**ISSUES OF CONCERN TO THE COMMUNITY**

**KFI-AM 640 provides its listeners with programming that addresses issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:**

**CRIME**

During this quarter, several issues in this category were covered including; Mayor Garcetti and Cal Trans announcing a joint venture giving a grand to the city of LA to be used only to hire ex-convicts, a shooting at the UCLA campus that initially was reported as an 'active shooter' situation, which put the city on edge, it was later found to be a disgruntled student that shot his professor, and former Assistant Sheriff of the LA County Sheriff's Department, Paul Tanaka being found guilty in a huge jail corruption scandal.

**ECONOMY**

This quarter, California's decision to raise the minimum wage via the 'Fair Wage Act of 2016' was an important issue covered, and sparked discussion of jobs being lost due to technology. We discussed how this act would affect everyday families and local businesses throughout the state.

**EDUCATION**

Several issues this quarter were covered in this category including a fight at a school campus in Sylmar that may have been sparked over racial issues, the Obama administration requiring all public schools to allow transgendered students to access the bathroom of the sex that they identify with and LAUSD reaching an \$88 million settlement in several sexual misconduct cases at two local campuses.

**TERRORISM**

This quarter a terrorist attack at a gay nightclub in Orlando, Florida was covered live as the story unfolded. We kept listeners aware of the latest developments in the situation, and updated the story as we gathered new information.
