Re: **KCNC-TV, Denver, CO— Retransmission Consent Election, 2020-2023**

Dear Ms. Summers:

We are in receipt of notice from The City of Loveland, Colorado, d/b/a Loveland Pulse (“Loveland”) that Loveland intends to commence providing cable television services to subscribers in the Denver, Colorado DMA. Pursuant to Section 325 of the Communications Act of 1934, as amended and Section 76.64 of the FCC rules, this is to notify you that **KCNC-TV** (the “Station”), assigned to the Denver, Colorado market (the “DMA”), elects the retransmission consent option with respect to carriage of the Station’s signal on the cable system that Loveland owns and operates (the “System”) that serves communities in the DMA for the 2020-2023 election period.

It will be necessary for Loveland to obtain our express, prior, and written consent in order to retransmit **KCNC-TV**’s signal. Please contact Samira Sharif at samira.sharif@cbs.com or Mike Correia at mike.correia@cbs.com to negotiate an arrangement whereby Loveland can provide the Station’s signal to its customers. In no event may the Station be carried pursuant to the FCC’s must carry rules.

For purposes of clarification, this election letter does not authorize the System or any other video distribution system to retransmit the signal of the Station in any manner.

We look forward to building our relationship on mutually satisfactory terms and providing great programming for our shared viewers to enjoy.

Sincerely,

DocuSigned by:
