Topic: Terrorism must not be rewarded. Today on Insight, John and Josh Rosenstern discuss the conflict in the Middle East between Israel and Hamas with the US and many other countries getting involved in an effort to develop a timeline to create a Palestinian State. Many of the talks do not include Israel; and just yesterday, the Israeli cabinet that will reject any settlement with the Palestinians that would involve others opinions. Saudi Arabia wants Israel to pull back for a ceasefire; and is pushing for a two state solution, with the capitol being East Jerusalem. Brother Josh says that is what Gaza was supposed to be. Israeli leaders say any demilitarization will be the decision of Israel, as this is not for the rest of the world to decide. The Bible is clear, there is no room for a two state solution and Jerusalem must not be divided.
