**Section I. Issues**

**The station has identified the following issues as significant issues facing our community in this quarter.**

**A: Boating and Swimming Safety:** Killeen-Temple is home to two major public lakes (Belton and Stillhouse), and thousands flock to them on the 4th of July. We've reported on several drownings and fatal boating accidents in the past, and these safety tips can save lives.

**B: Responsible Fishing:** Thousands of Killeen-Temple residents rely on Lake Belton and Stillhouse Hollow Lake for water service, and the introduction of invasive species by anglers can have a negative impact on water quality and safety. An ongoing issue at both Lake Belton and Stillhouse is the clogging of water intake pipes by invasive zebra mussels introduced to the lakes in recent years.

**C: Outdoor Emergency Preparedness:** There are a number of drownings and deaths from exposure at Lake Belton and Stillhouse each year, and many could be prevented if the victims had the proper safety and emergency equipment. Summer is the busiest season for activity on the lakes, so it's important to share this information with the public.

**D: Volunteers Sought to Take Retired and Active Duty Military Fishing on Local Lakes:** Killeen-Temple is home to Fort Hood, the nation's largest Army base. Soldiers stationed at Fort Hood, many of whom are being treated for PTSD, benefit from the annual Fishing for Freedom tournament, during which local anglers take soldiers out on the lake for a free fishing tournament and fellowship.

**E: Changes to State and Local Hunting Laws:** Central Texas is home to a huge population of local hunters and great lands to hunt on. Constable Fred Churchill provided information about changes to state and local hunting laws and how they impact Bell County, specifically new legislation removing the requirement that those hunting hogs on private land have a license.

**F: Statewide Change to Hunting License Requirements:** Constable Fred Churchill discussed a change to Texas hunting laws allowing hunters to carry a digital rather than a physical copy of their hunting license, but only in specific situations. Thousands hunt and fish around our local lakes and on leases in the Killeen-Temple area, and this information will help ensure they do so safely and legally.

**G: New Texas Law Requiring Boaters to Wear Killswitch Device:** Billy Conway provided details about a new statewide law requiring boaters to wear a killswitch in case of an emergency while operating a vessel. Boating accidents have claimed the lives of both boat operators and people sharing the water with vessels on Lake Belton and Stillhouse, and knowledge of this law could help save lives.

**H: Free Children's Clinic:** With many students in Killeen-Temple headed back to school and and in need of annual check-up's, Lyle Meeker with the Temple Breakfast Lions Club shared details about a free children's clinic being offered at South Belton Middle School.
