Topic: Suspicious pressure cookers being placed on New York subway caused emergency evacuation

Two suspicious pressure cookers were placed on the platforms of subway stations at downtown New York City on the 16<sup>th</sup> of August 2019 which caused quite a panic to the Friday morning commutes. Police immediately evacuated crowds, blocked the nearby roads and finally confirmed that it was just a scare and no explosions found. However, it had caused traffic chaos throughout New York in the morning. Police later on posted photos of the suspicious

individual and also found from the surveillance camera of the suspect making purchase of the pressure cookers. Investigation report stated that the suspect is a 26 years old from Bruno, West Virginia.

Topic: New Design for New York State's License Plates Reveiled

The New York State Department of Automotive Supervision (DMV) announced the voting results on the new design for New York license plates. Nearly half of the votes were given to license plates design that contains the image of Niagara Falls, the Statue of Liberty and the Manhattan skyline. The blue and white and golden license plates that are currently in use will be replaced by the new design in April 2020. However, the plan to gradually replace the old plate with the new design plate was immediately come under fire. Governor Andrew Cuomo is being questioned that he lets "public use" to commemorate his father because one of the five designs features Mario Cuomo Bridge as the main design. In addition, the state announced that the old license plate that are in use for more than ten years must be renewed, and the owner must pay \$25 for the new design plate, plus an additional \$20 for keeping one's original license plate number. And there is no reason to increase the burden on the owner of the car. Audiences called in to share their opinions on the subject.
