**Station Advertising Contract Terms and Conditions
For
Political Candidates Only
Primary and General Election of 2018**

The terms and conditions applicable to political candidate advertising on the Station are as follows:

1. **Rates.** The Station sells 30-second and 60-second spots. Billboard sponsorships and program sponsorships are not available for purchase. Most rates sold on the Station are arrived at on an individually negotiated basis. Individually negotiated spot packages are available for purchase by political candidates. Negotiated buys may, for example, include spots in a number of different rotation or dayparts and combinations of different classes of spots. Rates for most classes of time can vary on a weekly basis, based on supply and demand, which can affect the Station's lowest unit rate. When the Station's lowest unit rate becomes lower than the lowest unit rate offered to a political candidate, Station will adjust the rate accordingly for the candidate.

2. **Identification.** All political ads must comply with the identification requirements of 317 of the Communications Act. The Station reserves the right to insert such identification into any advertisement that fails to include the requisite identification even if the insertion of the identification causes a portion of the advertisement to be deleted. For a candidate to receive the lowest unit charge for the class of time purchased, **all candidate or ads referring to political candidates must contain a statement at the beginning or end that the candidate approved the broadcast and states that the candidate or the candidate's authorized committee paid for the broadcast and their party affiliation.**

Independent political advertisers must clearly state that no candidate authorized the advertisement but must list the top five contributors in excess of \$700 in the past twelve months prior to the advertisement. If the sponsor is a political committee controlled by an individual, corporation, union, association or other entity, the full name of that entity or individual must be included.

3. **Political Agreement.** A signed Agreement Form for Political Broadcasts (PB-18) must accompany any order. This form must list the directors or officers of the political entity purchasing the time.
4. **Proof of Candidacy.** The Station requires the candidate to produce proof that he/she is a legally qualified candidate. Candidate will only receive the lowest unit rate if in compliance.
5. **Notice.** Orders must be placed at least three business days in advance of start date. Copy changes or cancellations require at least one business day's notice. Audio and written instructions must be delivered to the station in advance of the scheduled air date. Deadlines for contract changes and commercial materials are:

4pm Thursday for Monday's Log
4pm Tuesday for Thursday's Log
4pm Friday for Tuesday's Log
2pm Wednesday for Friday's Log
4pm Monday for Wednesday's Log

6. **Production Facilities.** The Station's production facilities will be available to produce commercials for political advertisers on the same terms as provided to commercial advertisers.
7. **Schedules.** Although the rates charged by the Station are based upon the use of 30-second and 60-second spots, the Station will also try to accommodate requests for advertisements of non-standard lengths.

**DISCLOSURE STATEMENT
2018 POLITICAL ADVERTISING**

This Disclosure Statement is provided as general information pertaining to political advertising as required by the rules and regulations of the Federal Communications Commission (“FCC”), and is not intended to be a part of any advertising sales contract, which is governed by applicable law and its own terms. Practices and policies described herein are subject to change at the Station’s discretion, to the extent permitted by law.

The following practices and policies apply to the purchases of radio advertising time by legally qualified candidates for public office and ballot issues during election cycles.

Federal Candidates

In order to qualify under political advertising, candidates or their representatives may be asked to demonstrate that they are legally qualified. Legally qualified **federal** candidates are entitled to purchase commercial time on the Station for their election campaigns. The Station will consider all commercial time requests for such candidates and will make reasonable accommodations to meet such requests. Although a **federal** candidate has the right to “reasonable access” to the facilities of the Station for the airing of political advertisements, the Station retains the right to limit the amount of time sold to a candidate and has ultimate discretion with respect to the placement of political advertisements on the Station.

State and Local Candidates

In the Station’s sole discretion, the Station can choose to grant access to the purchase of commercial time for **state** and **local** political candidates. Such decision by Station is based on the level of public interest pertaining to specific public offices and the availability of Station’s commercial inventory. For a determination as to whether the Station will make commercial time available for certain local or state races, see **Station Advertising Contract Terms and Conditions**.

Lowest Unite Rate

During the 45 days preceding a primary election and the 60 days before a general election (political windows), the Station charges qualified political candidates the “**lowest unit rate**” for advertisement when the advertisement constitutes a “**use**” of the Station’s facilities, as defined by the FCC. During any time period outside of the 45-day and 60-day windows, the advertising rates charged for political candidate advertisements are to be no higher than those rates charged to other advertisers for comparable use of the Station’s facilities.

For political advertisement that does not constitute a “**use**,” including advertisement purchased by non-candidates or third-party political entities, it is sold at the Station’s discretion and at prevailing commercial rates. For the purchase of political advertising within the political windows that is independent of the political candidate, the “**lowest unit rate**” provision does not apply.

If a political candidate advertisement constitutes a **use**, the Station is required to offer opposing candidates “**equal opportunities**” to use the facilities of the Station as established by federal law.

Ballot Issues

In regard to the purchase of political advertising for ballot issues and measures, it is sold at the Station’s discretion and at prevailing commercial rates.
