Dear Kathy:

Our Telethon tote board, in registering a final achievement of \$54,921,586, is a reflection of the dedication and perseverance of our "Love Network" affiliates nationwide in the face of the tremendous blow dealt to the Gulf Coast by Hurricane Katrina.

That total could not have been achieved without KVRR's outstanding staff of dedicated professionals who carried on in MDA's behalf Labor Day weekend. The funds you helped raise will assure MDA's continued progress toward the day when, together, we win the battle against neuromuscular diseases.

As all of America now knows, MDA took as its own the cause of the Salvation Army's hurricane relief effort, among the beneficiaries of which are thousands served by MDA. All of us are comforted in knowing that the MDA families displaced from their homes and care providers by Katrina can look to both MDA and the Salvation Army for assistance as they begin to rebuild their lives.

You helped make the Labor Day Telethon a unique event in the history of this great country; for that you have my deepest gratitude.

Warm regards...

The officers become suspicious of the occupants (a male and two females) when they give conflicting information regarding their relationship. "REMEMBER THIS DAY" Officer Christopher Curtis of the Las Vegas Metropolitan Police Department pulls over a vehicle with numerous violations. The driver (white female) claims that the wrecked vehicle belongs to a friend and that it is a work in progress. Suspicious of the woman's demeanor the officer questions her about her history of drug use and learns that she was previously under the influence of methamphetamine.
