Broadcasting 24 hours a day, seven days a week, KHSM (Radio Bilingüe) provides North Coast California with more than 95 hours of news and information every week. We cover a full range of issues of concern to our local audiences.

The news staff determined the following issues of local concern in conversations with a number of residents from our broadcast area.

- Arts & Culture
- Agriculture & Environment
- Justice, Law, & Public Safety
- Politics & Public Policy
- Public Health
- Science

Among the programs Radio Bilingüe offers are:

Open line: Línea Abierta is the first — and only — daily talk and commentary program that connects Spanish-speaking audiences throughout the United States and Mexico. Every weekday, Línea Abierta offers one hour of news, analysis, reports, interviews and round tables in Spanish, special series and call-in programs, on topics such as health, politics, the environment, education, arts and culture, race relations, immigrant rights and more. Latino experts and audience members exchange views and relevant information, in a dialogue moderated by our experienced drivers.

Archive: La Placita Bilingüe: La Placita Bilingüe is a community forum broadcast every Tuesday morning from 10 a.m. to 11 a.m. Pacific Time, featuring guests with in-depth knowledge of their respective fields, as well as calls from our listeners about the most pressing community concerns, which include legal rights, voter information, parenting, schools, events, worker health and safety, family communication, nutrition, community efforts to create healthier environments, new opportunities in the arts, and much more.

Community Alert: A live, interactive current affairs program, airing Tuesday, Wednesday, and Thursday mornings, focusing on the most pressing community concerns, including immigrant rights, navigating the health care system, obesity and diabetes prevention and management, community organizing efforts, jobs, college readiness, environmental justice, preservation of indigenous languages and pride cultural, community events and much more.

Latino USA: Founded in 2010 by award-winning journalist Maria Hinojosa, Latino USA is committed to telling stories often overlooked by mainstream media by expanding narratives, reporting on issues where there is a lack of racial equity. Latino USA is the longest running national Latino news and cultural public radio program.

In addition, Humboldt State University stations are a part of the Emergency Alert System and air the required weekly and monthly EAS tests, as well as the annual nationwide EAS test.
