IQQQ HD-3/Journeys

Sunday, July 1st

6:00-7:00am

Fernbank Museum of Natural History: The Scoop On Poop

Fernbank Museum of Natural History is one of the 10 largest natural history museums in the United States. With its permanent exhibit, "Giants of the Mesozoic," Fernbank became the first museum in the world to assemble a collection of the world's largest dinosaurs. Beyond the ferocious beasts menacing visitors in the 86-foot-tall Great Hall, the exhibit, "A Walk Through Time in Georgia," recreates the Earth's natural history using Georgia's landscape, vegetation, wildlife and fossils.

In addition to its permanent exhibits, Fernbank also hosts touring exhibits throughout the year. Fernbank spokesperson Brandi Berry came in to discuss the latest exhibit, The Scoop on Poop: It's the #1 exhibit about #2. Fish do it, frogs do it, pythons, eagles, and elephants do it, yet poop is one of those subjects we find difficult to talk about with a straight face.

Listen in on a bear's digestive system, learn the language of poop in countries around the world, examine fecal samples in a veterinarian's lab, compete in dung beetle races, track wild animals by clues left in scat, see how long it takes an elephant to poop their body weight, and meet a dinosaur dung detective in this fascinating exhibition that reveals what we can learn about animals by examining what they leave behind.

Career Counseling: Weathering Today's Job Market

In these uncertain economic times people either find themselves unemployed or at a disadvantage with their employer. Each month Career Counselor Hallie Crawford comes in to discuss these issues as well as new tips on how to be viable in the current market. Among the topics are finding the right job/your perfect job; staying in the same field or new job training; and the benefits of being employed while pursuing a new career.

Georgia is still reporting around 9% unemployment but there is optimism in the job market. People's job outlook has also changed and they're finding their jobs are more assets and job hopping and testing are no longer a

realistic approach. On this segment Hallie shared five tips for weathering today's job market including tips on networking and realistic goal achievement.

Sunday, July 8th

6:00-7:00am

GI Specialists/Hep C Part 2

GI Specialists of Georgia combine over thirty years experience with the latest diagnostic technologies and breakthrough research to provide the highest quality digestive medical care available.

Patients receive individualized care in a professional, supportive and educational environment.

Dr. Sheik to discuss the progress made in diagnosing as well as treating those suffering from Hepatitis C.

Hepatitis C is an infectious disease affecting primarily the liver, caused by the hepatitis C virus (HCV). The infection is often asymptomatic, but chronic infection can lead to scarring of the liver and ultimately to cirrhosis, which is generally apparent after many years. In some cases, those with cirrhosis will go on to develop liver failure, liver cancer or life-threatening esophageal and gastric varices.

Be The Match

The National Marrow Donor Program and our Be The Match Foundation are nonprofit organizations dedicated to creating an opportunity for all patients to receive the bone marrow or umbilical cord blood transplant they need, when they need it.

Every year, thousands of people of all ages are diagnosed with leukemia and other life-threatening diseases. Many of them will die unless they get a bone marrow or cord blood transplant from a matching donor. Seventy percent of people do not have a donor in their family and depend on our Be The Match Registry® to find a match to save their life.

Be The Match offers people the unique opportunity to help a patient by donating bone marrow or umbilical cord blood. Thousands of patients with leukemia and other life-threatening diseases depend on the Be The Match

Registry to find a match. Representatives from Be The Match and Northside came in to discuss and dispel some of the myths of marrow donation.

Sunday, July 15th

6:00-7:00am

Georgia Department of Transportation

Jill Goldberg, Deputy Press Secretary from the Georgia Department of Transportation, came in to discuss the opening of the emergency lanes on Georgia 400 for morning and afternoon commuter traffic. Ms. Goldberg also discussed upcoming road projects they may impede traffic and to promote the Peach Pass.

The Georgia Department of Transportation (GDOT) is the organization in charge of developing and maintaining all state and federal roadways in the U.S. state of Georgia. In addition to highways, the department also has a limited role in developing public transportation and general aviation programs. GDOT is headquartered in downtown Atlanta and is part of the executive branch of state government.

Wellstar/Bariatric

Bariatric surgery is a weight-loss option for people who are morbidly obese and unable to sustain lasting weight loss with conventional weight loss methods. Bariatric surgery reduces the size of the stomach and, depending on the procedure, impedes nutrition through malabsorption, a process that keeps the small intestine from absorbing nutrients.

The National Institute of Health's criterion for weight-loss surgery includes patients with a body mass index, or BMI, greater than 40. Body mass index is a measure of a person's weight in relation to their height. Patients who have a BMI greater than 35 may also be surgical candidates if medical treatment is required for significant obesity-related medical problems such as diabetes, high blood pressure, sleep apnea or disabling osteoarthritis.

WellStar's Bariatric Surgery Program is recognized as one of the top programs in the country. The American Society for Metabolic and Bariatric Surgery and the Surgical Review Corporation, in conjunction with Dr. Dennis Smith, Jr. of Advanced Obesity Surgery, have designated WellStar

Kennestone Hospital as a Bariatric Surgery Center of Excellence (BSCOE). Center of Excellence programs demonstrate excellent surgical outcomes, ongoing staff education, experienced consultants and a full line of equipment necessary for quality surgical care.

Dr. Fritz Jean-Pierre from the Wellstar Bariatric came in to discuss their program and healthy weight loss as well as surgical options.

Sunday, July 22nd

6:00-7:00am

Clean Air Campaign

Formed in 1996 by government, business, civic, health, environmental and educational organizations, The Clean Air Campaign is a nonprofit organization that works collaboratively with other organizations to foster voluntary behavior changes among individuals and employers.

Collectively, these organizations work with more than 900 employers to mitigate traffic congestion and improve air quality.

To accomplish this mission, The Clean Air Campaign offers a variety a voluntary programs and services, including free employer assistance, financial incentives, public information and programs for schools. They focus on both congestion and air quality because they are linked-vehicle emissions contribute to smog formation. Reducing traffic congestion also improves quality of life in the region.

Clean Air Campaign Executive Director, Tedra Cheatham, discussed pollution problems and solutions for the metro-Atlanta area. Atlanta is currently rated 3rd worst in commutes in the United States. Among the topics discussed were the Clean Air Campaigns Commuter rewards, an incentive program open to commuters in the metro Atlanta area; teleworking; carpooling and metro transit opportunities.

Career Counseling: Weathering Today's Job Market

In these uncertain economic times people either find themselves unemployed or at a disadvantage with their employer. Sunday, August 26th

6:00-7:00am

Georgia Production Project

The Georgia Production Partnership (GPP) is a not-for-profit coalition of companies and individuals who are active in the state's film, video, music, and interactive game industries.

Established in 1995 as a 501(c)(6) corporation, GPP was founded by a handful of Atlanta film industry pioneers. GPP has worked tirelessly on the formulation and passage of, what is officially called, **The Georgia Entertainment Industry Investment Act of 2008**. Providing research, resources and support to the Georgia Film, Music & Digital Entertainment Office, GPP members celebrated the passage of, what has been called by numerous media and network executives as, "one of the best state tax incentives bills in America." The results speak for themselves – a total of 25 feature films, TV movies, TV series, and television pilots have been produced in Georgia in the last 14 months. And, there's more on the way.

Representatives from the Georgia Production Partnership came in to discuss their September fundraiser.

Paws In The Park

Paws in the Park 2012 was the second annual charity dog walk benefiting Atlanta Pet Rescue & Adoption. Last year in their inaugural year they raised over \$144,000. As Atlanta Pet Rescue & Adoption's largest fundraiser, this walk raises funds that directly benefit the animals at their no-kill shelter.

Atlanta Pet Rescue & Adoption (APRA) is a non-profit, volunteer-based, no-kill shelter dedicated to rescuing and rehabilitating dogs and cats so they can be adopted into safe and loving forever homes.

Paws in the Park is a full day of activities for you, your dog and the whole family. There were demonstrations including K-9 nose work, sheep herding, Police Dog Work and agility training. Various rescue groups attended and had dogs and cats for adoption. Other non-profit groups were there to help educate and inform the public on animal related issues.

Sunday, September 2nd
7:00am

6:00-

Camp Twin Lakes

On Saturday, September 29th Stone Mountain Park hosted the 33rd Annual Great Miller Lite Chili Cookoff; Camp Twin Lakes single, largest annual fundraiser. Camp Twin Lakes is a network of camps providing life-changing camp experiences to thousands of Georgia's children with serious illnesses, disabilities and other challenges each year. They collaborate with over 50 different organizations, each serving a different population, to create customized programs that teach their campers to overcome obstacles and grow in their confidence and capabilities. Camp Twin Lakes provides programs at various state-of-the-art locations throughout the state of Georgia, including camps in Rutledge, Winder, Warm Springs, children's hospitals, and more.

Prior to Camp Twin Lakes' opening in 1993, special needs groups in Georgia lacked adequate facilities to hold their camp programs. Today, Camp Twin Lakes partners with these organizations to provide high quality, fully-accessible recreational activities in a medically supportive environment. Camp programs are customized for each group of campers.

Since its opening, Camp Twin Lakes has welcomed more than 50,000

children and volunteers. Each year, thousands of campers and volunteers head to CTL-Rutledge and CTL- Will-A-Way for weeklong summer sessions and year-round weekend retreats.

Career Counseling: Interviews

In these uncertain economic times people either find themselves unemployed or at a disadvantage with their employer. Each month Career Counselor Hallie Crawford comes in to discuss these issues as well as new tips on how to be viable in the current market. Among the topics are finding the right job/your perfect job; staying in the same field or new job training; and the benefits of being employed while pursuing a new career.

Jazoo

Zoo Atlanta welcomes the 5th annual JAZZOO Atlanta on Saturday, October 13th to raise awareness and support the Zoo Atlanta. The event will feature Atlanta's best restaurants, full open bar all evening long and four stages featuring a variety of music and entertainment. All proceeds will benefit the new Animal Care Complex.

The new 8,000 square foot Animal Care Complex will be more than twice the size of the Zoo's outdated clinic and will feature modern necessities such as digital x-ray machines, endoscopic surgical equipment, and, most significantly, sufficient and dedicated quarantine space for a facility of Zoo Atlanta's size and stature.

Zoo Atlanta is an Association of Zoos and Aquariums (AZA) accredited zoological park in Atlanta, Georgia. Zoo Atlanta houses over 1,500 animals representing more than 220 species. The zoo is home to the nation's largest zoological collections of gorillas and orangutans and is one of only four

zoos in the U.S. currently housing giant pandas.

AIDS Walk Atlanta

AIDS Walk Atlanta & 5K Run is the largest AIDS-related fundraising event in the Southeastern United States.

Now commemorating 22 years of walking and running, AIDS Walk Atlanta & 5K Run continues to raise much needed funds for AIDS Service Organizations throughout the metro-Atlanta area. These organizations provide essential programs and services for men, women, and children who are infected with or affected by HIV/AIDS.

AIDS Walk Atlanta & 5K Run benefits people living with HIV/AIDS, and helps prevent new HIV infections with more than 85,000 education program participants right here in Atlanta. Since its inception 22 years ago, AIDS Walk Atlanta & 5K Run's impact in Atlanta has expanded, exposure increased and reputation flourished.

AID Atlanta and the 8 participating agencies who benefit from AIDS Walk Atlanta & 5K Run provide treatment and medications, prevention education, meals, hospice, mental health services, child care, substance abuse counseling, pastoral care, and clinical research to help thousands of our families, neighbors and friends living with, affected by, and at-risk for HIV/AIDS in Atlanta.

**Sunday, September 16th
7:00am**

6:00-
