To help people prepare sheltering plans for severe weather.	April 17th through April 21st, 2023 was Severe Weather Awareness Week in Minnesota with April 20th as the designated statewide tornado drill day.	Each day of Severe Weather Awareness Week was dedicated to a certain weather topic. Thursday's topic was tornado drill day. On Thursday, April 20th, KLFN along with our sister stations, transmitted the mock tornado information at 1:45 pm while the statewide tornado drill was going on. We aired a recorded statement from Lakeland Broadcasting talking about the importance of having a sheltering plan in place for your home and work. Then at 6:45 pm, KLFN also transmitted the mock tornado information and announced that the voluntary mock tornado drill was going on.

Recognizing the achievements of local students as they reach the milestone of graduation.	We like to recognize area students for their hard work.	We created a Class of 2023 Photo Wall on our websites where seniors (and their parents) were able to submit their senior photo. We also gave away 2 - \$500 scholarships in a random drawing of all those entries received.
