

The following is WTSA- FM's issues and updates programming statements for October through December 2023. 96.7 WTSA FM allows local groups time to record and air public service announcements, and our staff members are regularly involved with local charities. Here is an itemized issue and updates programming report, or local news and items covered during the period of the 4th Quarter of 2023. This is not meant to be a complete list, only a representative sample.
