**Quarterly List of Programming Responsive to Issues of Community Concern
First Quarter 2024
JANUARY 1, - APRIL 1, 2024**

In our continuous pursuit to remain the most reliable resource in the African American community, WYCB 1340 AM is committed to delivering culturally pertinent integrated content that informs, entertains, and inspires our audience. We focus on broadcasting programs that address issues pertinent to Washington, DC and its neighboring regions. We also ensure GDPR compliance across all our digital platforms, including social media and websites. Here is a concise overview of the key issues we address and the crucial ways we tackle them in our station.

Most significant programming treatment of issues in the First Quarter of 2024:

Section 1. Issues

The station has identified the following issues as significant issues facing our community in this quarter:

A. History and Travel: The focal points of discussion include the unprecedented humanitarian crisis in Gaza, worsening daily, and the historical events of our community with their present-day repercussions.

B. Education: Discussions on public school education, Critical Race Theory (CRT), CHATGPT, Artificial Intelligence, and other community concerns are the topics of interest.

C. Health & Safety: The main focus is on engaging specific populations within our community by featuring on-air guests who serve as counselors specializing in promoting healthy lifestyle choices. D. Politics:

Created by: Charles Butler Edited by: Ron Thompson

B. EDUCATION

January 16th

Issues: Dr. Asifa Shafi, Geriatric Optometrist, Peepers Family Eye Care Mr. Gregory Poole, Comedian and Author.

In recognition of January as “National Glaucoma Awareness Month”, the topic of discussion focused on the importance and essential measures for healthy eye care, especially for the geriatric population. Also, the radio discussion highlighted and promoted Mr. Poole’s book, “A Funny Thing Happened On The Way To My Sixties”.

Duration: 30 minutes

January 23, 2023

Issues: Dr. Panagis Galiatsatos, Assistant Professor, Johns

Hopkins University School of Medicine and National

Spokesperson for the American Lung Association

In recognition of “Healthy Lung Month”, the discussion focused on the importance and essential healthcare measures that are needed to protect our lungs. Also, it was an opportunity for Dr. Galiatsatos to share the mission and current initiatives of the American Lung Association.
