

Issues Programs List

Quarterly Issues Programs List

WBLM, WHOM, WCYY, WJBQ

January 1, 2024 through March 31, 2024

Section I. Issues

The stations have identified the following topics as significant issues facing our community in this quarter:

- A. **Health:** Residents of Maine and New Hampshire benefit greatly from organizations such as Healthy Smiles and The American Heart Association, that provide education, programming and services that keep us healthy.
- B. **Child Welfare:** The children of New Hampshire and Maine depend upon non-profit programs for advocacy, counseling, education, housing, healthcare and so much more. Organizations such as Hardy Girls, Healthy Women and the Boys and Girls Clubs of Southern Maine, provide services to address these needs.
- C. **Environment:** Keeping items out of our waste stream and protecting our natural resources is accomplished through the efforts of non-profit organizations such as Ruth's Reusable Resources and Give IT Get IT.
- D. **Education/Employment:** Maine and New Hampshire are very lucky to have organizations such as: Give IT Get IT, Portland Schools, Mt. Washington STEM Expo and the U.S.M. Tourism Program that improve the quality of life for our residents by providing education and training.
- E. **Housing:** Housing prices in Maine and New Hampshire are higher than they have ever been, creating a crisis. Non-profit organizations in Maine and New Hampshire addressing this need include Neighborworks.

Section II. Responsive Programs

Date(s) Aired	Time(s) aired	Duration (Minutes)	Program Name	Related Issue	Description of Program & Issue Discussed
01/07/2024	6a	:30	Perspectives	Economy, Education	Tracy Michaud, Associate Professor of Tourism and Hospitality at the University of Southern Maine, spoke about scholarships that are available, and that 1 out of 5 people are employed in the THOR industries.
