## EEO PUBLIC FILE REPORT

Covering the period from 04/01/18 to 03/31/19

Station Comprising Station Employment Unit: WLEX-TV

Section 2 Supplemental (Non-Vacancy Specific) Recruitment Activities Undertaken by WLEX-TV

### Description of activities:

WLEX-TV has offered an internship program for numerous years. The program is geared toward college junior or seniors who will receive college credit for their internship. The students are typically communications or telecommunications majors who are interested in working in the television industry. We are continuing on with this program as of the date of this report. For this reporting period, the station had 13 interns.

WLEX utilized its website along with other media outlets job banks to post our jobs.

WLEX established a mentor program for station personnel. This program began in Feb. 2004. The management teams identifies employees who we believe could benefit from learning from the experience of other managers in the station. We believe these employees could be the next leaders of our station. We are working with them to enhance their skill sets to make them better suited to management roles. We attempt to give them projects and tasks to help them grow.

WLEX has worked on providing its management team training to ensure equal opportunity and preventing discrimination. We discuss equal opportunity and discriminatory issues at least annually. This is done in our manager meetings.

WLEX provides training to its staff members who are interested in moving to higher and better paying positions within the company. Over the last two years, we have been able to hire many of our current staff for higher level jobs based upon their ability to train and prove their abilities in-house.

One of WLEX's main anchors teaches a class in Journalism at the University of Kentucky entitled Diversity in Journalism. She has taught the class for about 14 years.

Our Chief Meteorologist provides training to elementary school children on weather. His Bill's 101 has been in place since 1999. This is well received by teachers and students alike. In addition, we give tours of our station to scout groups and others upon request.

In 2017, we opened an LEX 18 mini set in the Junior Achievement Biztown. This program allows 5th grade students in our DMA to actively work in our store front to learn about different jobs in our company. This program is being well received by the students and JA staff.
