Re: Endurance Broadcasting, LLC (EBL)

KLBB(AM), Stillwater, MN

Facility Identification Number: 60646 Special Temporary Authority (STA)

BESTA-20220525AAA

Dear Mr. Smith:

This is in reference to the request filed on May 25, 2022. EBL requests a further extension of the STA granted on March 29, 2019, to continue operating from an alternate site to allow time to file the required FCC Form 301 minor change construction permit application (due to loss of the licensed site). In support of the request, EBL stated that another licensee plans to file the application to use their own existing tower (after finalizing a purchase agreement).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond
 the licensee's control, and the licensee has taken all possible steps to expeditiously resolve
 the problem.

Accordingly, the request for extension of the STA is hereby GRANTED, and ELB may continue to operate with the following facilities:

Geographic coordinates Frequency

Hours of operation Operating power

Antenna type

45° 04′ 08″ N, 92° 48′ 23″ W (NAD 1927)

1220 kHz day and night 0.020 kW

70 foot (21 meters) long-wire antenna

¹ KLBB(AM) is licensed for ND operation on 1220 kHz with 5 kW (day) and 0.25 kW (night).

ELB must reduce power or cease operation if complaints of interference are received, and must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR §1.1310. ELB must submit an e-mail to my attention to note the date the application was filed.

This authority expires on December 1, 2022.

Sincerely,

Joseph Szczesny, Engineer
