1/15/23	7:30AM	COMMONWEALTH CLUB	<p>Getting Justice Right: The Business Case for Second Chance Hiring</p> <p>Jeff Korzenik will be in conversation with Ken Oliver, the executive director of San Francisco-based Checkr Foundation. Oliver leads one of the country's most important initiatives for encouraging second chance/fair chance hiring within technology and other industries. With perspective gained from his own experience incarcerated in the California prison system, Oliver will question Korzenik on the origins on the business perspective on people involved in the justice system, the barriers to employment faced by returning citizens, and why he believes business is a critical partner to a more just world. The conversation will rely heavily on real-world examples or success and the necessary investments employers must make for fair chance hiring to succeed in business terms.</p> <p>Jeffrey Korzenik is the author of <i>Untapped Talent: How Second Chance Hiring Works for Your Business and the Community</i> (HarperCollins Leadership, April 2021). The chief investment strategist for one of the country's largest commercial</p>

KVRI 1st QUARTER 2023 PUBLIC AFFAIRS RECORD

DATE	TIME	PROGRAM NAME	DESCRIPTION
			<p>banks, Korzenik is an unlikely advocate for those with a criminal record. From speaking engagements to his regular appearances on CNBC, Bloomberg and Fox Business News, and in his articles in <i>Harvard Business Review</i>, the <i>Stanford Social Innovation Review</i> and numerous regional outlets, Korzenik argues that offering career opportunities to those overlooked because of a mistake in the past are our single best solution to our labor shortage. Such second chance/fair chance hiring, in his view, not only strengthens the economy, but offers a critical path to safer and healthier communities. In 2020, Korzenik was elected to membership in the Council on Criminal Justice in recognition of his work on the intersection of the labor force and the justice system. Korzenik is a graduate of Princeton University and has served on numerous nonprofit boards.</p>
1/22/23	7:00AM	THIS WEEK IN AMERICA	<p>Segment #1- Science/Self Help</p> <p>Summary: Our guest discusses his new book "The Rickety Rocket", an inventive tale of three children who learn to be resourceful, make their own fun and learn from mistakes.</p> <p>Guest: James Titmas is an engineering consultant who has authored many patents. **KVRI 1st QUARTER 2023
PUBLIC AFFAIRS RECORD**

DATE	TIME	PROGRAM NAME	DESCRIPTION
1/22/23	7:30AM	COMMONWEALTH CLUB	<p>Green Buildings: Cooking Without Gas</p> <p>It's become common for homeowners to install solar panels to provide themselves with emission-free electricity. But increasingly more attention is being paid to decarbonizing things inside the home—the machines that heat and cool water and air, dry our clothes and cook our food. The Inflation Reduction Act includes many ways for homeowners and renters to start to electrify their lives. And in some places, builders are developing highly efficient, all-electric homes from the get-go.</p> <p>What more is needed to make our buildings greener and get away from fossil fuels?</p>
1/29/23	7:00AM	THIS WEEK IN AMERICA	<p>Segment #1- Addiction/ Self-Help</p> <p>Summary: Our guest discusses her story of rebuilding a life destroyed by drugs and alcohol.</p> <p>Guest: Leilani Faber is a recovering addict who has been serving those with mental health issues including substance abuse disorders since 2011. A licensed professional counselor, speaker, recovery coach and trainer. Author of "Vision of Hope: Rebuilding a Life Destroyed by Drugs and Alcohol".</p> <p>Issues Covered: warning signs, positivity, struggles, goals</p>
1/29/23	7:15AM	THIS WEEK IN AMERICA	<p>Segment #2- Same as Segment #1</p> <p>Summary: Same as Segment #1</p> <p>Guest: Same as Segment #1</p> <p>Issues Covered: pandemic, recovery, challenges, redemption</p>

KVRI 1st QUARTER 2023 PUBLIC AFFAIRS RECORD

DATE	TIME	PROGRAM NAME	DESCRIPTION
1/29/23	7:30AM	COMMONWEALTH CLUB	<p data-bbox="685 359 1015 394">Muppets in Moscow</p> <p data-bbox="685 436 1513 720">After the collapse of the Soviet Union, against a backdrop of massive cultural shifts, violence and political upheaval, Natasha Lance Rogoff took on the challenge of creating a program that had never existed before, <i>Ulitsa Sezam</i>, a Russian version of <i>Sesame Street</i>. This new children's television program, produced by a Russian-American team, was designed to introduce children into the world of learning in a very joyful way.</p> <p data-bbox="685 762 1497 1087">What started as an attempt to entertain and educate millions of children across the former U.S.S.R., encouraging tolerance and inclusion, spiraled into the astonishing true story of culture clashes shaping all aspects of production. On the set, the production team navigated conflicts about topics like diversity, class, and even the notion of encouraging children's optimism about the future. Meanwhile, off the set, there were car bombings, assassinations of the show's top broadcast partners, and hostile takeovers of the production studios.</p> <p data-bbox="685 1129 1469 1339"><i>Muppets in Moscow</i> is as much about the work that went into the show and how rewarding it was to bring such a popular American program to the former U.S.S.R., as it is about navigating the Russian television landscape in the 1990s and stretching the limits of freedom of expression in a society unaccustomed to such freedoms.</p> <p data-bbox="685 1381 1507 1675">While <i>Ulitsa Sezam</i> ended in 2007 along with many other independently produced programs shut down by Putin's government, a generation of Russian children grew up watching it. The show's history offers a valuable perspective of Russia and its people that remains relevant today. Join us as Natasha Lance Rogoff sheds light on the core values and beliefs that shaped Russia during this tumultuous period and the clashes that continue to play out today between Putin's Russia and the West.</p>

2/19/23	7:30AM	COMMONWEALTH CLUB	<p>Saket Soni on the People Who Make Disaster Recovery Possible</p> <p>Who cleans up and rebuilds our communities after floods, fires and hurricanes? COVID redefined America's definition of "essential workers," but many who help communities recover from climate disasters remain underpaid and overlooked.</p> <p>In 2006, Saket Soni got an anonymous call from an Indian migrant worker in Mississippi who had scraped together \$20,000 to apply for the "opportunity" to rebuild oil rigs after Hurricane Katrina. The caller was only one of hundreds lured into Gulf Coast labor camps, surrounded by barbed wire, and watched by armed guards. In Soni's new book <i>The Great Escape</i>, he chronicles one of the largest human trafficking cases in modern American history—and the workers' heroic journey for justice.</p> <p>Today, Soni is the founder and director of Resilience Force, a national nonprofit that advocates for the rising workforce that rebuilds after climate disasters. Join Climate One host Greg Dalton in conversation with Saket Soni as we explore the surprising connections between climate disasters, migrant labor and resilience.</p>
2/26/23	7:00AM	THIS WEEK IN AMERICA	<p>Segment #1 – Human Trafficking</p> <p>Summary: Our guest discusses her book which offers a behind-the-scenes account of the lives of trafficked girls.</p> <p>Guest: Pamela Rigdon is a writer who focuses on women's issues and human trafficking. She worked in Romania with a humanitarian organization serving abandoned children. She's the author of "I Kidnap Girls: Stealing From Traffickers, Restoring Their Victims".</p> <p>Issues Covered: at risk, coercion, recruiters, types</p>

2/26/23	7:30AM	COMMONWEALTH CLUB	<p>Navigating a Turbulent Economy: Annual Economic Forecast 2023</p> <p>The Walter E. Hoadley Annual Economic Forecast presented by Bank of America.</p> <p>High inflation, rising interest rates, sweeping tech layoffs, a crypto meltdown. The recent economic news has been less than encouraging, leading the International Monetary Fund to warn of “storm clouds” descending on the global economy. At the same time, GDP in the United States grew to more than \$20 trillion in 2022. The Bay Area, largely thanks to tech, had the fastest growing economy in the United States, with GDP increasing 4.8 percent. The United States is at or near full employment. What does it all mean for workers, investors, and Americans’ pocketbooks? What impact are the Fed’s actions having?</p> <p>Michael Boskin of Stanford’s Hoover Institution, former chair of the President’s Council of Economic Advisors, will share his insights into the U.S. economy, productivity, the evolution of work and impact of tech, and whether we will tip into a recession. UC Berkeley’s Maurice Obstfeld, former chief economist at the IMF, will assess the ongoing impact of the war in Ukraine, China’s COVID woes, and other trends shaping the global economy.</p>

3/19/23	7:30AM	COMMONWEALTH CLUB	<p>Philip Taubman on George P. Shultz: The Life and Legacy of a Great Statesman</p> <p>When former Secretary of State George Shultz turned 100, he published a piece in the <i>Washington Post</i> on what he had learned over his long career. "Trust is the coin of the realm," he wrote. "If it is present, anything is possible. If it is absent, nothing is possible." Three U.S. presidents put their trust in Shultz's abilities, including Ronald Reagan, who tasked him to improve Cold War relations with the Soviet Union. Shultz, who died in 2021, also achieved success in the corporate world and in academia, serving as head of San Francisco's Bechtel Corp. and as a distinguished fellow at Stanford's Hoover Institution. A new biography, <i>In the Nation's Service</i>, offers an inside look at Shultz's legacy, from his work on Middle East peace to later efforts to eliminate nuclear weapons. Author Philip Taubman, longtime <i>New York Times</i> editor and reporter in Washington and Moscow, draws on Shultz's personal papers to shed new light on how he helped shape U.S. foreign policy, and how his style of conservatism has all but vanished from today's Republican Party.</p>
