informed about the world around us. **WSHL-FM** provides regularly scheduled Public Service Announcements at approximately :15 minutes past the hour and at :45 minutes past the hour, 24 hours a day and 7 days a week. Our public service announcements continue to be provided by The Advertising Council, which we regularly update every quarter to assure continuous service to the local Easton and Brockton communities. In addition, we provide continuous automated music during overnight hours and during scheduled college breaks.

Our daily programming has been completely produced by students at the college since we started broadcasting back in 1974.

Despite the limitations brought on by the recent COVID pandemic, we still provided student-based programming daily from our live studio facilities until the end of the academic year. We have returned to regular **live** undergraduate student programming as of September, 2022. **This** summer, as in the past, **College Academy** has provided live talk and music programming with their students daily (Mon-Fri) from July 5th until mid-August from 8:30 AM until 4:00 PM.

In addition to our live student-based programming, we have resumed live play-by-play sports programming from the WB Mason Stadium and basketball broadcasts from the Merkert Gym at the College Center. We are planning to provide more live programming from our main studio and from various venues on campus. On Sunday, May 22nd, 2022, WSHL-FM broadcasted the Stonehill College 71st Annual Commencement Exercises, in Stereo, live on 91.3 FM and simulcast online. Thank you!

Sincerely,

Peter Q. George (K1XRB)
Chief Engineer/Operator, WSHL-FM
