[California Bans Controversial Farm Pesticide.](#)

Posted on **May 15, 2019**

WEDNESDAY, MAY 15 PROGRAM # 8607 12:00 PM PT

California Bans Controversial Farm Pesticide. California is banning chlorpyrifos, a toxic pesticide commonly used in Central Valley crops that has been linked to brain damage. The process to phase it out will take up to two years. In the meantime, the state will help farmers to move to alternative pest-control methods. Environmental leaders from rural communities comment on the importance of this development.

[California acts to ban the pesticide chlorpyrifos](#)

Posted on **May 9, 2019**

Chlorpyrifos is used to control pests in a variety of crops, including alfalfa, almonds, citrus, cotton, grapes, and walnuts. Its use has declined in the last decade as California growers have opted for safer alternatives.
