### **Mauro F. Guillén**

Professor of Management and Vice Dean for the MBA for Executive Programs, The Wharton School of the University of Pennsylvania; Author, *The Perennials: The Megatrends Creating a Postgenerational Society*

### **In Conversation with Ray Suarez**

Host, KOED's "On Shifting Ground"; Author, *We Are Home: Becoming American in the 21st Century: an Oral History*

In today's world, the acceleration of megatrends—increasing longevity and the explosion of technology, among many others—is transforming life as we know it.

Leading sociologist and business economist Mauro F. Guillén explains that a new post generational workforce known as "perennials"—individuals who are not pitted against each other either by their age or experience—will level the playing field so everyone has a chance at living a rewarding life.

Public Affairs

Day: Sunday Date: 10.08.23

Time: 5:30 am Duration: 30 min

Topics: Climate Change Motivation

### **Jane Fonda**

Activist; Actor

### **Greg Dalton**

Founder and Host, Climate One

Jane Fonda has spent the last several decades fighting for Indigenous peoples' rights, economic justice, LGBTQ rights, protesting the War, gender equality, ending the Israeli occupation of Palestinian territory, and more. Now, she is devoting herself to the climate emergency via Fire Drill Fridays.

### **Kashmir Hill**

Enterprise Reporter, The New York Times; Author, *Your Face Belongs to Us: A Secretive Startup's Quest to End Privacy as We Know It*

### **In Conversation with Casey Newton**

Founder and Editor, Platformer; Co-host, "The New York Times Hard Fork" Podcast

Hill tracked the improbable rise of Clearview AI and its astounding collection of billions of faces from the internet. Google and Facebook decided that a tool to identify strangers was too radical to release, but Clearview forged ahead, sharing the app with private investors, pitching it to businesses, and offering it to thousands of law enforcement agencies around the world.
