## AFFAIRS AND PROGRAMS LIST

### How Issues and Problems are identified

The following list of issues and problems was prepared by the Public Affairs Department of WCMF-FM/ WCMF-HD1, Rochester, NY.

WCMF-FM/ WCMF-HD1, on a daily and on-going basis, examines and attempts to determine the needs of the community during regular news coverage (includes TV and newspaper). Portions of public affairs programs are aired in actuality format in morning drive news broadcasts to bring additional awareness and to better highlight community concerns and issues during the most-listened-to portion of the station's broadcast day.

WCMF-FM/ WCMF-HD1 airs a minimum of 60 minutes of local public service matter in the form of PSAs weekly. Whenever possible, exposure is given to significant issues and problems faced by the Rochester, Monroe County, and Western New York area. There is no charge to air the PSAs.

The WCMF-FM/ WCMF-HD1 Public Affairs Department has listed a general overview of issues and problems for our coverage area. That overview for the Fourth Quarter 2020 is attached to this report. The list of programs that addressed these specific issues is also attached.
