Quarterly Listing of Educational and  
Instructional Programming For Children

October 1 through December 31, 2019

### Full-Length Children's Educational and Informational Programming

Each of the Fox network series has been developed by a creative team of programmers, educators and early childhood experts to ensure that the content is both entertaining and developmentally appropriate. Rather than focus on curriculum already addressed in existing pre-school programs, the Fox Children's Network has dedicated its educational agenda to those issues not always found in the classroom, but are just as important to the development of happy, healthy youngsters. Socialization, music and movement, and nature and the environment are at the core of each lesson. The Fox Network has open captioned some of these programs as an aid to teaching children how to read. Those programs have been identified.

#### XPLORATION EARTH 2050

**XPLORATION EARTH 2050** aired Mondays, 7:00am-7:30am, from October 7 through December 30, 2019. This program strives to answer questions about where advancements in science, technology, engineering, and mathematics may lead us in the future. Scientists, inventors, doctors, science fiction writers, and creative thinkers add their input about what the world may look like in 2050. Viewers are taken on an educational adventure as the program tackles future challenges in everything from transportation to health care to the environment.

#### XPLORATION NATURE KNOWS BEST

**Xploration Nature Knows Best** aired Tuesdays, 7:00am-7:30am, from October 1 through December 31, 2019. In this program, children learn about biomimicry and see how engineers imitate nature in the design of innovative products. They learn how the Manta Ray has inspired inventions related to ocean navigation as well as military applications; and how snakes have been copied to design robots that can rescue those trapped in small spaces. This program features the incredible world of animals and plants, and the inventions inspired by them.

#### XPLORATION OUTER SPACE

**Xploration Outer Space** aired Wednesdays, 7:00am-7:30am, from October 2 through December 25, 2019. Each week, host Emily Calandrelli takes journeys through space that will both entertain and educate viewers. Ever wonder what it is like to try to perform everyday tasks while floating in zero gravity and living in a Mars-like habitat. Episodes feature space robotics, commercial space tourism, asteroids, the search for other life in space, and many other topics, including NASA-related programs as applicable to the episodes.

#### XPLORATION AWESOME PLANET

**Xploration Awesome Planet** aired Thursdays, 7:30am-8:00am from October 3 through December 26, 2019. Host Philippe Cousteau (grandson of famed undersea explorer Jacques Cousteau) brings energy to every location he visits while seeking to inspire and educate viewers in earth sciences. This program takes an in-depth look at the unique and distinct features on planet Earth, from magnificent mountains to erupting volcanoes. Viewers will not only behold the beauty of gigantic glaciers, but also discover why they formed and how they shaped our landscape. Geological experts share

their wisdom with Philippe, as he strives to understand places on, inside, and above the Earth.

#### XPLORATION WEIRD BUT TRUE

**Xploration Weird But True** aired Fridays, 7:00am-7:30am, from October 4 through December 27, 2019. This program explores topics like ancient Greece, tornadoes and ostriches by uncovering fun, strange and surprising facts. An episode example includes making paper ships together and learning the history of pirates. Children are encouraged to be curious and learn about science, history and culture through creativity and the scientific method.

#### XPLORATION DIY SCI

**Xploration DIY Sci** aired Saturdays, 7:00am-7:30am, from October 5 through December 28, 2019. Host Steve Spangler shows viewers that the world is their laboratory. He uses "everyday" items to turn th world around him into a fund and unexpected laboratory. In each episode, Spangler will demonstrate science experiments and explain how they connect to real-world innovations.

#### TEEN KIDS NEWS

**Teen Kids News** aired Saturdays, 7:30am-8:00am, from October 5 through December 28, 2019. This show provides dynamic core programming in areas of particular concern to young teens; including global, social, educational, and wellness issues. Elizabeth and select celebrity friends travel around the world volunteering in areas of specific need. "Elizabeth Stanton's Great Big World" combines exciting, fun, and diverse experience of world exploration with life-changing volunteer opportunities. In addition, Elizabeth and friends personal hands-on experience in the field both inspire teens to engage in selfless, helping behaviors, and educate them on where and how to find volunteer opportunities.
