

ISSUES AND PROGRAMS LIST – TO BE COMPLETED EACH QUARTER

PURPOSE: On this form, summarize a list of several issues which confront your community and the programs you ran to address each. See 73.3526(a)(9) or 73.3527(a)(7). Do Not Rely On PSA's to satisfy this requirement. While a FCC inspector may not object, PSAs mean virtually nothing if your license renewal is challenged!

STATION:

WAVC - Mio

DATE:

10/01/18 --- 12/31/18

(retain for seven years from above date)

During the past quarter the issues shown below have been significant to our community. We ran the Programs indicated to address them each quarter.

ISSUE #1: Marijuana Proposal on Ballot

We ran the following program to address above issue from:

Strong Tower Radio - Today

Date: 10/29/18 Time of Day: 10:00 A.M. Duration: TRT 59:45:00

Brief Description of Program: (Format, participants, content, etc.) Hosts Jilane Fenner and Tom Mejeur did an unusual hard-hitting interview on the November 6th Michigan ballot proposal seeking to legalize recreational marijuana usage. They interviewed Guest #1 Amy da Silva who has a MA, IMSW, LMSW and CAADC (Certified Advanced Alcohol & Drug Counselor) Guest #2 Ben Cort who is a consultant and Board of Director of Project SAM (Smart Approaches to Marijuana). The interviews were extremely interesting as Lisa talked about marijuana's increase damage to youth users and is the gateway to them using hard drugs and the effects it has on families, society and schools. Ben, resides in Colorado, which was one of the first states to legalize recreational marijuana use and shared the lessons learned from this legalization. Ben's passion for recovery, prevention and harm reduction comes from his own struggles with substance abuse. Sober since 6/15/96, Ben has been a part of the recovery community in almost every way imaginable; from a recipient to a provider and a spokesperson. Ben has a deep understanding of the issues and a personal motivation to see the harmful effects of drug and alcohol abuse minimized. They both explained Michigan's proposal and its ramifications. This proposal is one of the most loosely defined least regulated laws to date. The effort to stop the legalization of marijuana will take an enormous amount of money. The pro-legalization side has become a multi-billion dollar industry across the nation. They view Michigan as a targeted, critical battleground state in both industry growth and to be the first state in the Midwest to have recreational marijuana legalized. Some of the pros against today's marijuana, which is not the same marijuana that the kids parent used in their youth, are #1. It increases criminal activity, #2. It is not good for our economy, #3. It makes for dangerous drivers. The recreational marijuana industry targets our youth and there are better alternatives to recreational marijuana legalization.

ISSUE #2 #506 – NIHB – Balanced Harmony Cultured Health

We ran the following program to address above issues from:

American Indian Living

Date: 10/28/18 Time of Day: 3:00 P.M. Duration: TRT 59:15:00

Brief Description of Program: (Format, participants, content, etc.): Host Dr. David DeRosa interviewed Guest – Michella Schulte the Director of a group called 'The Tribal Council of Michigan' that was formed in 1968 and is a consortium of all the Federal recognized tribes in Michigan. This agency was developed to help build capacity and unify the voices of the tribal communities within the State. It helps to connect needed resources to the tribal groups of members with funding and programs, especially regarding environmental issues, health issues and education for their children. Michella has a Masters in Education and Grief Counseling. The Battle Creek Kellogg Foundation is also a vital part of the tribal communities in their support and funding. Currently she is working with the tribes on a program called 'The Michigan Tribal Food Access Collaborative' which focuses on traditional food access for families especially where can they get healthy foods such as fruits, vegetables and meats. Many families face disabilities, have no vehicle to travel to food markets and therefore they eat a lot of unhealthy snack foods. These programs are needed to assist the families in every way possible in order to achieve the best medical care and healthy living environment.

ISSUE #3 Putting Your Garden To Bed For The Winter

We ran the following program to address above issues from:

Strong Tower Radio - Today

Date: 11/19/18 Time of Day: 10:00 A.M. Duration: TRT 59:15:00

Brief Description of Program: (Format, participants, content, etc.) Hosts Jilane Fenner & Tom Mejeur interviewed Guest – Tiffany Jones, better known as the Garden Girl and works for the local Wexford County Conservation District. To winterize your garden, some of the essential things that need to be done is pruning and cleaning up your garden spaces. Perennials can/need to be pruned and all dead plants need to be removed. It is beneficial to leave some of these plants for the survival of winter birds and beneficial insects. Finally harvest all above ground crops. Now is the time to plant your flowering bulbs, garlic and rhubarb. To protect young trees and/or bushes, wrap the trunks to keep the little critters from chewing and causing damage to them. Winterizing your garden spots and pruning will give your plants a better start in the upcoming Spring and Summer. You can leave below ground produce, like potatoes, beets and carrots in the ground during the winter months. November's crop of the month is Horseradish, which is a perennial and is in the same family as mustard, broccoli and cabbage. It is cultivated for its tap root and when grated makes horseradish sauce. Harvest this crop in months with r's in the name September to April.

ISSUE #4: The Art of Parenting – Aim Your Child's Heart Toward God

We ran the following program to address above issues from:

Building Relationships

Date: 12/09/18

Time of Day: 7:00 A.M.

Duration: TRT 59:45:00

Brief Description of Program: (Format, participants, content, etc.) Host Dr. Gary Chapman interviewed **Guest**

-Dennis Rainey of Family Life that is heard over 1100 radio stations in all 50 states. He & his wife, Barbara are authors and speakers and they help couples & families through their radio ministry and the many conferences that they conduct through out the county. **Program Substance:** Unfortunately, we are reaping four decades of the destruction of the family and the redefinition of a man & a women in a marriage relationship. We are seeing the results of the prior seeds that had been sown. The impact of broken homes is raising generation that do not know how to raise a family. There is a need in our nation to return to the Golden Rule and treat one another the way that we want to be treated. All people that believe in Christ need to pick up the cross daily and decide that they are going to be salt & light to the people that they touch today. Train your kids to be kind to those that they come in contact with on a daily basis. Parenting is a very hard job, but it is their job to teach and raise their children to love God and follow His ways. In the Bible, there are four key areas that clearly spell out mandates for parents in raising their children. # 1 is Relationships – teach your children to relate to God and to others. #2 is Character – to be wise and not a fool, choosing right and not wrong. #3 is Identity – emotional, spiritual & sexual identities. #4 is Mission -we were put here to love & obey God, plus to reflect His image and to do the great mission to preach God's gospel.

ISSUE #5: On-Line Banking

We ran the following program to address above issues from:

Money Wise

Date: 12/13/18

Time of Day: 4:30 P.M.

Duration: TRT 25:00:00

Brief Description of Program: (Format, participants, content, etc.) There were no guests on todays program so Hosts Steve Moore & Rob West dealt with this subject. On-line banking is offered by most banks and credit unions with varying features and services. On-Line banks are banks that have no brick or mortar branches as they are on-line only with the exception of ATM Networks. Another name for them is Direct Banks. There are approximately 90,000 brick and mortar banks in the U.S. On-Line banks do offer the best interest rates both given to you and what you would pay because they do not have a lot of over head expenses that would be required to maintain a bank building. In todays society, people want things done instantly so that is one reason for the popularity of on-line banking – you do not need to leave your home. It is important that you do not do any on-line banking or any business that you would divulge any personal business information while on a public WI-Fi.
