

KTCK-AM/FM DALLAS/FORT WORTH, TX ISSUE/PROGRAM REPORT FOURTH QUARTER 2020 January 1, 2021

Part 1 - INTRODUCTION

KTCK (AM), licensed to Dallas, TX, and KTCK (FM), licensed to Flower Mound, TX, serve the Dallas/Fort Worth area. From October 1 through December 31, 2020, KTCK (AM) & KTCK (FM) aired 30 minutes of public affairs programming weekly. This includes a locally produced weekly program ("Impact Texas") which focuses on issues affecting our local community and includes guests who have knowledge of these topics.

Weekend Programming:

"Impact Texas" – every Saturday from 11:00p–11:30p.

Details about individual Impact Texas segments are included in Part 2 of this report.

KTCK is a participant in "The Amber Plan", in which area radio stations alert the public of confirmed child abductions. In the Fourth Quarter of 2020, KTCK activated "The Amber Plan" when necessary, to provide information about child abductions to the general public.

KTCK has determined the following to issues of concern to our audience during the Fourth Quarter of 2020:

- 1-Hunger
- 2-Poverty
- 3-Homelessness
- 4-Children's services
- 5- COVID 19

During this time if KTCK participated in Community Service Projects, they are listed and described in Part 3.

During the Fourth Quarter of 2020, KTCK ran a variety of recorded and live PSAs. The PSAs aired through all day parts, Monday through Sunday from 6:00 AM until 5:59 AM. The following pages describe the station's most significant treatment of the previously described community issues of concern.

Part 2 – KTCK's SELECTED ISSUES OF CONCERN

SERIES TITLE: Impact Texas

PROGRAM: Speedway Children's Charities

SEGMENT LENGTH: 30 minutes

DATE AIRED: Saturday – October 3, 2020 **TIME AIRED:** 11:00 PM – 11:30 PM

SOURCE: Local In-House

DESCRIPTION: This week we visited with the official charity of Texas Motor

Speedway to talk about their grant process for 2021 and

their upcoming events during the pandemic.

SERIES TITLE: Impact Texas PROGRAM: The Family Place

SEGMENT LENGTH: 30 minutes

DATE AIRED: Saturday – October 10, 2020

TIME AIRED: 11:00 PM – 11:30 PM

SOURCE: Local In-House

DESCRIPTION: We spoke to Paige Flink, CEO of the Family Place about the

issue of domestic violence as we head into the holiday

season.

SERIES TITLE: Impact Texas **PROGRAM**: The Family Place

SEGMENT LENGTH: 30 minutes

DATE AIRED: Saturday – October 17, 2020

TIME AIRED: 11:00 PM – 11:30 PM

SOURCE: Local In-House

DESCRIPTION: the previous week's program was re-run this week.

SERIES TITLE: Impact Texas FROGRAM: Komen Dallas SEGMENT LENGTH: 30 minutes

DATE AIRED: Saturday – October 24, 2020

TIME AIRED: 11:00 PM – 11:30 PM

SOURCE: Local In-House

DESCRIPTION: This week we wrapped up Breast Cancer Awareness Month

by speaking to Komen Dallas about their programs, events and services they provide to survivors of breast cancer.

SERIES TITLE: Impact Texas

PROGRAM: Ronald McDonald House Dallas

SEGMENT LENGTH: 30 minutes

DATE AIRED: Saturday – October 31, 2020

TIME AIRED: 11:00 PM – 11:30 PM

SOURCE: Local In-House

DESCRIPTION: This week we spoke to the CEO for RMHD about the history

of their Ronald McDonald House and their annual upcoming

event The Trains at Northpark.

SERIES TITLE: Impact Texas

PROGRAM: Ronald McDonald House Dallas

SEGMENT LENGTH: 30 minutes

DATE AIRED: Saturday – November 7, 2020

TIME AIRED: 11:00 PM – 11:30 PM

SOURCE: Local In-House

DESCRIPTION: Due to an unforeseen scheduling issue, the previous week's

programming was re-aired.

SERIES TITLE: Impact Texas

PROGRAM: Badge of Honor Memorial Fund

SEGMENT LENGTH: 30 minutes

DATE AIRED: Saturday – November 14, 2020

TIME AIRED: 11:00 PM – 11:30 PM

SOURCE: Local In-House

DESCRIPTION: This week we spoke to an organization which serves the

families of fallen police officers killed in the line of duty.

SERIES TITLE: Impact Texas

PROGRAM: North Texas Food Bank

SEGMENT LENGTH: 30 minutes

DATE AIRED: Saturday – November 21, 2020

TIME AIRED: 11:00 PM – 11:30 PM

SOURCE: Local In-House

DESCRIPTION: As the holidays draw near, we spoke to NTFB about their

programs and drive to serve those in our community who are

facing hunger.

SERIES TITLE: Impact Texas

PROGRAM: North Texas Food Bank

SEGMENT LENGTH: 30 minutes

DATE AIRED: Saturday – November 28, 2020

TIME AIRED: 11:00 PM – 11:30 PM

SOURCE: Local In-House

DESCRIPTION: The previous program was re-aired due to scheduling

conflicts.

SERIES TITLE: Impact Texas

PROGRAM: Girl Scouts of NE Texas

SEGMENT LENGTH: 30 minutes

DATE AIRED: Saturday – December 5, 2020

TIME AIRED: 11:00 PM – 11:30 PM

SOURCE: Local In-House

DESCRIPTION: This week we spoke to the Executive Director for GSNETX

about the life skills and leadership skills girls obtain by being

in Girl Scouts.

SERIES TITLE: Impact Texas

PROGRAM: Minnie's Food Pantry/Carter Bloodcare

SEGMENT LENGTH: 30 minutes

DATE AIRED: Saturday – December 12, 2020

TIME AIRED: 11:00 PM – 11:30 PM

SOURCE: Local In-House

DESCRIPTION: This week we re-aired a program from earlier in the year with

2 organizations facing the pandemic in different ways and how the community can help fulfill the need of hunger in our

community and the need for blood donations.

SERIES TITLE: Impact Texas

PROGRAM: Black Girls With Purpose

SEGMENT LENGTH: 30 minutes

DATE AIRED: Saturday – December 19, 2020

TIME AIRED: 11:00 PM – 11:30 PM

SOURCE: Local In-House

DESCRIPTION: This week Karina spoke to a young lady who founded this

organization to empower young women to meet their

potential.

SERIES TITLE: Impact Texas

PROGRAM: Austin Street Center

SEGMENT LENGTH: 30 minutes

DATE AIRED: Saturday – December 26, 2020

TIME AIRED: 11:00 PM – 11:30 PM

SOURCE: Local In-House

DESCRIPTION: This week we spoke to Daniel Roby, CEO of Austin Street, a

homeless shelter in Dallas about their program. We spoke about the effect COVID had on how they operate the shelter,

changes for 2021 as well as their upcoming event

Normathon which benefits the shelter.

Part 3 – OTHER COMMUNITY INVOLVEMENT FOR KTCK

COMMUNITY EVENTS

11/9-11/15, D&M Open Week

Week-long fundraiser to support Special Olympics Texas. raised \$1,000

11/30-12/28, Normathon 2020

Month-long fundraiser, car raffle, and auction to support Austin Street Center. raised \$534,500

Weekly Public Affairs Program

Call Letters: KTCK-AM/FM

QUARTERLY ISSUES REPORT, OCTOBER-DECEMBER, 2020

Show # 2020-40

Date aired: 10/04/2020 Time Aired: 5A-530A

Stuart N. Brotman, executive policy adviser, legal analyst, author of "*Privacy's Perfect Storm: Digital Policy for Post-Pandemic Times*"

The COVID-19 lockdowns have expanded the online world of work and school at home to unprecedented levels. Mr. Brotman outlined the rapid increase in digital privacy issues related to this new trend, and what is necessary to address the problem. He also talked about privacy issues related to terms of agreement that consumers typically ignore when installing apps or other software.

Length: 8:43

Length: 8:33

Length: 5:02

Issues covered:

Privacy
Government Regulation
Consumer Matters

Ajit Mathew George, founder of Second Chances Farms, LLC in Wilmington, DE

Mr. George founded an organization that employs only convicted felons, training them in entrepreneurship through mentorship programs and green collar jobs at hydroponic, indoor vertical farms in economically distressed communities. He explained how the farms replace recidivism with compassionate capitalism and turn entrepreneurs-in-residence into "Agri-preneurs." He also explained how the farms were forced to rapidly adapt to serving consumers directly, when the coronavirus lockdowns closed restaurants.

Issues covered:
Criminal Reform
Entrepreneurship
Environment
Poverty

Stephanie L. Bonne, MD, Assistant Professor of Surgery, Director of the Hospital Violence Intervention Program at Rutgers New Jersey Medical School

Dr. Bonne led a study of injuries caused by glass-topped tables. She said the furniture causes thousands of injuries each year, many requiring significant surgeries and long hospital stays. She said the U.S. Consumer Product Safety Commission requires tempered glass for products like doors and car windshields but it is voluntary for horizontal surfaces.

Issues covered:
Home Safety
Government Regulation
Consumer Matters

Date aired: <u>10/11/2020</u> Time Aired: <u>5A-530A</u>

Carol L. Rickard, Tobacco Treatment Specialist, author of "The Benefits of Smoking: Why It's So Hard to Quit Smoking and What You Can Do about It"

70% of smokers would like to quit, but only 4 to 7% will be successful. Ms. Rickard explained what smokers perceive as the benefits and why it's so hard for people to kick the habit once they've started. She also discussed the potential risks associated with e-cigarettes and vaping. She suggested resources that smokers can use to quit for good.

Issues covered:
Women's Issues
Consumer Matters
Parenting
Media

Mathew Freeman, Co-Founder and Senior Executive Consultant at TMI Consulting, a diversity and inclusion management consulting firm, co-author of "Overcoming Bias: Building Authentic Relationships across Differences""

Mr. Freeman said every human is biased in one way or another, and it's a constant process to recognize and reduce it. He explained why bias has such an impact in every aspect of life, and how companies should address it in the workplace. He said the secret to dealing with bias is by intentionally cultivating meaningful relationships with those who are different.

<u>Issues covered:</u>
Diversity
Minority Concerns
Workplace Matters

<u>Length:</u> 8:33

Length: 8:44

Gloria Lopez-Cordle, nationally-recognized patient advocate, creator of "the Personal Medical Journal", a patient organizational tool

A recent study found that American hospitals are making preventable medical errors that kill thousands of Americans each year. Ms. Lopez-Cordle believes that patients and their families need to take charge of their medical information to prevent mistakes by doctors. She offered advice on what kinds of medical data is important and how to organize it.

<u>Issues covered:</u> Personal Health Length: 4:48

Date aired: <u>10/18/2020</u> Time Aired: <u>5A-530A</u>

Dennis Culhane, PhD, Dana and Andrew Stone Professor of Social Policy at the University of Pennsylvania School of Social Policy and Practice, co-founder and Co-Director of the Actionable Intelligence for Social Policy initiative

Over the next decade, the number of elderly homeless Americans is projected to triple — and that was before COVID-19 hit. Prof. Culhane explained why younger members of the boomer generation have remained the dominant homeless population in the United States, and what can be done to address the problem. He noted that people who experience homelessness have a life expectancy of 64-65 years.

Length: 7:38

Length: 9:36

Length: 5:09

Issues covered: Homelessness Senior Citizens Drug Abuse

Christopher Ali, PhD, Associate Professor, Department of Media Studies, University of Virginia

Nearly 40 million households lack a quality internet connection, cutting them off from work, schools and more. Prof. Ali said the same huge government efforts that brought electricity and telephone service to rural areas in the 1930s and 40s should be applied in a similar way to broadband service today. He said lower income and minority Americans are most likely to be affected by the digital divide.

Issues covered:
Broadband Internet
Rural Concerns
Education
Poverty

Michael S. Pollard, PhD, Senior Sociologist at the RAND Corporation, Professor at the Pardee RAND Graduate School

Across America, alcohol consumption has risen sharply during the pandemic shutdowns. Dr. Pollard led a study that found that heavy drinking by women rose 41%. He explained who was most at risk of binge drinking and why this is a serious and ongoing problem.

<u>Issues covered:</u>
Alcoholism
Mental Health
Coronavirus Lockdowns

Date aired: <u>10/25/2020</u> Time Aired: <u>5A-530A</u>

Farrokh Alemi, PhD, Professor of Health Informatics, George Mason University College of Health and Human Services

Suicide among US veterans is on the rise. Prof. Alemi led a study that examined the reasons that vets take their own lives. He found that while social factors like family problems and homelessness can predict suicide, they are not the cause of it -- mental illness is. He said the results of the study were a surprise. He added that the social isolation that accompanies COVID-19 has been a major factor in increasing suicide rates overall.

Issues covered:
Suicide
Veterans Issues
Mental Health

Length: 8:31

Joseph Dieleman, PhD, Associate Professor in the Department of Health Metric Sciences at the University of Washington, faculty lead of the Resource Tracking team at the Institute for Health Metrics and Evaluation

Prof. Dieleman said five major health risks, things such as obesity, high blood pressure, and smoking, were linked to over \$730 billion in preventable health care spending in the US in 2016. He talked about policy changes and public awareness programs that may influence people to take steps to avoid costly health problems.

<u>Issues covered:</u> Healthcare Costs Personal Health Length: 8:41

David B. Soma, MD, Pediatric Sports Medicine Specialist, Mayo Clinic

Youth sports can help kids via exercise and the development of socialization skills, but the COVID-19 pandemic has had a dramatic effect on sports programs nationwide. Dr. Soma explained how the risks vary from one sport to another, and what parents and student athletes can do to reduce their chances of contracting the virus during sports activities.

Issues covered:

Education

Tom Corley, Certified Financial Planner, author of "Effort-Less Wealth: Smart Money Habits at Every Stage of Your Life"

Life is a series of stages, and Mr. Corley said money mistakes made in one stage can have a ripple effect, impacting one or more subsequent stages. He explained how those who develop smart money habits early will position themselves up for lifelong financial success. He outlined the four ways that any American can become wealthy.

<u>Issues covered:</u>
Personal Finance
Retirement Planning

Lois E. Krahn, MD, psychiatrist and sleep medicine specialist, Mayo Clinic in Phoenix

As most of the nation switches from daylight saving to standard time, many people welcome the extra hour of sleep. Dr. Krahn explained how time changes affect the body and sleep patterns, such as increased traffic accidents in subsequent weeks. She also offered tips to adapt to the schedule change.

<u>Issues covered:</u> Personal Health

Date aired: <u>11/08/2020</u> Time Aired: <u>5A-530A</u>

Patricia Boyle, PhD, neuropsychologist, Professor of Behavioral Sciences at the Rush Alzheimer's Disease Center, part of Rush University in Chicago

Scammers are using the COVID-19 pandemic as a new weapon to target senior citizens. Dr. Boyle outlined the latest battery of financial scams, including telemarketer offers for contact tracing – for a fee – or to reserve a slot for a future vaccine. She said many older adults don't realize that they are more frequent targets of scams. She added that changes in financial decision-making may be an early warning sign of impending dementia or cognitive decline.

<u>Issues covered:</u> <u>Length:</u> 9:03

Crime Senior Citizens Alzheimer's disease

Steve Webb, PhD, Certified Social Media Intelligence Expert, Certified A.L.I.C.E. Active Threat Training Instructor, R.A.I.D.E.R. Solo Engagement Tactics Level II Instructor for law enforcement, Associate Professor in Educational Administration at Southern Illinois University and McKendree University, the author of "Education in a Violent World"

Online school instruction has caused children to spend more time in front of computers than ever. Dr. Webb said American parents would be shocked at how much data about a child is collected when he or she is online. He also talked about cyberbullying and its effect on the suicide rates of children.

Date aired: <u>11/15/2020</u> Time Aired: <u>5A-530A</u>

Nicholas Bloom, PhD, Professor in the Department of Economics at Stanford University, Co-Director of the Productivity, Innovation and Entrepreneurship program at the National Bureau of Economic Research

Around 32% of American adults are now working from home fulltime, compared to just 2% prior to the pandemic. Prof. Bloom talked about the technical handicaps faced by large numbers of workers, and why working from home produces less innovation. He also explained the inequality effect, as more educated, higher-earning employees are far more likely to work from home and continue to get paid, develop their skills and advance their careers.

Shelby Kerns, Executive Director, National Association of State Budget Officers

US states are facing the biggest cash crisis since the Great Depression, as varying levels of lockdowns for months have caused tax revenues to collapse. Ms. Kerns said states have responded with different approaches, including spending reductions ranging from 0 to 20%. She discussed the likelihood of state tax increases or bailouts from federal taxpayers for states in the deepest trouble.

<u>Issues covered:</u> Government Spending Taxes

Linda Pagani, PhD. Senior Researcher, CHU Sainte-Justine Pediatric Hospital in Montreal

Prof. Pagani was the senior author of a study that examined the readiness of children for kindergarten and how it affects academic performance through age 17. She said when children establish a good basis in kindergarten for subjects like vocabulary, they tend to also have less anxiety at age 17. She offered advice for parents.

Date aired: <u>11/22/2020</u> Time Aired: <u>5A-530A</u>

William Schaffner, MD, Professor of Preventive Medicine, Department of Health Policy, Professor of Medicine, Division of Infectious Diseases at Vanderbilt University

This year's flu season presents a unique challenge as COVID-19 positive tests continue to rise. Dr. Schaffner outlined the similarities and differences between the flu and COVID-19, and discussed the chances that the similar symptoms may cause doctors to make wrong diagnoses. He also addressed reports that cases of influenza appear to have plummeted by 98% across the globe. He recommended that patients contact their doctor via email or phone if they suspect they have the coronavirus, to avoid spreading it in waiting rooms or emergency rooms.

Public Health

Justin Reich, **PhD**, Assistant Professor in the Comparative Media Studies/Writing Department at the Massachusetts Institute of Technology, Director of the MIT Teaching Systems Lab, author of "Failure to Disrupt: Why Technology Alone Can't Transform Education"

Dr. Reich delivered a report card on the latest supposedly transformative educational technologies. He said assessment technology does a poor job of measuring whether a child is truly learning. He said most teachers were ill-prepared to make such a rapid transition to online learning this year, and explained how that problem can be addressed.

Issues covered: Education Technology

Nick Rizzo, Fitness Research Director, RunRepeat.com

As businesses of all types struggle to stay afloat during COVID-19, a new poll has some bad news for gyms around the globe. Mr. Rizzo said only 31 percent of gym members have returned to their fitness clubs thus far, a more dismal result than gym owners expected. He said new lockdowns this winter could potentially cause a majority of gyms to never reopen.

<u>Issues covered:</u>

Economy/Small Business

Date aired: <u>11/29/2020</u> Time Aired: <u>5A-530A</u>

Jan Edwards, President and CEO of Paving the Way, an organization that raises awareness about sex trafficking through public education

Ms. Edwards discussed the growing issue of sex trafficking. She said the problem is rampant in every corner of the U.S, and that the average victim drawn into the sex trade is age 14 to 16. She outlined other characteristics of those most at risk, and how predators target and groom their victims.

Issues covered: Sex Trafficking Youth at Risk Crime Length: 9:41

Ted Frank, career consultant, author of "Get to the Heart"

Mr. Frank discussed the importance of learning how to effectively communicate in the workplace. He explained how it can increase efficiency and improve productivity. He believes presentations should focus on no more than three key points at a time, and that the use of examples and illustrations is crucial to improved communications.

<u>Issues covered:</u> Workplace Matters Career Length: 7:31

Length: 5:06

Steve Cicala, **PhD**, Assistant professor at the Harris School of Public Policy at the University of Chicago, Faculty Research Fellow at the National Bureau of Economic Research

Dr. Cicala led a study that determined that deregulated power markets on the wholesale level have significantly cut the cost of generating electricity, saving consumers \$3 billion a year. He discussed how this little-known market works and why it should matter to consumers. He also explained how smart meters will eventually give consumers even greater power in managing their energy costs.

<u>Issues covered:</u> Energy Consumer Matters

Date aired: <u>12/06/2020</u> Time Aired: <u>5A-530A</u>

Valerie Burton, Certified Personal and Executive Coach, founder of The Coaching and Positive Psychology Institute, author of "Successful Women Speak Differently: 9 Habits That Build Confidence, Courage, and Influence"

Ms. Burton said the most successful women are often not the most talented, the most gifted, or even the most experienced. She believes the knack for communicating is what opens doors and gives women influence in the workplace. She outlined simple techniques women can utilize to be more clearly understood and respected.

<u>Issues covered:</u> Women's Issues Employment Length: 8:48

Length: 8:19

John Hagan, PhD, John D. Macarthur Professor of Sociology and Law, Northwestern University

Dr. Hagan led a study that uncovered a connection between increased unemployment rates and school shootings. He said the findings were consistent across the all regions of the U.S. and that shooters come from all backgrounds and income levels. He offered possible explanations behind this trend.

<u>Issues covered:</u> School Shootings Unemployment

Jason Hanson, former CIA officer, security specialist, author of "Spy Secrets That Can Save Your Life: A Former CIA Officer Reveals Safety and Survival Techniques to Keep You and Your Family Protected"

Mr. Hanson discussed ways to prevent and react to home invasions or abductions. He explained simple steps the average homeowner can take to make a house criminal-proof. He also offered tips on how to stay safe while traveling.

William Chopik, PhD, Assistant Professor of Psychology, Michigan State University

Prof. Chopik recently completed two studies that examined age bias: one examining which countries around the world showed the greatest implicit bias against older adults, and the other looking at individual states across the U.S. He said states with higher age bias also tended to have higher Medicare costs, lower community engagement and less access to care.

<u>Issues covered:</u> <u>Length:</u> 8:59

Age Bias Aging Medicare

Shujing Sun, PhD, Assistant Professor of Information Systems in The Naveen Jindal School of Management, University of Texas at Dallas

Overcrowding in emergency rooms is a costly and concerning problem, compromising the quality of patient care. Prof. Sun investigated the potential of telemedicine as a generic solution to reduce ER congestion, and found that on-site nurse practitioners or physician assistants can effectively treat patients with minor conditions under the remote supervision of off-site physicians. She said even serious conditions such as a stroke can be better treated if emergency physicians can consult remote stroke specialists.

Length: 9:39

Daniel Karpowitz, PhD, Director of Policy and Academics for the Bard Prison Initiative, Lecturer in Law and the Humanities at Bard College in Annandale-on-Hudson, NY, Co-founder of the Consortium for the Liberal Arts in Prison, author of "College in Prison: Reading in an Age of Mass Incarceration"

Prof. Karpowitz explained how and why Bard College has provided hundreds of incarcerated men and women across the country access to a high-quality liberal arts education. He said inmate students are expected to meet the same requirements as students on a traditional campus. He added that, while education does reduce the rate at which convicts return to prison, higher education should never be measured in that manner.

<u>Issues covered:</u> Education Criminal Rehabilitation

Kendrin Sonneville, ScD, RD, LDN, Research Scientist, Clinical Nutrition Specialist at Children's Hospital, Boston

Dr. Sonneville conducted a study that found that teenage girl athletes with the highest levels of vitamin D in their diets were half as likely to suffer a stress fracture. She said vitamin D deficiencies in teen girls are common. She explained which activities are most commonly associated with stress fractures and recommended ways to get enough vitamin D.
