You may be eligible for shutoff protection of your natural gas and or electric service through April 30, 2009. The Michigan Public Service Commission (MPSC) has adopted emergency rules providing increased shutoff protections for many Michigan residential customers served by companies that the MPSC regulates. Under the emergency rules, requested by Governor Jennifer Granholm because of the cold temperatures and economic conditions in our state, shutoffs are prohibited if you:

- ◆ are 65 years old or older
- ◆ have a physical or mental disability
- ◆ have a household income that does not exceed 200% of the federal poverty level (example: \$44,100 for a family of 4) and you pay the **lesser** of the following:
 - an amount equal to 7% of your estimated annual bill
 - an amount equal to 7% of your current monthly household income
- ◆ have one or more unemployed adults in your household and you meet the income requirements
- ◆ enter the utility company's equal monthly payment plan or
- ◆ reach an agreement with the utility on a specific payment amount.

Also a utility employee who will shutoff service is required to identify him/herself, the purpose of the visit and verify that the customer or a member of the customer's household does not meet any of the conditions in the emergency rule that prohibits a shutoff.

After April 30th you will be responsible for paying any amounts not paid during the shutoff period.

About

Powered by Michigan Consumers for Healthcare, our state's leading consumer voice, Enroll Michigan is a statewide network of non-profit agencies providing free enrollment support services to health insurance consumers. Enroll Michigan also works to encourage greater collaboration and information sharing among consumer groups, hospital networks, insurers and state and local government.

Enroll Michigan's statewide network of Navigators and Certified Application Counselors (CACs) are available to assist you or your small business, at no cost, in understanding your enrollment options. As the name suggests, Navigators assist consumers in "navigating" the Health Insurance Marketplace, where consumers are able to access the tax credits and cost-sharing reductions that make purchasing private health insurance more affordable.

The typical consumer in Michigan has about 43 different health plans to choose from through the Health Insurance Marketplace, which houses its online application at Healthcare.gov. Consumer choice is a good thing because, more likely, you will find a plan that is right for your budget and your healthcare needs. But more choice can also lead to confusion sometimes, especially if you have never shopped for insurance before.

If you need help navigating health reform and enrollment options in the Health Insurance Marketplace, you can find a Certified Navigator or Certified Application Counselor under the Find Local Help tab.

Sheldon Cleaners locations around the Grand Rapids area will be collecting coats through Dec. 11 for Mel Trotter Ministries. Clean and warm winter coats will be accepted at all 26 Sheldon locations.

Mel Trotter Ministries houses an average of 226 men, women and children every night, providing shelter from the elements.

"Every year, men, women and children come to us looking for coats," said Dennis VanKampen, CEO and executive director of Mel Trotter Ministries. "We are blessed to have community partners, like Sheldon Cleaners, that are willing to make sure our ministry can provide shelter, but also clean and warm coats for our guests."

Mission, Vision, & Strategy

Our Mission

To enable all young people to reach their full potential as responsible citizens through education, recreation, and other positive community experiences in partnership with the Grand Rapids Police Department.

Our Vision

To provide a world class Camp and Club Experience that assures success is within reach of every young person who enters our doors, with all members on track to graduate from high school with a plan for the future, demonstrating good character and citizenship, and living a healthy lifestyle.

Our Strategy

Boys & Girls Clubs subscribe to the theory that programs should provide youth with a Sense of Belonging, a Sense of Usefulness, a Sense of Competence, and a Sense of Power or Influence. When this has been established, the self-esteem of youth will be enhanced.

/ MICHIGAN INDOOR RADON PROGRAM**Michigan Indoor Radon Program Overview**

The Michigan Indoor Radon Program is a non-regulatory program. Its purpose is to increase awareness of the health risk associated with exposure to elevated indoor radon levels, to encourage testing for radon, and to also encourage citizens to take action to reduce their exposure once elevated radon levels are found. The program resides in the Radiological Protection Section of the Resource Management Division of the Michigan Department of Environmental Quality.

Funding from the U.S. Environmental Protection Agency (EPA), matched by state dollars, provides for a toll-free radon hotline (800-RADON GAS/800-723-6642) that citizens can call to get information on the health risk, how to test, how to interpret results, how to reduce elevated radon levels, etc. Literature is distributed free of charge, and program staff can help locate do-it-yourself test kits, professional testers, and radon reduction contractors.

For more information about the history of the radon program in Michigan, read on.

Radon was first recognized as an indoor environmental health concern in the mid-1980s, and media coverage of the issue both enlightened and alarmed the public. The Michigan Department of Public Health (MDPH) Division of Radiological Health (DRH) found itself inundated with inquiries from concerned citizens who wanted to know about the health risk, how to test their homes, and what could be done if elevated radon levels were found.

It soon became evident that radon could, indeed, be a problem in some Michigan homes, and in an effort to better characterize the health risk in this state, MDPH, with the assistance of the U.S. EPA and Michigan's local health departments (LHDs), initiated a statewide residential indoor radon survey. Conducted during the 1987-88 winter heating season with all but four of the state's 83 counties participating, the survey found that approximately 12 percent of the homes in this state would have radon screening levels

Executive Director of Ronald McDonald House of West Michigan

Publicizing their NO PLACE LIKE HOME GALA fundraiser.

It was a live auction and dinner at the JW Marriot Hotel in downtown Grand Rapids. It was Saturday, October 24.

WLAV's Tony Gates was the host and auctioneer for the event.

History

The first Ronald McDonald House opened in Philadelphia in 1974. Since then more than 300 Houses have been licensed around the world ... all have the common mission of providing a "home away from home" for the families of children seeking medical care.

The Ronald McDonald House of Western Michigan (RMHWM) opened on March 23, 1990. The 19,000 square foot facility was designed specifically as a Ronald McDonald House. Located on five park-like acres, the House has seventeen bedrooms with private baths; two are isolation equipped and two are barrier free. Common rooms include a large family-style kitchen with four complete cooking areas, a dining room, great room with fireplace, sitting room, sunroom overlooking a playground area and walking path, a laundry room, toddler playroom, children's play house, recreation room, and a quiet room when privacy and tranquility are needed.

Overview of the House

RMHWM registers over 450 families each year. Many families come in and out over an extended period of time. While guests arrive from counties throughout Michigan, other states, and even foreign countries, the majority of the families served reside in the West Michigan area.

Referrals are welcome from all hospitals and treatment programs in Grand Rapids, as well as outpatient services.

Complimentary Amenities of the House include:

- Laundry facility (ironing board, iron, laundry detergents)
- In room bedding and towels
- Dishes, glasses, flatware and cooking utensils
- Shuttle van to and from medical treatment facilities, grocery store and pharmacy.
- Food pantry stocked with non-perishable donations
- Homemade meals provided by community organizations/restaurants
- Film and book libraries
- Use of breast pumps
- Hairdryers and personal care items

Forte is a classical crossover-operatic pop sensation and arguably the most successful group to be launched off of America's Got Talent. Josh Page, Sean Panikkar and Hana Ryu, solo artists in their own right, combine their individual talents to create one incredible, multicultural vocal force. Their debut album rose to number two on the Amazon Best Sellers list, and their new album, *The Future Classics*, includes the hit single *Game of Thrones*, which has gone viral on YouTube. With their ability to bring classical power to modern music, Forte is poised to remain as the top tenor group in the United States.
