[California Ballot.](#)

Posted on **July 9, 2020**

THURSDAY, JULY 9 PROGRAM # 8940 12:00 PM PT

California Ballot. Most of California's 14-member 2020 Citizens Redistricting Commission were selected from a list of applicants and no Latinos are on this list. This initial group is now responsible for selecting the next six members of the commission. Advocates warn that Latinos are the only racial/ethnic group to be underrepresented in this process. On other news, in California, after action from the state legislature, two key measures will be on the state ballot in November: constitutional amendment ACA 5 would repeal California's 24-year ban on affirmative action in public contracting, public employment and public education, and ACA 6, which would allow people on parole for felony convictions to vote in California after they have completed their state or federal prison terms.
