Dear Licensee:

This refers to your request dated September 25, 2018, requesting special temporary authority (STA) to operate at variance. You indicate that it is essential that KTIV employ a different antenna during the replacement of its licensed antenna system for post-auction operation on Channel 14 since the STA will enable KTIV to continue operations on Channel 41 during the construction phase of its transition to Channel 14. You mentioned that the interim antenna will be side mounted below the licensed antenna height and will operate with reduced effective radiated power (ERP).

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **March 27, 2019**.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is written in a cursive style and extends to the right, crossing a horizontal dashed line.
