

Issues Programs List

Quarterly Issues Program List for Station – KPMX

May-July 2015

Assessment of Issues for this quarter: Issues important to our community are gleaned from Service Organizations, law enforcement, business owners, city/county/state employees, politicians, other media, Facebook and Twitter postings, conversations with community members at community concerts, special events and other functions.

Section I. Issues.

A. Agriculture: The many issues relating to Agriculture including government programs, the drought, planting and harvesting, and technology.

B. Government: The discussion of policies related to our government both statewide and local issues.

C. Public Safety: The discussion of traffic, weather, and community safety in our area.

D. Education: Issues relating to Public School education and community college in our community.

F. Quality of Life: Issues relating to the overall health and living conditions of our community.

Section II. Responsive Programs

The station has broadcast programming dealing with each of the above-referenced issues. Programming dealing with each issue is set out below. All interviews conducted by Andy Rice unless otherwise noted.
