VC=Virginia Conversations on WFFC, WWVT, WVTW, WRIQ, WQIQ

the *Journal of Applied Behavior Analysis* (1974), and the *Journal of Experimental Psychology* (1975).

There are a number of reasons why the *Journal of Applied Behavior Analysis* is the most widely read journal in the field. First, it is the only journal in the field that is published quarterly.

Second, it is the only journal in the field that is published by a professional organization, the Association for Behavior Analysis.

Third, it is the only journal in the field that is published by a journal publisher that is known for its high quality of publication.

Fourth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of editing.

Fifth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of circulation.

Sixth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of distribution.

Seventh, it is the only journal in the field that is published by a journal publisher that is known for its high quality of advertising.

Eighth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of subscription.

Ninth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of circulation.

Tenth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of distribution.

Eleventh, it is the only journal in the field that is published by a journal publisher that is known for its high quality of advertising.

Twelfth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of subscription.

Thirteenth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of circulation.

Fourteenth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of distribution.

Fifteenth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of advertising.

Sixteenth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of subscription.

seventeenth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of circulation.

Eighteenth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of distribution.

Nineteenth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of advertising.

Twentieth, it is the only journal in the field that is published by a journal publisher that is known for its high quality of subscription.

Twenty-first, it is the only journal in the field that is published by a journal publisher that is known for its high quality of circulation.

Twenty-second, it is the only journal in the field that is published by a journal publisher that is known for its high quality of distribution.

DATE	PROG.	TIME	TOPIC	GUEST(S)
1/4/2013	VC	9:00	Rail in Virginia RADIO IQ IP LIST	May-Lily Lee interviews Thelma Drake, Director of the Va. Dept. of Rail & Public Transportation, and Ross Capon, President & CEO of the National Association of Railroad Passengers
1/5/2013	Climate One	14:00	Energy & Building Innovation	Entrepreneurs in Silicon Valley and elsewhere are working on better ways of powering the American economy. Some are developing new solar and wind technologies. Others are targeting commercial and residential buildings. On the supply side of energy markets, new technologies such as hydraulic fracturing are creating jobs and boosting American competitiveness. But there is concern that the boom in natural gas may have hidden costs lurking below. Innovating our way to a cleaner economy, on Climate One. This program was recorded in front of a live audience at the Commonwealth Club of California.
